Mayor of Boston.

DEAR MR. MAYOR:

In response to a public advertisement, a copy of which is attached, sealed proposals for supplying catalogue cases, book trucks, book display cases and pertinent equipment for the new Branch Library on Adams street, Dorchester, were received and opened at the office of the trustees at 12 o'clock noon on Wednesday, February 14, 1951. They were as follows:

Ward's Stationers, Unit I, \$895; Unit II, \$3,392; total, \$4,287.

Remington Rand Company, Unit I, \$4,221.50; Unit II, \$963.50; total, \$5,185.

Because of the large variance in the prices quoted by the companies on each unit, an inquiry revealed that Ward's Stationers, the low bidder, inadvertently had put the price for Unit I under Unit II and the price for Unit II under Unit I.

Furthermore, Ward's Stationers had submitted their proposal subject to the following conditions:

1. Relief from any tax liability which may be imposed on the sale of the aforementioned equipment.

2. Relief of responsibility for failure to supply items for causes beyond the seller's control.

The matter has been discussed in full with the Law Department of the City of Boston and with the Auditing Department of the City of Boston. It is the opinion of each of these departments in view of the above-mentioned circumstances, it would be in the best interest of the city to reject the above bids and to award a contract, without public advertising, to Ward's Stationers, whose total bid had been the lower.

The trustees have therefore voted to reject the bids submitted as a result of public advertising and to request permission of your Honor to award a contract, without public advertising, to Samuel Ward Manufacturing Company, doing business as Ward's Stationers, in the total amount of four thousand two hundred eighty-seven dollars (\$4,287).

Respectfully,

THE TRUSTEES OF THE PUBLIC
LIBRARY OF THE CITY OF BOSTON,
by LEE M. FRIEDMAN,
Vice President.

SUPPLY DEPARTMENT.

Upon February 26 the Mayor approved a contract as requested in the following letter:

The practical questions will be based largely upon information contained in the July, 1946, or later editions of a manual known as the "Blue Book." This manual may be obtained from the Public Document Division, Room 116, State House, Boston, at 20 cents a copy. It is necessary that applicants obtain a copy of this manual and study it carefully.

Applicants must not bring manuals to the examination room.

The eligible list established as a result of this examination will be combined with any existing list, but the name of an applicant which appears more than once on the combined list will be certified in any one certification only from his higher rating.

Section 12 of chapter 291, Acts of 1906, as amended by chapter 153, Acts of 1935, provides as follows: "No person shall be appointed as an officer or member of the Boston Police Force unless he has been a resident of said city for at least two years immediately preceding the date of his appointment."

PARKING METERS PROFITABLE FOR CITIES.

A survey of parking meter usage in 62 cities over 100,000, recently made by the city purchasing agent of Chicago in cooperation with the National Institute of Governmental Purchasing, indicated an annual income per meter of \$74.31, or \$6.19 per month. Cities reporting an average annual income per meter in excess of \$100 included Minneapolis, St. Paul, Providence, Dayton, Long Beach, Chattanooga, Canton (Ohio), and South Bend (Indiana). Cities which reported an income of \$90 to \$100 per meter per year were Seattle, Columbus (Ohio), Richmond, Miami, Flint, Norfolk, Tulsa, Wichita, Sacramento, and Charlotte. Maintenance costs reported by 33 cities, including labor, repairs, and collections, averaged \$6.99 per meter per year, or nearly 10 per cent of the revenue.

PROCEEDINGS OF CITY COUNCIL.

Monday, March 5, 1951.

Regular meeting of the City Council held in the Council Chamber at 2 p.m., President HURLEY presiding, and all the members present.

The Reverend Dr. Frederick W. Meek, of the Old South Church, was escorted to the rostrum.

INVOCATION BY REV. DR. FREDERICK W. MEEK.

Almighty God, Who hast set us down in the midst of this city of honored beginnings and great achievements, we ask Thy gracious favor upon it, for it is a place wherein, as we live our lives, we work out our destiny in time and eternity.

Bestir, O God, the consciences of our citizens that they may never be indifferent to the deeds of public office that concern the welfare of all the people. Lead them to be sharers of responsibility and not evaders of duty.

Give Thy divine guidance to those to whom our citizenry have entrusted the responsibility of office. Let them never escape from under the weight of the fact that they live and work under the judgment of Thy moral order, and that their accounting of stewardship is to Thee as well as to themselves.

We pray for our beloved America in a dangerous day. May no false pride, may no abdication of duty, may no narrowness of purpose lead us astray. Thou hast a part for us as a people to play in Thy divine purpose, and we would fulfill it at Thy behest so that the nations of the world may be blessed, and we pray that it may be a way through peace and not through human pain and destruction.

Give us all a vision of our city fair as she might be, a city of justice, a city of peace, a city of honor, and speed the day of the fulfillment of our hopes. Amen.

The salute to the Flag was given by the members.

Coun. SHANLEY in the chair.

On motion of Councilor Coffey the order was referred to the Executive Committee.

APPOINTMENT BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the appointment of Melvin H. Ligums, 27 Abbot street, Ward 14, as constable with authority to serve civil process upon filing of bond, for term ending April 30, 1951.

Referred to the Committee on Confirmations.

DELAYING EVICTION OF TENANTS IN LOW-RENT PUBLIC HOUSING.

The following was received:

City of Boston,
Office of the Mayor, March 5, 1951.
To the City Council.

Gentlemen:
I transmit herewith communication from the Chairman of the Boston Housing Authority relative to your order of February 5, 1951, requesting that the members of the Boston Housing Authority appear before the Boston City Council at a special meeting of the Committee on Housing together with any records that relate to federal regulation in regard to income of tenants in so called low-rent public housing, and that no action be taken to remove tenants in low-rent income

projects until such time as Congress takes action on H. R. 7661, now before the Committee on Banking and Currency.

Respectfully,
WILLIAM F. HURLEY,
Acting Mayor.

Boston Housing Authority,
February 26, 1951.

Hon. John B. Hynes,
Mayor of Boston.
Subject: City Council Order of February 5, 1951, Concerning Removal of Excess Income Tenants in PHA-Aided Developments.

Dear Mayor Hynes:

The Honorable the City Council on February 5, 1951, requested through you that this Authority refrain from requesting excess income tenants to leave developments until a later date.

As you know, there are resident in developments some families who because of great increase in income must necessarily be requested to leave. There are others, however, where the excess income is not great and in these cases the Authority is proceeding slowly. It is acting on the basis that an upward revision in the income schedule in line with revised economic standards would make eligible some of the tenants who are now ineligible. The Authority has requested approval of such upward revision from the Public Housing Administration.

In addition, it should be borne in mind that two other factors are at work to prevent removal of families whose incomes have increased: one is that for the purposes of determining the eligibility of a family to remain the total income of working minors is exempted; and, secondly, there is a \$100 exemption for all nonworking minors.

The Authority is cognizant of the objectives desired and is doing everything it possibly can to achieve them.

Very truly yours,
JAMES J. MAHAR, Chairman.

ADJUSTMENT IN RENTALS OF FAMILIES OF SERVICEMEN.

The following was received:

City of Boston,
Office of the Mayor, March 5, 1951.
To the City Council.

Gentlemen:
I transmit herewith communication from the chairman of the Boston Housing Authority relative to your order of February 5, 1951, requesting that an adjustment be made in the rentals of families of men who have been called into the service and who are living in public housing, so that their rental will not surpass what they would pay if they were in low-rent public housing; and that such rental shall continue until such time as the Boston Housing Authority can place such family in a low-income project.

Respectfully,
WILLIAM F. HURLEY,
Acting Mayor.

Boston Housing Authority,
February 26, 1951.

Hon. John B. Hynes,
Mayor of Boston.
Subject: City Council Order Dated February 5, 1951, Concerning Adjusted Rentals for Tenants Called into Service.

Dear Mayor Hynes:

On February 5, 1951, the Honorable the City Council requested through you that the rentals of tenants who had been called for military service be adjusted and remain so while the tenant was in service.

I am pleased to be able to tell you that it is Authority policy that adjustment be made on all federally-aided and state-aided developments.

Under the Chapter 372 program, where there is no continuing annual subsidy and where rents are on a fixed space basis rather than on a rent to income ratio basis, adjustments cannot be made.

In such cases, however, the Authority will transfer these families into developments having adjusted rent schedules as rapidly as possible.

In this way the tenant serviceman will be able to receive equitable adjustments.

Very truly yours,
JAMES J. MAHAR, Chairman.

COMPUTATION OF INCOME OF RESIDENTS OF PUBLIC HOUSING PROJECTS.

The following was received:

City of Boston,
Office of the Mayor, March 5, 1951.
To the City Council.

Gentlemen:
I transmit herewith communication from the chairman of the Boston Housing Authority relative to your order of February 5, 1951, requesting the exemption in computing the income of residents in low-rent public housing of two thirds of all money earned by children in the family.

Respectfully,
WILLIAM F. HURLEY,
Acting Mayor.

Boston Housing Authority,
February 26, 1951.

Hon. John B. Hynes,
Mayor of Boston.
Subject: City Council Order of February 5, 1951,
Concerning Exemption of Part of Income of
Minors in Computing Family Income.

Dear Mayor Hynes:
The Honorable the City Council on February 5, 1951, asked through you that this Authority exempt two thirds of the income of working minors in computing family income.

Presumably such procedure was requested so that the net effect would be that the tenants would be charged less rent. As desirable as this may be, there is no way that such a ruling could be made effective.

Both federal and state laws require that the income of all members of the family shall be included in computing the income for fixing rentals, and there is no way in which this may be changed except by legislation.

For the purposes of determining eligibility for continued occupancy of a family, local authorities are allowed administrative discretion in exempting income of minors. In this case the Authority has established a policy of exempting the total income of minors for determining the eligibility of the family to remain in the development, but under the law must necessarily include the income in determining the rent.

Very truly yours,
JAMES J. MAHAR, Chairman.

Boston Traffic Commission,
February 26, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:
With reference to Council order of February 19, requesting that arrangements be made for the installation of traffic signal lights at Albany and Yeoman streets in Ward 8, I wish to report that this matter has been given consideration as the result of a previous request from Councilor Hurley. Over a year ago a list of lights to be installed as soon as possible was established, and an appropriation has been received for approximately forty installations. Approximately one half of the original list of lights is being held pending the receipt of an additional appropriation to pay the cost of these installations. On this list is included the intersection of Albany and Yeoman streets.

Respectfully yours,
WM. ARTHUR REILLY, Commissioner.

TRANSFER OF LAND ON EAST DEDHAM STREET.

The following was received:

City of Boston,
Office of the Mayor, February 26, 1951.
To the City Council.
Gentlemen:

By an order of your Honorable Body passed April 14, 1941, there was transferred from the Foreclosed Real Estate Division of the city to the Board of Park Commissioners vacant land at 73 East Dedham street, Boston Proper.

I have been advised by the Board of Park Commissioners that this land is no longer required for playground purposes and should be returned to the Board of Real Estate Commissioners.

I transmit herewith an order whereby the property at 73 East Dedham street may be transferred to the Board of Real Estate Commissioners.

Respectfully,
J. B. HYNES, Mayor.

Whereas, The City of Boston by a decree of the Land Court, Suffolk Registry District, dated October 5, 1936, foreclosed a right of redemption under a tax deed recorded with Suffolk Deeds, Book 5395, page 116, on about five thousand nine hundred sixty-two (5,962) square feet of land on the southwestern side of and being numbered seventy-three (73) East Dedham street, Boston; and

Whereas, The said parcel of land was transferred from the care, custody, control, and management of the custodian, Foreclosed Real Estate Division of the City of Boston, to the care, custody, control, and management of the Board of Park Commissioners of the City of Boston for playground purposes, by an order of the City Council of the City of Boston dated April 14, 1941; and

Whereas, The said parcel of land is no longer needed for playground purposes; now, therefore it is hereby

Ordered, That the above-described parcel of land be, and the same hereby is, transferred from the care, custody, control, and management of the Board of Park Commissioners to the care, custody, control, and management of the chairman, Board of Real Estate Commissioners.

Referred to the Executive Committee.

TRANSFER OF LAND ON WALL STREET.

The following was received:

City of Boston,
Office of the Mayor, February 26, 1951.
To the City Council.
Gentlemen:

I transmit herewith an order transferring approximately three thousand six hundred forty-nine (3,649) square feet of land at 28 Wall street, Boston Proper, from the care, custody, control, and management of the chairman, Board of Real Estate Commissioners, to the care, custody, control, and management of the Park Department for playground purposes.

At a meeting of the Committee on Foreclosed Real Estate of the Board of Real Estate Commissioners held February 6, 1951, the committee recommended that the request of the Park Department for the use of this land for playground purposes be granted, and I therefore recommend the adoption of the accompanying order.

Respectfully,
J. B. HYNES, Mayor.

Whereas, The City of Boston by a decree of the Land Court, Suffolk Registry District, dated November 17, 1950, foreclosed a right of redemption under a tax deed recorded with Suffolk Deeds, Book 6053, page 505, on about 3,649 square feet of land on the northeasterly side of Wall street, numbered twenty-eight (28) in the numbering of said Wall street, between an estate now or formerly of Elack Smith (numbered 30), and an estate now or formerly of Canal Street Trust (numbered 24); and

Whereas, The said parcel of land hereinbefore described is in the care, custody, control, and management of the chairman, Board of Real Estate Commissioners; and

Whereas, It is desirable that the above-described premises be used for playground purposes; now, therefore, it is hereby

Ordered, That the above-described parcel of land be, and the same hereby is, transferred from the care, custody, control, and management of the chairman, Board of Real Estate Commissioners, to the care, custody, control, and management of the Board of Park Commissioners of the City of Boston for playground purposes.

Coun. COFFEY offered the following:

Resolved, That the Boston City Council, in meeting assembled, respectfully urge the President of the United States to devise ways and means of abolishing the franking privilege of members of Congress, which has been greatly abused by certain members of Congress in allowing the use of their franking privilege to one Isidore Lipschutz of the Communist organization known as the Society for the Prevention of World War Three to send out 71,000 copies of "extension of remarks made by these certain members of Congress," in their franked envelopes; and be it further

Resolved, That no increase in the postage rates be granted or put into effect until such time as the franking privilege of members of Congress is abolished.

The resolution was adopted under suspension of the rules.

PROHIBITION OF USE OF HALL BY HARRY BRIDGES.

Coun. COFFEY offered the following:

Ordered, That the Acting Mayor of the City of Boston be requested to take immediate steps which will forestall the plans of Harry Bridges of the Communist Party who will visit Boston and plans to speak at Butler Hall, 1095 Tremont street, Boston, on March 9, by prohibiting the use of the hall for this purpose.

Passed under suspension of the rules.

DRAFTING OF 18-YEAR-OLD YOUTHS.

Coun. F. P. TRACEY offered the following:

Resolved, That the Boston City Council, in meeting assembled, this date, go on record as opposed to legislation now pending before Congress for the drafting of 18-year-old youths, and that the Massachusetts delegation in Congress be advised of this action.

The resolution was adopted under suspension of the rules.

RECONSTRUCTION OF SUNSET STREET.

Coun. F. P. TRACEY offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to reconstruct Sunset street, from Hillside street to Parker Hill avenue, Roxbury, Ward 10.
Passed under suspension of the rules.

ALLOTMENT TO RED CROSS FOR BLOOD PLASMA.

Coun. RAMSEY offered the following:

Resolved, That the Boston City Council, in meeting assembled, would like to be advised as to the statement made by Congressman Scrivener of Kansas at a committee hearing in the House of Representatives, which was printed in the Boston Herald on December 15, 1950, disclosing that out of the civilian defense appropriation for the United States, seventeen million dollars was to be allotted the Red Cross organization for blood plasma now being shipped to Korea, notwithstanding the fact that the people of the United States give this blood plasma freely without cost to the Red Cross, which conducts one of the largest and most successful drives for funds annually throughout the country, the proceeds of which are, we believe, to be used for this purpose as well as for other emergencies.
Referred to the Executive Committee.

ACCEPTANCE OF SHERMAN AND HAWTHORNE STREETS.

Coun. McCORMACK offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept, layout, and construct Sherman street, from Hawthorne to Poplar streets, Ward 19, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept, layout, and construct Hawthorne street, from Heathcote street to dead end, Ward 19, as a public highway.

Severally passed under suspension of the rules.

TENURE OF OFFICE OF CITY COUNCIL OFFICERS.

Coun. LANE offered the following:

Resolved, That the Boston City Council, in meeting assembled, hereby favors the enactment of House Bill 1735, entitled "An Act Providing for Unlimited Tenure of Office for Certain Employees of the City of Boston."

The resolution was adopted under suspension of the rules.

APPEARANCE OF BOSTON HOUSING AUTHORITY MEMBERS BEFORE EXECUTIVE COMMITTEE.

Coun. SHANLEY offered the following:

Ordered, That the members of the Boston Housing Authority be requested, through his Honor the Acting Mayor, to appear before the meeting of the Executive Committee on March 12, 1951, at three o'clock p.m., in the Executive Chambers, City Hall, Boston.

Referred to the Executive Committee.

PROPOSALS FOR SEWERAGE WORKS IN PARROTT STREET AND OUTLET IN STONY BROOK, AT CHESTNUT STREET; SUMMER STREET, FROM PARROTT STREET, 590 FEET NORTHEASTERLY, HYDE PARK.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Parrott street and outlet in Stony Brook, at Chestnut street; Summer street, from Parrott street, 590 feet northeasterly, Hyde Park. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Parrott Street and Outlet in Stony Brook, at Chestnut Street; Summer Street, from Parrott Street, 590 Feet Northeasterly, Hyde Park," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, MARCH 28, 1951, with a certified check for SIX HUNDRED (600) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the hearing room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. At exercises attendant upon the breaking of ground for the new Carney Hospital, Mayor Hynes spoke as follows:

This is an auspicious day, both in the history of our city, and in the history of the Catholic Archdiocese of Boston.

Here on this attractive site will be built a landmark of distinction in our city, and a monument to the driving genius of the Catholic Archbishop of Boston, the Most Reverend Richard J. Cushing.

Long ago, His Excellency the Archbishop realized that the Carney Hospi-

REPORT OF ROBERT C. SCHIMMEL, RADIO COORDINATOR, ON ATTENDANCE AT NATIONAL SCHOOL BROADCAST CONFERENCE IN CHICAGO, OCTOBER 16-20, 1950.

The following is a report to Superintendent Dennis C. Haley by Robert C. Schimmel, Radio Coordinator, on the Fourteenth Annual School Broadcast Conference in Chicago:

The general keynote of the conference hinged upon a consideration of the topic "Is Television a Boon or a Bane?" Because television has reached the classroom in numerous cities such consideration seemed warranted.

On the "boon" side of the question, the 7:30 P.M. meeting on Wednesday, December 13, was a revelation. The Louis XIV Room was transformed into a maze of bright lights, scenery, television cameras, and television sets to be used as viewing centers. Young actors in costume filled one side of the auditorium. Two demonstrations were given; one by the South Shore High School, which included a demonstration of TV technicalities and how language arts can be used

BOSTON A CITY WITH A SOUL — MAYOR JOHN B. HYNES TELLS MEMBERS OF CHARITABLE IRISH SOCIETY AT 214TH ANNUAL DINNER ON MARCH 17 THAT, AS THE MAJORITY GROUP IN THE CITY, THE IRISH HAVE BEEN ABLE TO PRESERVE THE IDENTITY OF CITY IN THIS CHARACTERISTIC — CITIZENS TODAY IMBUED WITH SAME SPIRIT THAT STIRRED IN THE HEARTS OF THE EARLY SETTLERS, THAT IS, A LOVE FOR INDEPENDENCE AND LIBERTY AND A LOVE FOR THE THINGS THAT ARE GOD'S.

At the 214th anniversary of the founding of the Charitable Irish Society, on March 17, Mayor John B. Hynes delivered the following address:

I am privileged tonight to be present at this 214th anniversary dinner of the Charitable Irish Society, of which I am a rather new and insignificant member.

Indeed, it is a great honor to be here as the official representative of the one great city in America which we can proudly point to as a city with a soul.

For Boston, despite its faults and its failings, despite its occasional journeys on the primrose paths which lead to decadence, is still a city and still a people imbued with the same spirit of the early settlers — a love for independence and liberty — a love for the things that are God's.

These are the characteristics which set Boston aside from the other great cities of our land; these are the characteristics which shaped the foundation stones of this nation; these are the characteristics which are, even today, the very soul of our city; the characteristics which men of Irish blood brought to Boston in overflowing measure — love of freedom, love of God.

Other large cities in our country, worshipping at the altars of worldly grandeur and success, have surpassed us in material growth and material gain, but, not one large city in America, behind its imposing façade of

brick and mortar and iron and steel, has surpassed us, or even approached us, in those two rock-bound qualities which are, at once, the substance and the core of our hopes for a continuance of the civilization we have created in this hemisphere.

Boston has done much for the Irish — the Irish have done much for Boston — and if there is one outstanding contribution men of our blood have made to this grand old city, it is this: We have nurtured and kept alive and strengthened the soul of our city, we have toughened our moral fibers, as no other city has done to such an extent, in the love of freedom and in the love of God.

We have, as the majority race in our city, preserved its identity as a city with a soul.

MAYOR HYNES TRIMS EMPLOYEES' PAY INCREASES TO FIT CITY'S FINANCIAL CONDITIONS AND ABILITY OF TAXPAYERS TO MEET BILLS — ANSWERS CLERKS' BUSINESS AGENT.

Mayor Hynes on March 22 issued the following statement on the question of increases for city employees:

I have endeavored to treat the city employees as liberally as is consistent with the financial condition of the city and the ability of its taxpayers to meet the bills involved. I believe the great majority of municipal employees will realize that a \$5 a week salary increase is as much as the city can afford this year. Mr. Ward does not have the responsibility for raising the money to cover any increases that are granted. I intend to be fair with the city employees and with all the people of Boston.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

REPORT OF HELEN F. CUMMINGS, DIRECTOR, DEPARTMENT OF SPECIAL CLASSES, ON AT- TENDANCE AT WHITE HOUSE CONFERENCE ON CHILDREN AND YOUTH, IN WASHINGTON, DECEMBER 3-8, 1950, INCLUSIVE.

The following is the report of Helen F. Cummings, on attendance at the midcentury White House Conference on Children and Youth:

The main purpose of this Conference, as stated, was "to consider how to develop in children the mental, emotional, and spiritual qualities essential to individual happiness and to responsible citizenship, and what physical, economic, and social conditions are deemed necessary to this development." That is, to secure for every child a fair chance for a healthy personality—one who is free to operate somewhere near the top of his mental capacity. We are looking at children with greater concern in 1950. They must become a moral and spiritual help to the world at large. The fundamental is the work of the individual and the development of his personality.

It was brought out in all the meetings that the most important single factor in the development of the personality and character of the child is the home in which he has grown up. Schools are not the only educational agency—home, school, church, and other social agencies are important factors in the child's life. America's number one problem is the improvement of home life.

It was the general consensus that institutions for the feeble-minded should be expanded and improved, but the chief concern was for those children who should be kept in the community, but who are unable to benefit from the usual programs. It was thought that many of these children could be trained for vocations and to function as citizens. The expansion or development of special classes for these children was urged and day-care programs for those who cannot profit from any school program. It was thought that part of this expense should be borne by the state.

These children suffer from loss of social contacts, decrease in outlet for their pent-up emotions in physical activity, serious decrease in opportunity to learn to live in child-life situations, and from problems of dependency and rejection, self-rejection, rejection by their peers, by their parents, and by the wider social community. It was very evident that the problem of the mentally handicapped child was getting more into the consciousness and consciences of our people.

The old pattern of mere detention and support in a state institution is giving way to newer emphasis to include training and education in the community. The point here is thought to be that the mass care of mentally deficient children limits the effectiveness of training and the possibility of individual approach. We are pioneers in this work in Boston, since we have been training this type child in the subspecial class for the past four years.

To aid youth in preparing for finding employment suited to their capacities,

more attention was urged to personal and vocational guidance and employment services if we are to solve this problem. Through the vocational counseling and placement service given to our pupils on leaving school by our follow-up worker, Boston is meeting this problem, also.

Special classes with special curricula adapted to individual needs was advocated. The assimilation of handicapped children into the regular school program should be attempted whenever possible. We do this in our special classes in Boston in the junior high schools, where our pupils are participating in the industrial program, auditorium activities, physical education, music, and art classes. The Office of Education has issued recently a "Life Adjustment Education" program. Every special class teacher in Boston has had a copy of this program, as it pertains to the retarded child, since September, 1950 ("Curriculum Adjustments for the Mentally Retarded"), and is following this guide.

There is one institution in America which should be entirely democratic with "a concept of service"—our schools—but we show discrimination and permit it by (1) honor rolls, (2) report cards, (3) competitiveness on the playground. We do not apply this information we have on mental hygiene to the emotions, etc. We read about this mental hygiene approach, but we do not bring the results into our classrooms. The schools must work more closely with families and the community. Teach the fundamentals—that is what children are in school for, developing total personality as well.

Reading and writing should be taught mainly as a means of communication. Let's be realistic; we are working with an inadequate curriculum. Our current war outlook should not force education to the rear. The schools are the second line of defense. "Billions for defense." What for education? The defense program has many problems which affect children. We must not handicap the lives of children who are affected by it. We must, however, equip our children to meet these problems, with our goal self-reliance and independence of spirit, and a new sense of responsibility and service.

There should be a common basis for training all people going into the various professions—law, medicine, teaching, social work. There should be courses given on family life, human relationships, etc., by specialists in psychology, psychiatry, and guidance. Sometimes, as educators, we forget that people in other areas are interested in children.

Education as secular assumes there is no God, but moral and spiritual values

are taught in our schools. We have the essence of all religions in the word "love."

EXCERPTS FROM PRESIDENT TRUMAN'S ADDRESS.

"What we want is a world order based on freedom and justice. Make our young people understand the value of our free institutions and their objectives. Make these democratic institutions more effective in their lives. Make them understand our belief in God—in 'a better life for all.' If the child has good teachers in the early grades, he will be all right. My teachers in Grades I, II, and III made an immense contribution to any character which I may have. An increased understanding of the emotional life of the child will help adult America to measure up to its responsibility to childhood.

"The future rests in the hands of the generation whose well-being—physical, spiritual, and emotional—is the subject of our discussions. And for the first time youth itself has a part in a White House program for youth. All agencies working with children and youth will now be knit more closely together as a result of this conference."

CIRCULAR LETTER NO. 4.

CITY OF BOSTON,

MAYOR'S OFFICE, March 16, 1951.

To All Department Heads.

GENTLEMEN:

In order that the employees of the city may observe Good Friday, department heads may grant leave of absence, without loss of pay, to all but the barest skeleton force on Friday, March 23, 1951, for the entire day.

Respectfully,

JOHN B. HYNES, Mayor.

MAYOR HYNES DESIGNATES SATURDAY, APRIL 14, AS CRIMINAL INVESTIGATION DIVISION ASSOCIATION DAY.

On Wednesday, March 21, Mayor Hynes issued the following statement:

The City of Boston having been selected as the site of the first reunion of members of the Criminal Investigation Division Association to be held on Saturday, April 14, 1951, his Honor, Mayor John B. Hynes, hereby designates April 14 as Criminal Investigation Association Day.

Dedicated to perpetuating the friendships and relations nurtured during World War II, the association has a proud history and a sound future.

The division performed invaluable service to the United States Army in the prevention, suppression, and investigation of crime as it related to Army personnel and military property. Its work in uncovering "black market" operations in the European theater during the last war was deserving of the highest commendation.

The agents of the division have also performed masterful service in protecting the innocently accused.

To the members of the Association Boston extends a warm welcome and a hearty handclasp.

REPORT OF ROBERT C. SCHIMMEL ON ATTENDANCE AT NATIONAL SCHOOL BROADCAST CONFERENCE.

(Continued from page 253.)

in TV. The second offering, indeed ambitious, was a complete video presentation of William Shakespeare's *The Taming of the Shrew*. However, what to me was more interesting than the demonstration itself was the report from the teacher in charge, Miss Helen Kinsella, telling how all of this activity came into being. May I briefly recount it here.

The attitude of many of the teachers at South Shore High School being that thus far there has been too much wringing of hands at the result of TV on scholastic standing, instead of bold and conclusive action, a committee was formed to do something about the whole matter. As a result, the Video Workshop was formed. The salient features of the accomplishment are these:

1. Students who never were known to read a book gladly did research to cover aspects of production.
2. The acting group immediately became conscious that proper voice is important. Exercises necessary for improvement, once a bore, became a pleasure.
3. The script group, culled from those who liked to write—but not for the teachers' waste baskets—began to produce scripts in earnest, because of the hope that they might be placed in production.
4. The criticism group reported certain professional TV programs commenting upon their educational or merely entertainment value. They passed their findings on to the writing and acting groups, so that certain faults in taste or deportment could be avoided.
5. The science group studied the technical aspects of TV, the cameras, and the many problems incidental to photographing the finished production with proper lighting and dolly shots.

The result of this co-ordination was the demonstration that 700 educators witnessed. While much remains for these youngsters to learn, they are using all the arts to produce a finished job. Learning becomes a happy process, and the final offering proved Miss Kinsella's point. Some thirty high schools in Chicago hope to have these groups working soon. Then, through the facilities of a closed circuit TV system, each school will be able to see what the other offers. This on the "boon" side.

On Thursday afternoon we had a sample of how educators felt about the "bane" of it all. Our speaker was Mr. Robert Kubicek, editor of *TV Forecast*, and our co-speaker was Mr. David Robinson, vice president of a large advertising agency. Mr. Robinson boldly said that as long as education sits idly by and lets the greatest medium for mass education slip through its hands, education deserves no better from TV. He said that programs are probably not what they ought to be and challenged the gathering to mention programs not in good taste. A cry from the audience went up for programs that are more cultured than that of Milton Berle; more studied than that of "Studio One"; more nerve-soothing than some of the programs like "Man Against Crime." Indictments hurled at Mr. Robinson can be summed up as follows:

1. TV is, for the most part, nothing but cheap vaudeville.
2. TV in nine shows out of ten caters to a mind of twelve.
3. Most TV productions repeat themselves to boredom.
4. Most programs bore the viewer to tears with the advertising.
5. TV robs the family of leisure time to be spent together, fills immature minds with tommy-rot that robs them of needed sleep, and gives the adult nothing but hour-passing platitudes.

In his rebuttal to all of this Mr. Robinson can be summed up as follows (and this gives all of us something to think about, notwithstanding):

1. TV is young. We as educators deal with the young and guide them. We should aid in guiding TV in its growth.
2. When and if the F.C.C. allows various educational institutions channels of their own, education should be prepared to show "how it should be done."
3. The mere impugning of TV is bad. A parent is responsible for what his child sees on TV, just as he is responsible for all his living habits. More blame should go to the school and the home for failing to prepare the child in what is worth viewing.
4. By being articulate and letting producers know what we want, we can improve TV programs. They are being improved and will continue to improve with the guidance of an interested public.
5. TV does not generally offend good taste. If it does, the time is almost here when a code of ethics, self-imposed by the industry, will rectify much that might be wrong.

My own general reaction to this spirited meeting was that commercial TV will, as time progresses, go hand in hand with educational programs. In most cities at the present time there are too few channels for an adequate educational output.

On Wednesday morning I served on a panel with James McAndrew, Head of Radio in the New York Schools, and with Miss Kathleen Lardie, Head of Radio in the Detroit Schools. This meeting was presided over by the Director of the Institute, Mr. George Jennings, Head of Radio in the Chicago Public Schools. It was the duty of each participant to tell something of the year's work, how it was accomplished, and to highlight a series of which he was proudest. Naturally, I mentioned our "Alert America Series," scripted by me from the book *Thirteen Who Fled*, and published by Harpers.

Strangely enough it was but a few hours later, at noontime, that I found myself receiving the national citation for this series, much humbled and saddened, of course, by the fact that our beloved Assistant Superintendent, Mr. Gerald F. Coughlin, was at that moment being buried in Boston. For it was his warm-hearted approval of all that I have tried to do, along with yours, that made the series as successful as it turned out to be.

And, to conclude, can I answer the question "Is TELEVISION A BOON OR A BANE?" It is a boon when it sparks us to new endeavors, to the utilization of old arts in a new way, to a trip mentally, through viewing new horizons, to new thinking because of personalities we meet in such close quarters, to living warmly in a world no longer strange to us. It is a bane when it rules us, jams our day into a series of hours where we sit viewing anything and everything, merely because it is offered. A bane when all our contacts with the world are in shadow. But,

used with intelligence, it can be our source of inspiration, education, and relaxation. We in Boston must look ahead. We must be prepared. We have passed the year 1950. A great future in TV education is before us. Let us learn how we can use this powerful tool, never forgetting that any mechanical gadget is but an aid to the good teacher—the rock foundation of all our educative processes.

MAYOR HYNES PRAISES ARCHBISHOP CUSHING AT BREAKING OF GROUND FOR NEW CARNEY HOSPITAL.

(Continued from page 253.)

tal, at its present location, could not continue to meet the expanding demands of those who sought help from the kind and competent hands of the Sisters of Charity. In his customary way, the Archbishop did not throw up his hands in despair nor did he nurse a dream that some wealthy philanthropist would recognize the need and supply the means. On the contrary, he went to work to raise the money for the new and modern Carney Hospital.

While there is still need for further contributions, nevertheless, with supreme courage and absolute faith in the generosity of the people of Boston, this building will be erected, and when it is, it will stand as a glorious achievement to be added to the other achievements of our beloved Archbishop.

If I may be permitted, may I interject one sad little note here today. One of the finest young surgeons and physicians of the City of Boston, who lived almost across the street, is not here on this platform or in the audience because he passed away just a short time ago. He was a great benefactor of the people of this district and a distinguished member of the staff of the Carney Hospital. I refer to Dr. Joseph V. O'Brien. May God have mercy on his soul.

May this new Carney Hospital add to its remarkable record of service to humanity, which has continued unbroken for 84 years.

May it be a peaceful, inspiring, and healing haven for all those who come through its doors, burdened in body or in mind. May it continue to do God's work here on earth.

The City of Boston is proud that the Carney Hospital, bigger, more modern, more beautiful, will continue its long history of service to the people of our city, regardless of color or race or creed.

May Almighty God bless the hands and inspire the minds of all who are part of the hospital. May He give our Archbishop the continued strength to go forward in the great work he is doing for our community.

CLAIMS DISAPPROVED.

The following 94 claims have been disapproved by the Law Department:

Boston Traffic Commission, one claim; Fire Department, seven claims; Hospital Department, four claims; Park Department, six claims; Police Department, five claims; Public Works Department, seventy claims; School Committee, one claim.

ST. PATRICK'S DAY ENTERTAINMENT FOR LONG ISLAND INMATES AND OFFICIALS.

The Long Island Hospital Welfare Committee, under the sponsorship of Commissioner John R. McGillivray, put on the first Grand Celebration in honor of St. Patrick, Sunday, March 18. Father John Kinneen celebrated Mass in honor of St. Patrick, in the newly renovated Long Island chapel.

The entertainers, Dot Slamin and her American Legion Band, with Irish dancers, under the direction of the O'Keefe sisters, toured the hospital wards in the afternoon and put on a complete show in the evening in the auditorium. Refreshments and St. Patrick's Day emblems were distributed to all the patients.

The members of the committee were Father John Kinneen, Ralph A. Plunkett, Miss Josephine Murphy, Gerald Mahoney, Edward Milward, and James Bailey.

CONTRACTS AWARDED.

Permission to award the contracts for work, materials, and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

PARK DEPARTMENT.

Upon March 19 the Mayor approved a contract with James B. Rendle Company for reconstruction of piles and timber fences at L Street Bath House, South Boston, Mass.

Bids, opened Tuesday, March 13, were as follows:

James B. Rendle Company, \$21,700.

Charles L. Hazelton & Son, Inc., \$25,800.

McKie Lighter Company, \$29,479 (qualified bid).

Rev-Lyn Contracting Company, \$30,400.

Coleman-Doyle, Inc., \$36,750.

PUBLIC WORKS DEPARTMENT.

Upon March 19 the Mayor approved a contract with the Hersey Manufacturing Company, the only bidder, for furnishing labor and material necessary to repair or rebuild and test Hersey water meters for the Public Works Department (Water Division) at an estimated cost of \$25,334.

The work to be done under this contract is to be completed on or before October 1, 1951.

The Hersey Manufacturing Company's proposal was opened February 28.

Upon March 19 the Mayor approved a contract with the McCulloch Manufacturing Company, the only bidder, for furnishing labor to assemble about 50 eight-inch gate valves, 50 twelve-inch gate valves, and 50 B. & F. post hydrants at an estimated cost of \$15,300.

The work to be done under this contract is to be completed on or before December 28, 1951.

The McCulloch Manufacturing Company's proposal was opened February 28.

SUPPLY DEPARTMENT.

Upon March 19 the Mayor approved a contract with Dyar Sales & Machinery Company for furnishing broom wire to the Sanitary Division of the Public Works Department. Approximate total amount of contract was \$5,200, less 2 per cent cash discount for payment within 10 days.

Bids, opened February 27, were as follows:

10 Tons Gutter Broom Wire, .09 x .025 x 26 Inches, Per Ton.—New England Broom and Supply, \$540; P. J. Dinn & Co., \$602.70; Dyar Sales and Machinery Company, \$520*; Louis A. Alexander Company, \$64 (incorrect price).

Cash Discount.—New England Broom and Supply, one half of 1 per cent; P. J. Dinn & Co., 2 per cent; Dyar Sales and Machinery Company, 2 per cent; Louis A. Alexander Company, 2 per cent.

Remarks.—P. J. Dinn & Co., quotation subject to change to meet price prevailing at time of delivery; delivery, 12 to 16 weeks; Dyar Sales and Machinery Company, delivery, 10 days to 2 weeks; quotation subject to immediate accept-

ance; Louis A. Alexander Company, delivery, 2½ tons from stock; 2½ tons per month thereafter.

*Contract awarded.

Upon March 19 the Mayor approved a contract with Dooley Brothers, Inc., for furnishing cinders to the various city departments from April 1, 1951, to December 31, 1951, inclusive. Approximate total amount of contract was \$3,564, less 2 per cent cash discount for payment within 10 days.

Bid, opened February 27, was as follows:

Approximately 1,800 Cubic Yards Cinders To Be Delivered as Ordered.

Cash Discount.—Dooley Brothers, Inc., 2 per cent.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with supply and commercial houses and contractors for furnishing labor, supplies, etc. Communications from the heads of the departments interested were as follows:

DEPARTMENT OF SCHOOL BUILDINGS.

BOSTON, March 16, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

Since August, 1936, a 16-year period, the American District Telegraph Company has furnished burglar alarm service for this department covering our Administration Building, which includes office and warehouse. This service has been furnished for less than \$1,000 per year.

This company has now notified me that it becomes necessary to increase their annual rate to \$1,274.

The service rendered by this company has been of an exceptionally fine degree.

As all the facilities necessary for the proper operation of this system are now incorporated within this building, and as I feel that the annual charge of \$1,274 is most equitable, I respectfully request your Honor's approval to enter into an agreement with the American District Telegraph Company, 60 State street, Boston, Mass., for this burglar alarm service for the year 1951.

In making this request, I feel that there would be no advantage gained by advertising and that the best interests of the City of Boston will be served.

Very truly yours,

JAMES H. MOONEY,
Superintendent of Construction.

PUBLIC WORKS DEPARTMENT.

BOSTON, March 6, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

Your permission is respectfully requested to award contracts, without

publicly advertising for bids, for refilling motor sweeper brooms to the following:

(a) New England Broom and Supply Company, 191 Forest Hills street, Jamaica Plain, in an amount not to exceed \$4,000.

(b) Everett Broom and Service Company, 296 Binney street, Cambridge, in an amount not to exceed \$4,000.

This permission is requested for the reason that these two concerns are the only ones in this area known by this department, from past experience, to furnish material and workmanship of the highest quality in the work of refilling motor sweeper brooms.

The unit prices charged by both of these companies for refilling the motor sweeper brooms for the various types of sweepers are identical, and are as follows:

Elgin, \$30; Austin-Western, \$25; Wayne, \$24.

It is necessary to have two concerns do this work in order to insure an adequate supply of brooms, so that the sweepers may be kept in operation at all times. Deliveries are to be completed not later than July 31, 1951, and will meet the city's needs for approximately five (5) months.

It is not possible to state definitely at this time the city's total requirements in respect to the refilling of motor sweeper brooms for the remainder of the year, and, furthermore, I consider it doubtful whether these concerns are in a position to undertake larger contracts at this time in view of their outside concurrent commitments for this sort of work.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, March 8, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On February 26, 1951, your Honor approved a letter to award a contract, in the amount of \$2,177, to Westinghouse Electric Supply Company for furnishing 3,500 feet of lead-covered cable to the Traffic Commission.

The letter erroneously stated that this amount included the cost of seven (7) reels at \$18 each. Authority is therefore requested at this time to change the amount of the contract to read \$2,303, which amount includes \$126, the cost of the reels.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, March 9, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On February 9, 1951, your Honor approved a letter to award a contract to Brodigan Motors, Inc., for furnishing one Cadillac passenger car to your office in the amount of \$3,986.23, net.

Complying with the request of your office, the Brodigan Motors, Inc., installed additional essential equipment in the automobile. The installation of this equipment changes the net total amount of the contract. It is therefore requested

that authority be granted me to amend the original letter to read \$4,188.78 for the total net amount of the contract.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, March 9, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Boston City Hospital has submitted a requisition to this office for 3,000 cylinders "K" oxygen gas. Informal quotations for prices were solicited among the vendors but only one company responded.

Authority is therefore requested to dispense with publicly advertising for additional prices and award a contract, without public advertisement, to Linde Air Products Company who was the only bidder. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be \$4,392, less 2 per cent cash discount for payment within 10 days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, March 16, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Boston City Hospital has submitted a requisition for the following:

Thirty-two pairs Simmons safety side No. H-87 aluminum horizontal bars with breakaway.

Informal quotations were solicited among vendors, but only one bid was received. It is requested that authority be granted me to dispense with publicly advertising for additional bids and award a contract, without public advertisement, to E. F. Mahady Company, the only company that submitted a quotation. Inasmuch as E. F. Mahady Company is the local distributor, it is my opinion that the best interests of the city will be served by awarding the contract as requested.

Approximate total amount of contract will be \$1,216, less 2 per cent cash discount for payment within 10 days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, March 19, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your approval is requested to dispense with publicly advertising for bids and award a contract, without public advertisement, to Clyde Everett Equipment Company for furnishing repair parts for Elgin street sweepers to the Public Works Department.

Since these parts are of special manufacture and can be obtained only from Clyde Everett Equipment Company, direct agent of Elgin Sweeper Company, no advantage could be gained by publicly advertising for bids.

Approximate total amount of contract will be \$12,000, net, with the proviso that prices will be those in effect at time of shipment.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

CHANGES IN CONTRACT.

HOSPITAL DEPARTMENT.

M. Solimando has been ordered to make the following changes in the contract for the additions and alterations to Dowling Building, Boston City Hospital, dated August 7, 1950:

Furnish and install four explosion-proof X-ray illuminators in the operating room, in accordance with proposal of M. B. Foster Electric Company, dated December 6, 1950, for the sum of \$1,402; general contractor's profit, 10 per cent, \$140.20; total, \$1,542.20.

The illuminators shall be installed in locations designated by Doctor Ritvo.

Copy of M. B. Foster's proposal is attached hereto.

Summary of Contract: Original contract, \$358,472; change order No. 1, deduct, \$966.61; change order No. 2, add, \$836.60; change order No. 3, add, \$535.90—\$358,877.89; this change order, add, \$1,542.20; total amount of contract to date, \$360,420.09.

M. B. FOSTER ELECTRIC COMPANY,
368 CONGRESS STREET, BOSTON.

December 6, 1950.

M. SOLIMANDO, 584 Columbia Road, Dorchester, Mass.

GENTLEMEN:

We have been requested by Doctor Ritvo to quote on the furnishing and installation of four explosion-proof operating room illuminators in the Dowling Building extension, together with circuits for the same.

We estimate this cost to be one thousand four hundred two dollars (\$1,402).

Very truly yours,

M. B. FOSTER ELECTRIC COMPANY,
L. F. KLEIN, *Vice President.*

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for the extension of the time of completion of the contract with D. A. Robbins Electric Company for installation of emergency lighting with generator at the James P. Timilty School, from February 16, 1951, to May 15, 1951. This extension was requested due to difficulty in getting materials.

PARK DEPARTMENT.

F. C. Dolan & Son, Inc., have been granted an extension of time until May 15, 1951, for the completion of the contract for construction of a shelter and sanitary building at the Cummings Estate, Woburn.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract with James B. Rendle & Co., 1 Salem street, Malden, for repairing fender piers at the Summer Street Bridge, over Fort Point Channel, to March 31, 1951. This extension was requested for the reason that the contractor had been delayed on account of poor tide and weather conditions.

Approval has been given for the extension of the time of completion of the contract with Domenic Aiello, Jr., for the building of sewerage works in Cowing street, Havey street, and Temple Street Brook, West Roxbury; and Centola street, Brighton, from February 22, 1951, to April 28, 1951, a period of 65

days. This extension was requested for the reason that inclement weather delayed the progress of the work.

Approval has been given for the extension of the time of completion of the contract with G. DeLuca & Co., Inc., for sewerage works in Pilgrim road, Roxbury, from January 3, 1951, to March 10, 1951. This extension was requested for the reason that work was delayed awaiting completion of water pipe contract and also to inclement weather.

Approval has been given for the extension of the time of completion of the contract with M & R Construction Company, 139 Coleridge street, East Boston, for removing the drawspan, approach sections, etc., of the Meridian Street Bridge, to March 15, 1951. This extension was requested for the reason that the contractor was required to do further work under his contract so that the underwater work would comply with the requirements of the United States engineers.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

Six hundred and seventy linear feet of 15-inch pipe surface drain and six catch basins in Prospect street, between Williams avenue and Fairmount street, in the Hyde Park district, at an estimated cost of \$3,500.

Three hundred and seventy linear feet of 12-inch pipe surface drain and two catch basins in Summit street, between Milton street and Reservoir street, in the Hyde Park district, at an estimated cost of \$3,500.

DEDUCTION FROM CONTRACT.

FIRE DEPARTMENT.

Approval has been given for the following deduction in the contract of M. S. Kelliher Company for the erection of a new headquarters building and maintenance garage, on Southampton street:

Deduction No. 7.

An allowance of \$1,100 was carried in the contract for the purchase of a control cabinet and timer for the fire station. The control cabinet cost \$995 allowing for a deduction of \$105. However, under deduction No. 2, \$5 was deducted instead of \$105, allowing for a deduction now of \$100.

Original contract, \$1,684,932; additions Nos. 1 to 16, inclusive, \$30,278.37; total contract with additions, \$1,715,210.37; deductions, Nos. 1 to 7, inclusive, \$13,605; total contract with additions and deductions, \$1,701,605.37.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

M & R Construction Company have been directed to perform the following extra work under the contract for removing the drawspan, approach sections, etc., of the Meridian Street Bridge, dated June 9, 1950.

Items ordered: Remove by use of diver and lighter (a) the section of cast-iron pipe encased in concrete at the upper end of the draw pier, and dispose of same; (b) the two seven-pile dolphins and one three-pile dolphin on the Chel-

sea side of the channel, and dispose of same. Estimated cost of extra work, \$2,100. This work is necessary to clean the site of these obstructions to navigation, as has been required and requested by the U. S. Army.

ADDITIONS TO CONTRACT.

FIRE DEPARTMENT.

Approval has been given for the following additions in the contract of M. S. Kelliher Company, dated December 30, 1949, for the erection of a new headquarters building and maintenance garage on Southampton street, Boston:

Addition No. 11.

Furnish labor and material for installing terrazzo in the elevator lobbies on the second and third floors of the headquarters building in place of asphalt tile called for in the contract, \$2,660.85.

Addition No. 12.

Furnish and install an 8-inch control valve on main steam line, \$322.19.

Addition No. 13.

Furnish and install inspection plate in the main header between the large heating and a summer hot water heating boiler, \$147.53.

Addition No. 14.

Relocate two risers in the stairway at the elevator, \$482.28.

Addition No. 15.

Change the branch circuit and protective device for the sidewalk elevator, \$333.

Addition No. 16.

Make required changes in transformer room, off boiler room, as required by Boston Edison Company and Superintendent of Electrical Inspection Division of the City of Boston, \$872.69.

Original contract, \$1,684,932; additions, Nos. 1 to 16, inclusive, \$30,278.37; total contract with additions, \$1,715,210.37; deductions, Nos. 1 to 6, inclusive, \$13,505; total contract with additions and deductions, \$1,701,705.37.

The change from asphalt tile to terrazzo in the elevator lobbies on the second and third floors is necessary, inasmuch as these are public spaces and will receive continual wear. The terrazzo will endure much longer than the asphalt tile, and it is more economical to have the terrazzo surface.

The installation of an 8-inch control valve is necessary for complete control in the boiler room.

The inspection plate in the main header is required by the insurance company.

Relocation of risers is necessary due to the fact that they were obstructing opening of doors at three floors.

Although the foregoing work is in addition to that contemplated in the original contract it is incidental thereto.

BUDGET AMENDMENT.

AUDITING DEPARTMENT.

Permission has been given to amend as follows the Auditing Department, County of Suffolk, budget:

Increase quota of clerks from 4 at \$1,700 to \$2,800 to read 5 at \$1,700 to \$2,800.

Decrease quota of principal clerks from 3 at \$2,800 to \$3,700 to read 2 at \$2,800 to \$3,700.

This change in quota will make provision for the permanent appointment of Joseph A. Re as clerk. Up to the time of his permanent appointment, he had been employed on a provisional basis against the vacancy in the principal clerk's group.

LAND-TAKING FOR SCHOOL PURPOSES.

DEPARTMENT OF SCHOOL BUILDINGS.

The Mayor has approved the following request of the Superintendent of Construction of School Buildings:

BOSTON, March 14, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

In accordance with chapter 351 of the Acts of 1929, I have decided, subject to the approval of your Honor, to request the Board of Street Commissioners to take, for the purpose of erecting thereon an elementary school, certain pieces or parcels of land in the Elihu Greenwood District, bounded and described as follows:

Beginning at a point on Summit street, southwesterly from the corner of Williams avenue and Summit street, 170 feet; thence southwesterly, 59 feet; thence northwesterly, 273.13 feet; thence northeasterly, 59 feet; thence southeasterly, 272.08 feet to the point of beginning, and contains 16,084 square feet of land. Be all said measurements more or less.

I submit herewith the approval of the Superintendent of Public Schools thereon, and respectfully request your approval of said taking by eminent domain.

Respectfully yours,

JAMES H. MOONEY,
Superintendent of Construction.

CITY OF BOSTON,

DEPARTMENT OF SCHOOL BUILDINGS.

BOSTON, February 12, 1951.

MR. DENNIS C. HALEY,
Superintendent of Public Schools.

DEAR SIR:

It is advisable to take additional land adjoining the site formerly occupied by the Fairmount School in the Elihu Greenwood District, Hyde Park, for the purpose of erecting an elementary school, certain pieces or parcels of land, bounded and described as follows:

Beginning at a point on Summit street, southwesterly from the corner of Williams avenue and Summit street, 170 feet; thence southwesterly, 59 feet; thence northwesterly, 273.13 feet; thence northeasterly, 59 feet; thence southeasterly, 272.08 feet to the point of beginning, and contains 16,084 square feet of land. Be all said measurements more or less.

In accordance with chapter 351 of the Acts of 1929, and Acts in amendment thereof, or in addition thereto, we respectfully ask your written opinion of the above.

Respectfully yours,

JAMES H. MOONEY,
Superintendent of Construction.

When completed, applications should be sent to the Division of Civil Service, Room 148, State House, Boston. Applications must be placed on file not later than Monday, April 23, 1951.

8. Military Absentees: Applicants who are absent on military duty may be allowed to take this examination provided that they make request at the time of filing application and that the necessary arrangements for the proper conduct of the examination can be made.

Under the provisions of chapter 708 of the Acts of 1941, as amended, persons unable to compete in a competitive promotional examination because of absence in military or naval service may be given a qualifying promotional examination if request in writing is made within six months after the termination of such service.

9. Applicants will be notified of the time and place of examination.

THOMAS J. GREEHAN,
Director of Civil Service.

This poster issued on March 21, 1951."

It will be noted particularly that applications, when completed, are to be returned to the Division of Civil Service not later than Monday, April 23, 1951.

Commanding officers will promulgate this order not only by reading it at roll call, but by posting a copy thereof in a conspicuous and accessible place in each station house, where it may be easily read, and it shall remain posted until after the date of the examination.

Commanding officers will secure a fresh copy from the Superintendent's Office if the posted copy becomes mutilated or destroyed.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,443.

Patrolman Peter J. McDonough, Division 7, honorably discharged veteran, having arrived at the age of fifty-three years, having been in service of Boston Police Department for twenty-six years, and having requested retirement under provisions of section 57, chapter 32, General Laws (Ter. Edit.), as amended, it is hereby

Ordered, His Honor the Mayor having approved the same, Patrolman Peter J. McDonough will be retired from active duty in the Police Department, effective Tuesday, March 20, 1951, at 5.45 o'clock P.M.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

FIRE DEPARTMENT ORDERS.*General Order No. 13.*

I. MICHAEL J. DONOVAN.

It is with deep regret that the Fire Commissioner announces the death, on March 14, 1951, of Engineer Michael J. Donovan of the High Pressure Service. Engineer Donovan was appointed to the department February 1, 1924.

The funeral was held from the O'Brien Funeral Home, 146 Dorchester street, South Boston, at 9.30 A.M., March 17, 1951, followed by services in St. Augustine's Church at 10 A.M.

The chief of department assigned a detail to act as funeral escort, and members of High Pressure were in attendance at the services.

II. RETURN TO DUTY.

The following-named who was granted leave of absence on October 11, 1950, in order to serve with the U. S. Marine Corps, has been discharged from the Marine Corps and will return to duty in this department, effective at 8 A.M., March 21, 1951:

Hoseman John A. Abbott, Engine Company 26.

III. RETIREMENT.

The following retirement, which will become effective at 8 A.M., Wednesday, March 21, 1951, is hereby announced:

Lieut. (Aide to Chief) Francis J. Scott, Headquarters.

Lieutenant Scott was appointed to the Fire Department June 7, 1918, and was promoted to the grade of lieutenant January 3, 1945. He leaves the department with the best wishes of his associates.

IV. INSTALLATION OF NEW FIRE ALARM BOX.

In the near future a fire alarm box will be installed as follows:

12-2933, St. Theresa's Parochial School, St. Theresa avenue and Pine Lodge road.

Company commanders will add the above box to assignment card for Box 2933. The circuit number for the box will be announced when it is installed.

V. CHANGE IN STREET NAME.

Notice has been received from the Board of Street Commissioners that the portion of Irwin avenue, Hyde Park, between Tacoma street and Safford street, has been changed to Chapel road.

That portion of the street from Tacoma street to Ruskin road remains as Irwin avenue.

VI. A. D. T. ASSIGNMENT.

Company commanders shall add the following signal number to running cards of the A. D. T. Company in this department:

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination and qualifying strength tests. To become eligible applicants must obtain at least 70 per cent in the strength tests, but the mark will not be included in the general average mark.

The practical questions will be based largely upon information contained in the July, 1946, or later editions of a manual known as the "Blue Book." This manual may be obtained from the Public Document Division, Room 116, State House, Boston, at 20 cents a copy. It is necessary that applicants obtain a copy of this manual and study it carefully.

Applicants must not bring manuals to the examination room.

The eligible list established as a result of this examination will be combined with any existing list, but the name of an applicant which appears more than once on the combined list will be certified in any one certification only from his higher rating.

Section 12 of chapter 291, Acts of 1906, as amended by chapter 153, Acts of 1935, provides as follows: "No person shall be appointed as an officer or member of the Boston Police Force unless he has been a resident of said city for at least two years immediately preceding the date of his appointment."

PROCEEDINGS OF CITY COUNCIL.

Monday, March 12, 1951.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., Coun. WENZLER, senior member, presiding. Absent, Councilors Hurley, Kinsella, and Lane. The Reverend Daniel A. O'Leary, curate of the Gate of Heaven Catholic Church, South Boston, was escorted to the rostrum.

INVOCATION BY REV. DANIEL A. O'LEARY.

Let us pray. O God of wisdom and understanding, counsel in Whom all authority is vested and through Whom laws are enacted and judgments decreed, assist these men in this Council Chamber with Thy holy spirit of knowledge and fortitude so that their administration may be conducted in truth and justice, and be beneficial to the people over whom they preside by encouraging due respect for religion, virtue, and the law.

Let the light of Thy divine wisdom direct their deliberations and shine forth in all their decrees so that they may turn to the preservation of peace and justice, and grant that they may be able by Thy powerful assistance to discharge the duties of their high office and to perpetuate for us all the blessings Thou hast promised to those who do Thy holy will. Amen.

The salute to the Flag was given by the members.

MARCH 17TH PARADE.

The following was received:

City of Boston,
Office of the Mayor, March 12, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Commissioner of Public Works relative to your order of February 26, 1951, requesting that the streets in South Boston be in proper condition for the March 17th parade, and to be extremely careful to have the route smooth so that none of the marchers will be injured.

Respectfully,
WILLIAM F. HURLEY, Acting Mayor.

City of Boston,
Public Works Department,
March 6, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

This is in reference to the following order that was passed in the City Council under date of February 28:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to have the streets in South Boston in proper condition for the March 17th parade, and to be extremely careful to have the route smooth so that none of the marchers will be injured.

We are pleased to comply with the provisions of the above-referenced order and assure you that, weather permitting, the streets in South Boston used for the March 17th parade will be in A-1 condition on that date.

Very truly yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

TRUCKS TRANSPORTING GARBAGE.

The following was received:

City of Boston,
Office of the Mayor, March 12, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Public Works Commissioner relative to your order of February 26, 1951, requesting to have all trucks carrying garbage in and out of the City of Boston so equipped that the bodies will be watertight and totally covered.

Respectfully,

WILLIAM F. HURLEY, Acting Mayor.

City of Boston,
Public Works Department,
March 2, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

Receipt is acknowledged of order in Council, request of Councilor Farin, under date of February 26, 1951, as follows:

Ordered, That the Commissioner of Public Works be requested, through his Honor the

Mayor, to have all trucks carrying garbage in and out of the City of Boston so equipped that the bodies will be watertight and totally covered.

In this regard, I wish to state that all trucks transporting garbage, under the control of the City of Boston Public Works Department, are watertight and totally covered.

Very truly yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

EXTENSION OF CALL STREET AND ACCEPTANCE OF WOOLSEY SQUARE.

The following was received:

City of Boston,
Office of the Mayor, March 12, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Chairman of the Board of Street Commissioners relative to your order of February 19, 1951, requesting to extend Call street to Green street through Woolsey square, Ward 19, and to accept, lay out, and construct Woolsey square as a public highway.

Respectfully,

WILLIAM F. HURLEY, Acting Mayor.

City of Boston,
Board of Street Commissioners,
February 28, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

Replying to your letter of February 21, 1951, enclosing an order from the City Council requesting the extension of Call street and the acceptance of Woolsey square, I have to report that the chief engineer of this department has informed me that Woolsey square is a private way owned by the Boston and Providence Railroad. If suitable arrangements can be made whereby the city can acquire title to this square, the department could then proceed to extend Call street over the square to Green street.

Very truly yours,

GERALD F. SCALLY, Chairman.

NIGHT TAGGING OF AUTOMOBILES.

The following was received:

City of Boston,
Office of the Mayor, March 12, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of February 12, 1951, requesting the letting up on night tagging of cars, by looking into the feasibility of making three-lane streets with parking on one side, either the north or south side, which will not interfere with the flow of traffic or fire apparatus.

Respectfully,

WILLIAM F. HURLEY, Acting Mayor.

Boston Traffic Commission,

March 2, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

With reference to Council order of February 12, 1951, requesting to let up on night tagging of cars, this matter was brought to the attention of the Traffic Commission at its meeting on March 1, 1951, and the request contained in the Council order was incorporated into considerations being given to the subject by your request on January 23, 1951.

We are at present awaiting a report from the Law Department to determine the extent to which we may go in this matter under the law.

Respectfully yours,

WM. ARTHUR REILLY, Commissioner.

SPECIAL OFFICERS AT HOUSING PROJECTS.

The following was received:

City of Boston,
Office of the Mayor, March 12, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Chairman of the Boston Housing Authority relative to your order of February 5, 1951, requesting that an appearance be made before the Boston City Council at a Special Committee meeting on Housing, together with any records that relate to the removal of special officers or men in related positions, requesting that the Boston Housing Authority take no

action in dropping or transferring special officers and men in like positions until such time as the Federal Housing Authority reviews their decision, and that all employees so dropped or transferred be returned to their former status.

Respectfully,

WILLIAM F. HURLEY, Acting Mayor.

Boston Housing Authority,

February 26, 1951.

Hon. John B. Hynes,

Mayor of Boston.

Subject: Special Officers, PHA-Aided and Owned Developments.

Dear Mayor Hynes:

On February 5, 1951, the Honorable the City Council requested through you that this Authority take no action in dropping special officers until such time as federal officials reviewed their decision in this matter.

Be assured that this Authority does not relish being required to cut back staff and has done everything possible to avoid it.

However, the Public Housing Administration has expressed this matter as their "continuing insistence that such persons (police officers) should be furnished by the city without expense to the developments."

This matter has been the subject of continuing disagreement with federal officials and the Authority has not been able to have this decision changed. Budgets currently being prepared call for the elimination of the special policemen, and only on that basis will they receive the approval of the Public Housing Administration.

Consequently, there is no alternative to abolishing these positions, regardless of the position of the Authority on this matter.

Very truly yours,

JAMES J. MAHAR, Chairman.

BURIAL OF DAVID L. BEAULIEU.

The following was received:

City of Boston,
Office of the Mayor, March 12, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Commissioner of Veterans' Services relative to your order of February 26, 1951, requesting to permit the burial of David L. Beaulieu in Mount Hope Cemetery; the late David L. Beaulieu being a veteran of the Indian War who, at the age of ninety, met his death in our city.

Respectfully,

WILLIAM F. HURLEY, Acting Mayor.

City of Boston,
Department of Veterans' Services,
March 2, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Sir:

In accordance with the order in City Council on February 26, 1951, permission was granted for David L. Beaulieu to be buried in Mount Hope Cemetery on February 27, 1951.

REMOVAL OF GARBAGE AND REFUSE FROM ALLEYS.

The following was received:

City of Boston,
Office of the Mayor, March 12, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Health Commissioner relative to your order of February 26, 1951, requesting that a concerted effort be made in having all garbage and refuse removed from behind all alleys in the city.

Respectfully,

WILLIAM F. HURLEY, Acting Mayor.

City of Boston,

Health Department, March 6, 1951.
Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

We have your memorandum of February 28 transmitting to this department City Council order of February 26, 1951, requesting that a concerted effort be made in having all garbage and refuse removed from behind all alleys in the city.

At the end of the winter season each year, this department conducts a widely publicized "clean-up campaign" for the removal of all refuse from yards, alleys, and vacant lots.

Upon receipt of this City Council order, the inspectors of the Housing and Sanitation Division of this department have been in-

structed to make an immediate survey of their respective districts and to take every action necessary for the cleaning of yards, alleys, and vacant lands.

You may be assured that a concerted effort will be made by the Housing and Sanitation Division in having the winter's accumulation of refuse removed from all open areas throughout the city.

Respectfully,

JOHN H. CAULEY, M.D., M.P.H.,
Health Commissioner.

DORCHESTER HEIGHTS AS NATIONAL HISTORIC SITE.

The following was received:

City of Boston,

Office of the Mayor, March 9, 1951.

To the City Council.

Gentlemen:

I have been in communication with his Honor Mayor Hynes and Congressman John W. McCormack, and in accordance with the request of the Mayor I am submitting herewith an order authorizing the City of Boston to enter into an agreement with the United States of America, Secretary of the Interior, placing the property of the Park Department of the City of Boston, known as Dorchester Heights and Memorial Tower, with the Federal Government as a national historic site.

This matter has been under consideration for several years and under authority of an Act of Congress approved August 21, 1935 (49 Stat. 666, 16 U.S.C., 1936, ed., page 462), the United States of America is authorized to preserve such historic places as national historic monuments. By execution of this cooperative agreement no title to the area is transferred to the United States Government and the agreement itself is terminable upon a year's notice by either the City of Boston or the United States Government.

I recommend that your Honorable Body take immediate action on the order as it would be particularly appropriate if the agreement was consummated in time to have it effective for the celebration at the coming Evacuation Day exercises on March 17.

Respectfully,

WILLIAM F. HURLEY, Acting Mayor.

This Agreement, made and entered into this day of 1951, by and between the United States of America, acting in this behalf by Oscar L. Chapman, Secretary of the Interior, and hereinafter referred to as the "Secretary," party of the first part, and the City of Boston of the Commonwealth of Massachusetts, hereinafter referred to as the "City," party of the second part.

Witnesseth:

Whereas, The Advisory Board on National Parks, Historic Sites, Buildings, and Monuments has declared that Dorchester Heights (in the South Boston district of Boston, comprising approximately 236,354 square feet, and bounded southerly, westerly, and northerly by Thomas Park and easterly by land of Boston now occupied by the South Boston High School, as shown on Plate 16 of the atlas of South Boston, published by G. W. Bromley & Co., in the year 1910), fortified by General Washington during the night of March 4, 1776, and the Memorial Tower at Dorchester Heights, in South Boston, Mass., are of national historical significance as commemorative of the evacuation of Boston by the British troops under General Howe on March 17, 1776, the first great military success of the Americans in the War of the American Revolution; and

Whereas, It is the desire of the City to promote the designation of the said Dorchester Heights and Memorial Tower as a national historic site and to preserve and protect them in perpetuity, for the proper commemoration of the evacuation of Boston and for the inspiration and benefit of the people of the United States through the perpetuation of this country's military tradition; and

Whereas, It is the desire of the Secretary to cooperate with the City in preserving the integrity of the above-mentioned historic grounds and monument and to assist in furthering the Dorchester Heights interpretive program for the benefit and inspiration of the American people as part of their national inheritance in historic sites;

Now, Therefore, In consideration of the foregoing, and pursuant to the authority contained in the Act of Congress approved August 21, 1935 (49 Stat. 666, 16 U.S.C., 1936 ed., page 462), entitled, "An Act to Provide for the Preservation of Historic American Sites, Buildings, Objects, and Antiquities of National Significance, and for Other Purposes," the said parties have covenanted and agreed, and by these presents do covenant and

agree to and with each other and in consideration of the mutual promises herein expressed, as follows:

Article I. The City agrees, for itself, its successors and assigns:

(a) That the City will preserve Dorchester Heights and the Memorial Tower in perpetuity.

(b) That the City will not erect, or permit to be erected, any building or buildings on any portion of the grounds designated by the Secretary as part of the national historic site, without prior approval in writing by the Secretary.

(c) The City will advise with the National Park Service before permitting the erection or emplacement of any monument, marker, tablet, or other memorial in or upon the Memorial Tower or on any portion of the grounds designated by the Secretary as part of the national historic site.

(d) No alterations or repairs to the Memorial Tower shall be undertaken by the City until the plans therefor have been submitted to, and approved by, the Secretary.

(e) The City will advise with the National Park Service regarding any interpretive program that may be prepared relating to the Dorchester Heights area.

(f) The public shall be admitted to all parts of the Dorchester Heights area and Memorial Tower at all reasonable times so far as consistent with the preservation of the historical area and monument.

Article II. The Secretary agrees, on behalf of the United States of America:

(a) To designate the Dorchester Heights area as a national historic site.

(b) To provide and place a national historic site marker in further commemoration of the evacuation of Boston, as funds become available.

(c) To cooperate with the City in the preservation and use of the Dorchester Heights area as a national historic site, and to provide technical assistance in planning and executing measures for preservation, interpretation, and use, within the limits of available appropriations.

(d) In the discretion of the Secretary, to expend such funds as may be made available by appropriation or donation for the purpose of assisting the City in the appropriate development of the Dorchester Heights area as a national historic site.

Article III. It is further understood and agreed:

(a) That the Dorchester Heights area and Memorial Tower, subject to the covenants above set forth, shall remain the property of the City, to be used by it for public purposes.

(b) Wherever in this contract the Secretary is referred to, the term shall include his duly authorized representative.

(c) No member of, or delegate to, Congress, or Resident Commissioner, shall be admitted to any share or part of this contract or to any benefit that may arise therefrom, but this restriction shall not be construed to extend to this contract if made with a corporation or company for its general benefit.

(d) This Agreement may be terminated by either party upon the expiration of one year's notice in writing to the other.

In Witness Whereof, The said parties have hereunto subscribed their names and affixed their seals (in quintuple) the day, month, and year aforesaid.

UNITED STATES OF AMERICA,

by
Secretary of the Interior.

THE CITY OF BOSTON,

by

Ordered, That his Honor Mayor John B. Hynes, in behalf of the City of Boston, be, and he hereby is, authorized to enter into an agreement with the United States of America, Secretary of the Interior, for the maintenance and preservation of the city property known as Dorchester Heights and Memorial Tower, as a national historic site, in accordance with the terms of said agreement, a copy of which is hereto annexed.

Referred to the Executive Committee.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the widening, relocation and construction of Bellevue street, West Roxbury district, as a highway, between Centre street and March avenue, bounded and described as follows:

The highway named Bellevue street is hereby widened and relocated, between Centre street and March avenue, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is taken in the following described lands, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, owners unknown, bounded:

Southwesterly by the southwesterly line of Bellevue street, as widened and relocated under this order, 73.68 feet; northeasterly by the southwesterly line of Bellevue street, as it existed previously to this order, by five measurements, 1.57 feet, 28.76 feet, 18.10 feet, 23.72 feet, and 2 feet; containing 127 square feet, more or less.

A parcel of land, supposed to belong to the Boston Young Men's Christian Association, bounded:

Southwesterly by the southwesterly line of Bellevue street, as widened and

relocated under this order, by three measurements, 144.30 feet, on a curve of 232.75 feet radius, 42.39 feet, and 6.35 feet; northeasterly by the southwesterly line of Bellevue street, as it existed previously to this order, by four measurements, 74.88 feet, 45.50 feet, 37.58 feet, and 38.51 feet, containing 470 square feet, more or less.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said lands for the purpose of constructing said improvement.

Said Bellevue street, as hereby widened and relocated, is bounded:

Northeasterly and easterly by the existing northeasterly and easterly lines of said street, by four measurements, 110.96 feet, 140.97 feet, 61.72 feet, on a curve of 101.62 feet radius, and 135.20 feet; southerly by the remaining portion of said Bellevue street, 41 feet; westerly and southwesterly by the westerly and southwesterly lines of said Bellevue street, as hereby widened and relocated, by five measurements, 81.49 feet, 144.30 feet, on a curve of 232.75 feet radius, 42.39 feet, 64.32 feet, and 73.68 feet; northwesterly by Centre street, 41.95 feet.

Voted, That this Board determines that the undermentioned estates sustain damages by the making of the public improvement consisting of the widening and relocation of Bellevue street, West Roxbury district, between Centre street and March avenue, under the order of the Board of February 15, 1951, in the amounts hereinafter respectively set against them, and awards said amounts therefor.

Owners unknown, 127 square feet, nothing.

Boston Young Men's Christian Association, 470 square feet, \$1.

LAND-TAKING IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the relocation, widening and construction of Tacoma street, Hyde Park district, as a highway, at Melba Way, bounded and described as follows:

The highway named Tacoma street is hereby widened and relocated over part of the private way known as Melba Way and ordered constructed.

Said widening and relocation and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northerly by the southerly line of said Tacoma street, as it existed previously to this order, one hundred and one feet; easterly by the easterly line of said Tacoma street, as hereby widened and relocated, forty-one and 88-100 feet on a curve of thirty and 53-100 feet radius; southerly by the southerly line of said Tacoma street, as hereby widened and relocated, fifty-one feet; westerly by the westerly line of said Tacoma street, as hereby widened and relocated, thirty-six and 22-100 feet on a curve of twenty and 47-100 feet radius.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days

following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the widening and relocation of Tacoma street, Hyde Park district, as a highway, over part of the private way known as Melba street, under the order of the Board of February 20, 1951, and awards no damages therefor.

NO DAMAGES ALLOWED.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of May 10, 1949, determining that no person sustains damages by the making of the public improvement, consisting of the laying out of Harvest terrace, be, and the same hereby is, amended, by striking out in the first and second lines of said order the words: "that no person sustains in his estate," and by striking out in the last line of said order the word: "no."

That said order be further amended by adding thereto George J. Ploof and Mary A. Ploof, husband and wife, as tenants by the entirety, \$50; that the amount \$50 be, and the same hereby is, awarded to George J. Ploof and Mary A. Ploof, husband and wife, as tenants by the entirety, for the damages sustained by the making of the said improvement.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, the Traffic Rules and Regulations of the City of Boston are amended as follows, effective March 26, 1951:

Article IV, Section 3, Part 2 (Prohibition of Parking), is amended by adding the following:

Edgar Street, Roxbury.

North side, from Parker street to Mechanic street, 24 hours.

Mechanic Street, Roxbury.

West side, from Edgar street to Ruggles street, 24 hours.

Ruggles Street, Roxbury.

North side, from Tavern street to Parker street, 24 hours.

Article V, Section 1 (One-Way Streets), is amended by striking out the following:

Gaston Street, Roxbury.

From Blue Hill avenue to Warren street.

Article V, Section 1 (One-Way Streets), is amended by adding the following:

St. Lukes Road, Brighton.

From Commonwealth avenue to Brighton avenue.

POPULATION DISTRIBUTION.

Another important population change has been the geographic redistribution of the American people. According to Census Bureau estimates for July 1, 1948, seven states had lost population since 1940, and 41 states and the District of Columbia had gained population. The most impressive population gains were in the West; the losses were concentrated in a few states in the upper Missouri River Basin and in the South.

PROPOSALS FOR MINOR SEWERAGE WORKS IN
VARIOUS STREETS, WEST ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for minor sewerage works in various streets, West Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Minor Sewerage Works in Various Streets, West Roxbury," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, APRIL 4, 1951, with a certified check for FIVE HUNDRED (500) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,
(Mar. 24.) Commissioner of Public Works.

PRINTING DEPARTMENT IN BLACK TO EXTENT OF \$117,000, AS AGAINST SERIES OF OPERATING LOSSES DURING PAST FIVE YEARS—MAYOR'S COMMITTEE MAKES REPORT OF FINDINGS FOLLOWING FINANCE COMMISSION'S RECOMMENDATIONS.

Mayor John B. Hynes has made public the following report on activities of the Printing Department:

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

The committee appointed by you to review and analyze the recommendations contained in the survey reports of the Boston Finance Commission submits for your consideration the following comments on the report covering the activities of the Printing Department:

This report consists of sixty-eight pages, and the findings of the surveyor are listed under forty-two recommendations. The attached schedule presents a classification of these recommendations.

It is apparent from the attached schedule and the testimony of the Superintendent of Printing that a substantial

MAYOR HYNES INSTITUTES MOVE TO PROMOTE INCREASE IN FOREIGN TRADE FOR PORT OF BOSTON—MEETS WITH GROUP OF LEADING BUSINESSMEN WITH AIM TO CREATE AN INTERNATIONAL HOUSE SIMILAR TO ONE IN NEW ORLEANS WHICH HAS SO GREATLY BENEFITED THAT PORT CITY.

Mayor John B. Hynes gave a luncheon on Wednesday afternoon, March 28, at the Parker House for a group of Boston's most prominent businessmen to further discuss the creation of an International House in Boston to promote foreign trade. Presiding at the luncheon, the Mayor explained his deep interest in this very timely project and pointed to the International House in New Orleans, which in a few years more than doubled the volume of traffic flowing through its port, increased business in New Orleans and the surrounding areas,

MAYOR JOHN B. HYNES TAKES STEPS TO SEE THAT BOSTON GETS FAIRER SHARE OF STATE TAX DISTRIBUTION—ACTS WHEN COMMISSIONER HENRY F. LONG AT MEETING OF MAYORS' CLUB MAKES ADMISSION OF UNFAIRNESS TO CITY IN DISTRIBUTION PLANS—DIRECTS CITY AUDITOR FOX TO PREPARE RECOMMENDATIONS BY WHICH IT IS HOPED TO REMEDY UNJUST SITUATION—LOSS WOULD ADD \$2.40 TO CITY 1951 TAX RATE.

Following the admission of Commissioner of Taxation Henry F. Long that Boston was receiving unfair treatment with respect to the distribution of state income, Mayor John B. Hynes began to take immediate steps to see that this injustice is prevented and the city gets its full and just share of the tax distribution. He has directed City Auditor Charles J. Fox to prepare recommendations which it is hoped will result in a more nearly proper adjustment.

In commenting on the situation on March 27 Mayor Hynes issued the following statement:

Commissioner of Taxation Henry F. Long conceded on March 27 at a meeting of the Mayors' Club that Boston is receiving unfair treatment with respect to the distribution of state income. This is certainly evident this year, when the estimated income to be received from the state is less by \$3,358,099.44 than the estimate of last year. This loss of estimated state income means an increase, for this item alone, of about \$2.40 in Boston's 1951 tax rate.

This unfair, unjust, and inequitable method of distributing state income should be corrected. The Boston taxpayer is getting hit between the eyes.

I am directing the City Auditor to make recommendations which, I hope, will result in a proper readjustment of the distribution of state income.

For Boston the two-year summary of income and corporation tax distribution is tabulated as follows:

	State Estimate 1950.	State Actually Paid.	Deficit.	State Estimate 1951.	Difference in Estimate 1950-1951.
Corp. Tax...	\$6,262,323 81	\$4,159,545 87	\$2,102,777 94	\$4,106,309 70	\$2,156,014 11
Income Tax	5,541,858 17	4,753,547 77	788,310 40	4,339,772 84	1,202,085 33
Total...	\$11,804,181 98	\$8,913,093 64	\$2,891,088 34	\$8,446,082 54	\$3,358,099 44

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

MAYOR GIVES PRAISE TO BOYS' CLUBS OF COUNTRY FOR SUCCESSFUL WORK IN BUILDING UP FUTURE CITIZENS OF INTEGRITY AND HIGH STANDARD OF MORALITY—SALUTES ORGANIZATION IN ADDRESSING MEETING AT CITY CLUB.

On March 26 Mayor Hynes addressed a group of boys' clubs' delegates as follows:

I am gratified to take this opportunity to salute the 325 boys' clubs all over the country, which I feel are doing a remarkable job in turning out young men who will one day become worth-while citizens of integrity, who will never commit acts of theft or violence against their communities, who will never bring shame to their parents, who will never become public charges.

Vital statistics gathered through authoritative sources in the National Office of Boys' Clubs of America have proven that among the 300,000 boys enrolled in boys' clubs there is a smaller amount of juvenile delinquency, and that with each succeeding year, this percentage of juvenile delinquency is rapidly reducing.

Now what do these happy facts point to? Most certainly, I would say, to the splendid, noble, and useful work the boys' clubs, individually and collectively, are doing to make recreation for growing boys constructive, with the incentive of "good clean fun" behind it under the guidance of devoted men and women.

Now let us review boys' club activi-

ties lest we forget the ways and means better boys are bred.

Leaders in boys' clubs are not only teachers of teamwork in the gymnasiums, vocations and trades in the shop, arts and crafts in the workshops, but conscientious people of high moral caliber who can and do give boys expert sympathetic advice on vocational and scholastic problems, as well as help them cope with emotional problems.

Boys' clubs have well-stocked library shelves full of knowledge. Here boys can read in their own sweet way.

Civic minded doctors, nurses, and dentists are always lending a hand to improve the already good health of some boys; to assist the development of good health in others.

In short, every particular phase of the boys' physical, mental, and moral existence is covered by the specialists in building tomorrow's citizens—the boys' clubs of America.

Remember, it is the growing boy today who will ultimately go to tomorrow's election polls, occupy tomorrow's businesses, trades, and professions. It is the growing boy who can only grow into a stalwart and worth-while American if he is given the stuff of which good citizenship is made. I believe that the boys' clubs have just that "stuff."

generous contributions; and do further call upon all citizens to help spread knowledge of cancer's danger signals and thereby save lives.

JOHN B. HYNES, Mayor.

MAYOR NAMES JEROME L. RAPPAPORT TO LAW DEPARTMENT.

Mayor John B. Hynes, on March 27, announced the appointment of Jerome Lyle Rappaport as an assistant corporation counsel for the City of Boston.

Until his appointment, Mr. Rappaport served as assistant secretary to the Mayor. Mr. Rappaport will continue, however, as a member of the Mayor's Committee on Administration in charge of advising the Mayor on departmental reorganization. The 23-year-old attorney is an honor graduate of Harvard and Harvard Law School, receiving both degrees simultaneously in 1949. While at the Law School he was the founder of the widely known Harvard Law School Forum. A member of the bar, he belongs to both the Boston and Massachusetts Bar Association.

Mr. Rappaport is married to the former Nancy Vahey, whose late father James H. Vahey was Democratic State Chairman and Assistant Corporation Counsel for Boston. The couple reside at 18 Chestnut street, in Boston.

MAYOR ANNOUNCES PRINTING DEPARTMENT SHOWS PROFIT OF \$117,000 AS RESULT OF FINANCE COMMISSION RECOMMENDATIONS.

(Continued from page 273.)

number of the surveyor's recommendations have already been adopted with satisfactory results. Departmental requisition and purchase order forms have been revised and standardized, and a substantial change has been made in purchasing procedure. The direct processing by the Printing Department of departmental requisitions for stationery and office supplies is now limited to items which are carried in stock by the department. Requisitions involving items not carried in stock are converted into purchase orders and sent to vendors who not only make direct shipments to the departments involved but also bill directly to the departments. This direct billing by vendors eliminates the former practice of the Printing Department including a handling charge on all items not carried in stock. Printing Department bills are now delivered directly to the Auditing Department rather than being distributed among the various departments involved, and the income account of the department is credited by a bookkeeping transfer, thus eliminating the long-standing procedure of city checks being issued for individual departmental purchases. It is interesting to note that under this new procedure the Printing Department reflected a surplus at the end of 1950 of \$117,000, as against a series of net operating losses during the past five years.

A policy of standardization has been adopted for all materials and supplies now carried in stock. Cost records and methods have also been revised, to the end that all billings of the department will be supported by accurate and comprehensive cost figures. A large number of uncollectible accounts receivable have been written off, and it is now the policy of the department to refrain from sales to agencies outside the city and county. Income from the sale of steam is now carried in a separate account, and gross and net profits from this activity are being shown in operating statements. Departmental appropriations are being encumbered as commitments are made.

As indicated by the surveyor, a substantial amount of machinery and equipment in use is over twenty-five years of age. The natural loss in efficiency connected with this age factor has been offset in large part by constant repairs and adequate maintenance. The fact that in recent years the department has reflected a more or less consistent net operating loss has deterred the Superintendent of Printing from making replacements. The fact that a substantial operating profit was reflected in 1950 accounts should make it possible, beginning with the current year, to replace equipment which, because of its age, is no longer reliable or economical from a production point of view.

Because of the fact a study was being made by another surveyor of the purchasing functions and activities of the city, this report did not consider specifically the place of the Printing Department in the purchasing organization of the city. The letter of transmittal prepared by the Finance Commission and

CANCER CONTROL MONTH PROCLAIMED.

On March 29 Mayor John B. Hynes, issued the following proclamation:

Whereas, Some 210,000 American families lost a father, a mother, or a child to cancer during 1950, and of these more than 100,000 were in the prime of life when their families, their work, and their communities most needed them; and

Whereas, All citizens know cancer as a vicious threat that reaches beyond the patient to the family and others who must share in the heavy burden of so grave a disease; and

Whereas, Scientific research supported by the American Cancer Society holds out ever-increasing hope that cancer will some day be conquered, and has already developed techniques of treatment that make possible the cure of cancer when it is diagnosed early and treated promptly; and

Whereas, All citizens share the great responsibility of striking back at cancer by contributing to the Cancer Crusade and by spreading life-saving knowledge of cancer's danger signals; now, therefore,

Do I, John B. Hynes, Mayor of the City of Boston, announce the month of April as "Cancer Control Month" in this community, and call upon all citizens to join in the Cancer Crusade of the American Cancer Society through their

accompanying the report, however, questions the desirability of the Printing Department functioning as a purchasing agency. As pointed out in the committee's comments on the survey report on the Supply Department, Boston lacks a centralized system of purchasing. Because of existing ordinances, the Printing Department buys stationery and office supplies for all city and county departments, and the Public Buildings Department secures the furniture and furnishings required for the thirty-two public buildings under its management. Under the provisions of existing statutes, the School Department, the Police Department, the Public Library, and the many county offices and departments also purchase their requirements independently. Amendments to existing statutes can only be made with legislative approval. In the case of the Printing and Public Buildings Departments, however, it would be possible to centralize the present purchasing activities of these two departments in the Supply Department by an amendment to the existing ordinances. As indicated in our report on the Supply Department survey, we will be pleased to draft the necessary ordinance changes if you should decide as a matter of policy to centralize, in so far as lies within your control, the purchasing activities of the city.

Respectfully,

CHARLES J. FOX,
JOHN A. SULLIVAN,
JOHN DE MEULENAER.

MAYOR MOVES TO INCREASE FOREIGN TRADE FOR PORT OF BOSTON.

(Continued from page 273.)

and has become known throughout the world for its vigorous foreign trade program.

"My purpose," said the Mayor, "is to restore Boston to its former great position as a seaport city—and to increase commerce and business in Boston and Massachusetts to a high and healthy level outside the temporary stimulus of war and defense contracts which are not a true basis for general and continued prosperity. An International House in Boston, helping small firms go into the foreign trade markets, making thousands of contracts for our businessmen, can attract a greater share of overseas trade than we have now. It will fit in most actively with our nation's great interest in developing trade with all the world. Trade leads to peace and friendship among nations if honestly and wisely administered. We mean to encourage both import and export trade as a means of combating inflations."

The Mayor introduced former representative Daniel Rudsten of Dorchester, the sponsor of the present International

House plan, who witnessed it in action in New Orleans and spent a great deal of time studying it so that he could bring back the complete details to Boston.

Rudsten described the New Orleans International House and then explained how it could benefit Boston if it became the second city in the world to have such a project. "International House is an international businessmen's club. It is supported by dues and founders' contributions from the businessmen of the area in which it is located. Many firms wish to engage in foreign trade but cannot afford foreign trade departments and do not know the procedure, customs requirements, and the technical knowledge required. International House with a World Trade Development Department makes the personalized contacts for the firms, and in general acts as go-between for the buyer and seller. It does all this as a free service. It has a large dining room where businessmen of Boston and foreign countries can meet and discuss their affairs. International House becomes a home away from home for foreign trade travelers. It supplies office interpreters, office space, and bilingual secretarial help to foreign businessmen who visit this area—all free of charge."

"A Boston International House," predicted Rudsten, "can have a wonderful impact on our entire New England area, bring shipping back to the Port of Boston, and enable our city to stimulate a great revival of foreign trade."

Present at the luncheon were Paul Hines, the Mayor's Industrial Advisor; Ralph M. Binney, Vice President, First National Bank; Powell M. Cabot, Massachusetts Development and Industrial Commission; Harold Hodgkinson, Vice President, Filene's; Henry C. Berlin, President, Converse Rubber Company; Capt. C. H. Hurley, President, Waterfront Service Company; Thomas A. Pappas, C. Pappas Company; Morton M. Charney, President, New England Export Club; John T. Lang, Chairman, Board of Directors, Foreign Commerce Club; William J. Hartney, President, Pan-American Society; Earl P. Stevenson, President, Arthur D. Little Company; Richard Parkhurst, President, Mystic Terminal Company; Jarvis Hunt, General Counsel, Associated Industries of Massachusetts; Southworth Lancaster, Traffic Manager, Port of Boston Authority; Henry J. Nichols, Vice President, National Shawmut Bank of Boston; John F. O'Halloran, General Manager, Wiggins Terminal Company; H. Remis, President, H. Remis Company, Peabody; Arnold E. Grade, Assistant to President, Jordan Marsh Company; Maxwell Shapiro, Boston Market Authority, and wool merchant; Joseph Kaplan, President, Colonial Tanning Company.

After a discussion of the entire project with the assembled group unanimous interest was expressed in further exploration of an International House for Boston. Mayor Hynes appointed a committee of five to study the entire project. This committee includes Harold D. Hodgkinson, Ralph M. Binney, Capt. C. H. Hurley, John F. O'Halloran, and Henry J. Nichols. A committee of three, composed of Thomas Pappas, Joseph Kaplan, and Henry Berlin, was appointed to explore possible locations for Inter-

national House. Another committee of three was appointed by the Mayor to consider the problem of incorporation, constitution, by laws, and procedure. This committee included Richard Parkhurst, Jarvis Hunt, and William J. Hartney. Daniel Rudsten was appointed secretary and coordinator of the entire program.

MAYOR THANKS CITY EMPLOYEES AND CITIZENS FOR RESPONSE TO APPEAL FOR EASTER CANDY SENT TO ARMED FORCES IN KOREA.

Mayor John B. Hynes in a statement of thanks to the public and to the city employees for their cooperation with him and the Easter Candy Fund Committee in subscribing money for the payment of the Easter candy sent to the 676 Boston men and nurses with the armed forces in Korea announced that the fund had been oversubscribed \$1235.90. Candy was also sent to the 451 Korean wounded at the Chelsea Naval and the Murphy General Hospitals.

In his statement the Mayor said: "I wish to thank particularly the city employees for their cooperation with me in making the Easter Candy Fund project a success. They not only gave generously of their money to the cause, but they and their friends purchased tickets to a value of \$2,224 on the television set that was drawn."

The total amount received from public donations and the TV set drawing was \$2,778.60. The total cost of the candy, including shipping expense, was \$1,542.70. The surplus of \$1,235.70 plus whatever money is received from the proceeds of the wrestling event to be held Thursday night at the Boston Garden for the benefit of the Candy Fund, will be held in trust by Treasurer Robert Cutler for other Korean servicemen projects.

The TV set was won by John J. McDonald, a city employee stationed at the Jamaica Plain Yard of the Public Works Department. It was drawn off at the Mayor's office in the presence of the Mayor. The lucky ticket was drawn by Miss Rose Lyons of the City Clerk's office. The set was donated by Joseph Rothstein, vice-commander of the South End Post, A. L.

Two-pound boxes of fresh Easter chocolates have also been sent to every one of the 450 Korean wounded at the Greater Boston service hospitals with the season's greetings from "The ever grateful people of Boston." In each box was an attractive Easter card signed by the Mayor.

The 150 boxes sent to the Chelsea Naval Hospital were delivered, at his request, by a committee of wives of officers and enlisted men at the Charlestown Navy Yard under the leadership of Mrs. Pleasant Gold, wife of the commandant of the yard, and Mrs. Evelyn Huble. The 300 boxes sent to the Murphy General Hospital, Waltham, were delivered by city employees, and the nurses and the Red Cross representatives stationed at the hospital.

The candy sent to the servicemen and women with the Army, Navy, Air Force and Marine Corps in Korea, arrived at San Francisco, March 14, and was flown in Army transport planes to Korea in time for pre-Easter delivery.

BOSTON CIVIL DEFENSE NEEDS 100,000 VOLUNTEERS.

According to Joseph L. Malone, Director of the Department of Civil Defense, nearly a third of Boston's Civil Defense army of 100,000 volunteers will be needed in first aid, medical aid, and closely allied services. E-day, the official enrollment day for the huge army of workers has been set for Tuesday, April 3.

Hundreds of thousands of volunteer enrollment cards will be available at key spots, such as libraries, post offices, police and fire stations on that day. The cards list six basic services for which a person may volunteer. They are air raid warden, first aid, auxiliary police, canteen service, auxiliary fireman, and fireguards.

"Of the 100,000 persons needed, 36,000 will be required to deal with fire," Director Malone declared.

"Six thousand volunteers will be required for auxiliary police work," he continued.

Another six thousand auxiliary firemen are vitally needed. In addition, there is a pressing demand for 30,000 fire guards.

Fire may well be the worst enemy of Boston after an attack. With one or more sections reduced to rubble and other areas seriously damaged, heat generated by the explosion, and allied causes will probably start hundreds of fires.

Fire guards, a job not filled to any extent during World War II's civil defense, assumes huge proportions in light of these facts.

Six thousand auxiliary firemen are needed to augment the regular fire department activities. These volunteers will be thoroughly trained in modern fire-fighting methods and in the types of upper-floor rescue work that may be expected in the event of atomic attack.

SUPPLY DEPARTMENT.

Upon March 21 the Mayor approved a contract with contractors as indicated in the following letter:

BOSTON, March 19, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

On February 9, 1951, bids on proposals for furnishing garage equipment to the Fire Department were publicly opened and read in this office. Tabulation of prices received is attached.

Authority is requested to reject the bids received on Item 11 and award all other items to the lowest acceptable bidders at the prices as checked on the accompanying tabulation. The bid of Automotive Distributors, Inc., was irregular, because both copies of their bid were deposited in this office. It is therefore requested that authority be granted me to award a contract, without further public advertisement, to this company for the items as checked on the attached sheets.

Total amounts of contracts will be as follows:

Hunt-Marquardt, Inc., \$7,147.71; Automotive Distributors, Inc., \$3,456.08; Garage and Auto Supply, Inc., \$1,896.41.

All amounts are less 2 per cent cash discount for payment within 10 days.

Respectfully yours,

JOHN V. MORAN,

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with commercial firms, contractors, and supply houses for furnishing labor, supplies, etc. Communications from the heads of departments interested were as follows:

HOSPITAL DEPARTMENT.

BOSTON, March 2, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

On February 5, 1951, you authorized the award of a contract, without public advertising, to O'Hearn's Storage Warehouse Company, 1444 Dorchester avenue, Dorchester, Mass., for the storage of records for the year 1951, at an approximate cost of \$1,781.28.

No contract having been executed at that time, we, therefore, would like to amend that communication and request that authorization be granted to award a contract for the nine-month period from April 1, 1951, to December 31, 1951.

Further permission is requested to dispense with public advertising for the award of the contract in view of the fact that the trustees are of the opinion that no advantage would be gained by transferring our records that have been in this storage warehouse for the past two or three years, and further permission for the awarding of the aforesaid contract to O'Hearn's Storage Warehouse Company, 1444 Dorchester avenue, Dorchester, Mass., at a monthly cost of \$148.44, or \$1,335.96 for the remaining nine months of 1951.

Respectfully yours,

BOARD OF TRUSTEES,
by MARTIN J. ENGLISH, M.D.,
President.

PENAL INSTITUTIONS DEPARTMENT.

BOSTON, March 19, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

A law has been passed, chapter 69, Acts of 1941, which provides "that

all persons committed for any crime, unless the Court otherwise orders, have or cause to be taken his name, age, height, weight, photograph and general description and copies of his fingerprints in accordance with the fingerprint system of identification of criminals. All such photographs and identifying matter shall be transmitted forthwith to the Commissioner of Public Safety." The above law took effect as of June 8, 1941, and it is compulsory that all inmates be photographed upon commitment on and after that date.

In accordance with the above law, I, therefore, respectfully request permission to award a contract, without publicly advertising, to pay Fay Foto Service, Inc., for the performance of taking photographs of all persons committed to the House of Correction, Deer Island, in the sum of one and seventy-five hundredths dollars (\$1.75) for each set of the pictures of each person photographed. Estimated cost will exceed \$1,000.

This type of work is necessarily of a very confidential nature. The Fay Foto Service, Inc., has done this work for a number of years in a highly satisfactory manner. Because this company has guarded carefully these confidences and because confidential matter is best entrusted to one company, I feel that the city's interests will be best served by engaging their services.

Very truly yours,

EDWARD L. FRIEL,
Penal Institutions Commissioner.

SUPPLY DEPARTMENT.

BOSTON, March 20, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Bids for furnishing lead pipe to the Public Works Department, from April 1 to December 31, 1951, were to be publicly opened and read in this office on February 21, 1951, but no bids were received.

However, the National Lead Company of Massachusetts, the present supplier, has submitted a quotation and can furnish the necessary lead pipe to the city for the period of time stated above. It is therefore requested that authority be granted me to dispense with further publicly advertising for prices and award a contract, without public advertisement, to National Lead Company of Massachusetts for approximately 170 reels of lead pipe in various sizes.

The price of lead pipe will be National Lead Company of Massachusetts' base cost of lead in Boston, date of shipment, plus \$4 per hundredweight, less 1 per cent cash discount for payment within ten days; base cost of lead effective at this time is \$18 per hundredweight. Reels are \$7.50 each, and returnable for credit.

Approximate total amount of contract will be \$16,609, including cost of 170 reels, \$1,275.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, March 21, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Boston Sanatorium has submitted a requisition to this office for the following:

One H.P. induction motor for 48-inch mercury extractor, Serial No. 19006; one BA60072 friction pulley assembly; one BA13 upper drive shaft pulley.

Authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Troy Laundry Machinery Division, American Machine and Metals, Inc. Inasmuch as this company is the manufacturer of the above equipment, it is my opinion that no advantage will be gained from a public advertisement for bids.

Total amount of contract will be \$1,049.42, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, March 22, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On March 6, 1951, the only bid received on proposals for furnishing fire alarm box sections to the Boston Fire Department on or before October 31, 1951, was publicly opened and read in this office.

This bid which was submitted by Mechanics Iron Foundry Company was irregular, but inasmuch as there was only one bidder it is requested that authority be granted me to dispense with further public advertisement for prices and award a contract, without public advertisement, to Mechanics Iron Foundry Company at the prices quoted by them in their original proposal.

Approximate total amount of contract will be \$8,320.10, less 2 per cent cash discount for payment within ten days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for the extension of the time of completion of the contract with P. J. Cantwell & Son for egress alterations in various schools in Group A-3, from March 31, 1951, to October 31, 1951. This extension was requested because of delays in getting materials.

Approval has been given for the extension of the time of completion of the contract with Michael Racioppi for egress alterations in various schools in Group H-6, from March 30, 1951, to August 15, 1951. This extension was requested because of delay in securing essential hardware.

Approval has been given for the extension of the time of completion of the contract with M. Spinelli & Sons Company, Inc., for egress alterations in various schools in Group A-2, from March 30, 1951, to October 1, 1951. This extension was requested because of delay in securing necessary material.

FIRE DEPARTMENT.

Approval has been given for an extension of time to J. A. Singarella Company for the performance of a contract for the erection of new fire station, Engine 56, in the East Boston district. The contract dated September 7, 1949, was to have been completed August 7, 1950. An extension of time had already been granted to November 10, 1950. This extension was requested for the reason that the subcontractor was unable to secure certain hardware and mechanical appliances necessary to complete the job within the required time.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract with Charles A. Maguire & Associates for engineers' services for master highway plan, from March 15, 1951, to April 15, 1951. This extension was requested for the reason that the contractor encountered delay in securing the necessary data for the completion of the final report.

Approval has been given for the extension of the time of completion of the contract with M & R Construction Company, 139 Coleridge street, East Boston, for removing the drawspan, approach sections, etc., of the Meridian Street Bridge, to April 14, 1951. This extension was requested for the reason that the contractor requires further additional time to complete certain underwater work, as required by the U. S. Army engineers.

SUPPLY DEPARTMENT.

Approval has been given for the extension of the following contracts to the dates specified:

Somerville Machine and Foundry Company, relative to the purchase of composition metal castings for delivery to the Water Service, Public Works Department, to June 30, 1951.

T. H. McVey, relative to the purchase of guttermouths for delivery to the Sewer Division, Public Works Department, to December 31, 1951.

National Lead Company of Massachusetts, relative to the purchase of pig lead for delivery to the Water Division, Public Works Department, to December 31, 1951.

Mechanics Iron Foundry Company, relative to the purchase of class "B" iron castings (hydrant and gate parts) for delivery to the Water Service, Public Works Department, to December 31, 1951.

Recordak Corporation, relative to the purchase of Recordak film for delivery to the city departments to December 31, 1951.

E. L. LeBaron Foundry Company, relative to the purchase of class "D" iron castings (frames and covers) for delivery to the Water Service, Public Works Department to December 31, 1951.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Atlantic Roads Company, Inc., has been directed to perform the following extra work under the contract for bituminous concrete pavement in Hill Top street and Park street, dated August 23, 1950.

Items ordered: In Hill Top street, excavate, remove, and dispose of 173 cubic yards of sidewalk excavation by hand, including labor and equipment, at \$4.50 per cubic yard. In Park street, excavate, remove, and dispose of 7 cubic yards of sidewalk excavation by hand, including labor and equipment, at \$4.50 per cubic yard. Estimated cost of extra work, \$810.

DAMAGES AWARDED.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of September 20, 1948, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Colchester street, be, and the same hereby is, amended, by adding to said order the amount \$400 as an award to Catherine M. Grady; that the amount \$400 be, and the same hereby is, awarded to Catherine M. Grady for the damages so sustained.

POPULATION DISTRIBUTION.

Another important population change has been the geographic redistribution of the American people. According to Census Bureau estimates for July 1, 1948, seven states had lost population since 1940, and 41 states and the District of Columbia had gained population. The most impressive population gains were in the West; the losses were concentrated in a few states in the upper Missouri River Basin and in the South.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, owners unknown, being the private way known as Spinney street, bounded:

Southwesterly by Sparrow street, seventy-one and 48-100 feet; northerly by the northerly line of said Spinney street, forty-eight and 53-100 feet on a curve of thirty feet radius; northwesterly by the northwesterly line of said Spinney street, two hundred thirty-two and 29-100 feet; westerly by the westerly line of said Spinney street, forty-one and 87-100 feet on a curve of thirty-two feet radius; northeasterly by Cowing street, by two measurements, fourteen and 21-100 feet and forty-nine and 31-100 feet; and southeasterly by the southeasterly line of said Spinney street, two hundred ninety and 32-100 feet, containing eleven thousand, nine hundred and fifty-four square feet, more or less.

The sewerage works to be constructed are as follows: 275 linear feet of 10-inch pipe sanitary sewer and 275 linear feet of 10-inch pipe surface drain, in the above described premises.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of said Spinney street, from Sparrow street to Cowing street, excluding the lots at the corners of Sparrow street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots in the amounts hereinafter respectively set against it; said lots and the supposed owners thereof being shown on the plan hereinbefore referred to and on file in the office of said department.

CONDITIONS IN ACCIDENT WARD OF CITY HOSPITAL.

The following was received:

City of Boston,
Office of the Mayor, March 19, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Superintendent of the Boston City Hospital, relative to your order of February 12, 1951, requesting that an immediate investigation be made of the conditions in the Accident Ward in the Boston City Hospital, with a view to expediting services on the floor of the Accident Ward, and that an investigation be made with a view to rectifying the loss of valuables to patients who are admitted on the Accident Floor.

Respectfully,
J. B. HYNES, Mayor.

Boston City Hospital,
March 20, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

In reply to your communication of February 15, enclosing City Council order of February 12, regarding conditions on the Accident Ward of the Boston City Hospital, I would submit the following:

We do not feel that there are any measurable delays in transporting patients to the wards from the Admitting Department. To be sure, because of the nature of the work, it occasionally happens that, when an emergency arrives, a patient who is in less need of medical assistance is delayed while all energies are used in caring for the sickest patient.

In regard to valuables, our procedure is as follows:

1. Patients brought to the hospital D.O.A. (dead on arrival) are not undressed, and no attempt is made to find identification. After the patient is pronounced dead and is seen by the priest, the body is taken to the morgue by the same officers who brought it to the Admitting Floor.

2. If a D.O.A. is brought by the Fire Department, taxi, or private car, the body is

brought to the morgue through the tunnel by two medical workers, and is always accompanied by the person responsible for the patient's effects. On these occasions an attendant in the morgue takes charge of all valuables and these are signed for by the hospital medical worker, the morgue attendant, and the person who has accompanied the body to the morgue.

All persons coming in who are unconscious are undressed and all valuables checked and listed by two graduate nurses or, in the event of male patients, a graduate nurse and a medical aide. This record is a permanent record of the hospital.

In all unusual circumstances, i.e., large sums of money, or claims of patients as to loss of pocketbook or valuables, the Admitting Executive is notified, and he talks with the patient and signs his name to the property slip, stating that these articles are not with the patient on entrance to the hospital.

When a patient is unable to sign his own valuable record, two nurses are required to check and sign and also state the reason the patient is not capable of signing.

In view of the fact that in 1950 we cared for 102,421 patients and, to my knowledge, there were less than six complaints of loss of valuables, we do not feel it is humanly possible to improve the present system.

Very truly yours,
JAMES W. MANARY, M.D.,
Superintendent.

REPAVING OF PORTION OF WASHINGTON STREET, WARD 17.

The following was received:

City of Boston,
Office of the Mayor, March 19, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Public Works Commissioner relative to your order of February 19, 1951, requesting the repaving of Washington street, from Codman square to River street, Ward 17, and studying the feasibility of straightening out the portion of Washington street at the William Gary Walsh Park by removing the curbstone and taking up a bit of the park.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
March 8, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I return herewith order in City Council that the Public Works Commissioner repave Washington street, from Codman square to River street, Ward 17, and study the feasibility of straightening out the portion of Washington street at the William Gary Walsh Park by removing the curbstone and taking up a bit of the park.

This section of Washington street has been inspected by the Highway Section of the Bridge and Highway Division, and it is found that same is in good condition and requires no attention at this time.

We are, however, in favor of widening the present roadway in front of the Y.M.C.A. building built on the William Gary Walsh Playground. This is a matter of widening and making a taking, which comes within the jurisdiction of the Board of Street Commissioners, and we are notifying them of this Council order and recommending that the widening be made to facilitate the movement of traffic.

Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

To the City Council.
Gentlemen:

I transmit herewith communication from the Public Works Commissioner relative to your order of March 5, 1951, requesting the reconstructing of Sunset street, from Hillside street to Parker Hill avenue, Roxbury, Ward 10.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
March 9, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I return herewith order in City Council that the Public Works Commissioner reconstruct Sunset street, from Hillside street to Parker Hill avenue, Roxbury, Ward 10, and this will advise you that this street will be placed on the list of streets to be given consideration for reconstruction during the current year.

Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

ACCEPTANCE OF ST. ANN STREET, WARD 19.

The following was received:

City of Boston,
Office of the Mayor, March 19, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Chairman of the Board of Street Commissioners, relative to your order of February 26, 1951, requesting to accept, lay out, and extend St. Ann street, Ward 19.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Board of Street Commissioners,
March 12, 1951.

Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

Reference is made to the following Council order dated February 26, 1951.

"Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept, lay out, and extend St. Ann street to Bussey street, Ward 19."

Preliminary surveys and cost estimates are now being made for said extension of St. Ann street. If it is found that the cost of construction will not be excessive, it is our intention to proceed with the acceptance and laying out as requested.

Very truly yours,
GERALD F. SCALLY, Chairman.

DRIVEWAY ON COLUMBUS PARK AT PREBLE STREET.

The following was received:

City of Boston,
Office of the Mayor, March 19, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Park Commissioner relative to your order of February 19, 1951, requesting the installation of a driveway on Columbus Park at Preble street, Ward 7, so that the Park Department trucks will not be required to use 100 yards of the sidewalk before entering the street.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Park Department, March 15, 1951.
Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I am in receipt of a memo from your office with attached enclosure, City Council order requesting the installation of a driveway on Columbus Park at Preble street, so that the Park Department trucks will not be required to use the sidewalk.

This is to advise you that in our schedule of construction work to be done in the Park Department this year, this particular work was listed, and sometime during the early spring we will construct the walk as suggested by Councilor McColgan.

Very truly yours,
FRANK R. KELLEY, Chairman.

BURIAL LOT FOR VETERANS OF KOREAN ACTION.

The following was received:

City of Boston,
Office of the Mayor, March 19, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Chairman of the Board of Park Commissioners, in which he requests that your Hon-

orable Body take action on the proposal to provide a suitable lot in Mount Hope Cemetery for veterans of the Korean expedition.

This request is similar to ones made in 1920 and 1942 for veterans of World Wars I and II. I respectfully request passage of the accompanying order by your Honorable Body.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,

Park Department, February 28, 1951.

Hon. John B. Hynes,

Mayor of Boston.

Dear Sir:

At a meeting of the Board of Park Commissioners held at the Park Department office today, February 28, 1951, consideration was given by the Board to the matter of allowing Boston veterans killed in the Korean action the same burial privileges in the Mount Hope Cemetery lot reserved for veterans as are now granted to veterans of the Spanish-American War and World Wars I and II.

It is the opinion of the Board that the original order passed by the City Council on May 10, 1920, authorizing the Board of Cemetery Trustees, which in this instance is the Board of Park Commissioners, to set aside a suitable lot in the Mount Hope Cemetery for burial of veterans of World War I, which order was subsequently amended by the City Council on November 9, 1942, and approved by the Mayor to allow the same burial privilege for veterans of World War II, should now be further amended so as to provide for those residents of Boston killed in the Korean action, whose families request it, the same burial privilege now granted to other veterans.

Accordingly, if your Honor approves, it is requested that you prepare an order to be introduced in to the City Council which will provide burial privileges in the veterans lot in Mount Hope Cemetery for Boston servicemen killed in the Korean action.

Respectfully yours,

FRANK R. KELLEY, Chairman.

Ordered, That the original order passed by the City Council on May 10, 1920, and amended on June 3, 1940, and November 9, 1942, authorizing the Board of Cemetery Trustees to set aside a suitable lot, now known as World War Veterans Lot, in Mount Hope Cemetery be herewith further amended, to include the burial of residents of Boston who are veterans of the Korean expedition and their dependents in the same order of priority and under the same provisions as specified for veterans of World Wars I and II.

Referred to the Executive Committee.

INCREASE OF ANNUITIES FOR CERTAIN WIDOWS.

The following was received:

City of Boston,

Office of the Mayor, March 19, 1951.

To the City Council.

Gentlemen:

Section 89A of chapter 32 of the General Laws now provides an annuity of \$1,500 for the widows of policemen and firemen who were killed, or died from injuries received, in the performance of duty, and benefits about 170 widows. There still remain fifteen such widows who, under the wording of the section, are limited to lesser annuities by amounts ranging from \$100 to \$300.

Chapter 147 of the Acts of 1951 makes it possible to increase the annuities of these fifteen widows to \$1,500, and for that purpose I recommend the passage of the accompanying order.

Respectfully,

J. B. HYNES, Mayor.

Ordered, That under the authority of chapter 147 of the Acts of 1951, it be, and hereby is, determined that, effective April 1, 1951, the annuities which are less than \$1,500, heretofore paid by the City of Boston under section 89A of chapter 32 of the General Laws, as amended, to the widows of policemen and firemen heretofore determined to have been killed or to have died from injuries received or hazards undergone in the performance of duty, shall be increased to \$1,500.

Referred to the Executive Committee.

CONDUCT AND MAINTENANCE OF OPEN-AIR PARKING SPACES.

Coun. COFFEY offered the following:

Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to prepare promptly for consideration of the City Council an ordinance which shall require for the conducting and maintaining of any open-air parking space in the city a license subject to such rules and regulations as shall more adequately consider the convenience, safety, and rights of the public, and shall be less a fire hazard than present rules and regulations permit; and be it further

Ordered, That such form of ordinance, and the rules and regulations to be promulgated thereunder, shall

1. Forbid the parking of more than six motor vehicles in any 1,000-square-foot area.
2. Forbid the parking of more than twelve motor vehicles in any 3,000-square-foot area.
3. Forbid the parking of more than eighteen motor vehicles in any 5,000-square-foot area.

4. Require the clear designation of lanes of ingress and egress for all cars parked in licensed open-air parking space areas.

5. Require that lanes of ingress and egress shall be kept free and clear at all times, so that any motor vehicle parked or stored on any open-air space area may be readily moved, in case of fire or other emergency, without the necessity of moving other motor vehicles.

6. Require the filing of plot plans with all applications for open-air parking licenses, to include the following information:

- a. Location, street, and number.
- b. Dimensions of lot boundaries.
- c. Gross area.

d. A clearly defined division of the area into blocks representing the proposed posi-

tions of parked motor vehicles, when the area is fully utilized.

e. Clear location of unblocked lanes of ingress and egress between parking spaces on such lot and the public way.

Referred to Committee on Ordinances.

RECREATION EXPENDITURES GROW.

Expenditures for community recreation facilities and service in 1917 communities in 1948 totaled \$93,800,000, double the amount reported in any previous year, according to the National Recreation Association. Nearly one-third of this amount was for land, buildings, and improvements, indicating that many cities are carrying out war-delayed plans to provide needed recreation areas and facilities. More than 84 per cent of the expenditures were met by local, county, or state sources in the form of appropriations, tax levies, or bond issues. Only 4 per cent of the funds came from community funds or other private sources. The remaining 12 per cent was derived from fees and charges.

ASSESSED VALUATIONS CONTINUE TO RISE.

A survey of 43 assessing jurisdictions over 100,000 population, recently completed by the National Association of Assessing Officers, discloses that the latest totals of assessed valuations average 4.3 per cent higher than those for last year. Last year's survey of 46 jurisdictions showed an increase for the preceding period of 6.35 per cent. Duval County (Jacksonville), Florida, reported a 19.7 per cent increase, the highest of any jurisdiction. Other jurisdictions reporting high percentage increases in valuations were Dade County (Miami), Florida, 13.3 per cent; Providence, Rhode Island, 10.5 per cent; King County (Seattle), 10.4 per cent; Grand Rapids, Michigan, 9.3 per cent; Richmond, Virginia, 8.8 per cent; Los Angeles County, 8.5 per cent; Minneapolis and San Antonio, 6.9 per cent; and Erie, Pennsylvania, 6.7 per cent.

ASSESSED VALUATIONS RISE.

The upward trend in assessed values of real estate is continuing, according to the National Association of Assessing Officials. The 1949 tentative assessed value of real estate in New York City is \$18,230,305,297, an increase of \$645,813,084 over the 1948 figure. However, it is still below the all-time high of \$19,616,915,000 recorded in 1932. Philadelphia reports a 1949 valuation of \$2,847,655,787, an increase of more than \$88,000,000 over the 1948 total. Jefferson County, Kentucky, which contains the city of Louisville, reported an increase of \$98,961,180 in its total assessed valuations for 1948 over the 1947 figure, reaching a total of \$1,082,767,925. The assessed valuation of Phoenix, Arizona, increased over 60 per cent last year, from \$101,000,000 to \$166,000,000. Last year the assessed valuation of the city of St. Louis was increased to \$1,379,814,846, which is \$49,000,000 over the 1947 level.

CITIES' RELIEF ROLLS RISE.

General relief case loads showed an increase of 9 per cent from January 1 to March 1 in a representative group of 15 major cities, as compared with an increase of 5.6 per cent during the first two months of 1948 in the same cities, according to a recent survey by the American Public Welfare Association. General relief case loads do not reflect all unemployment because many newly jobless are drawing unemployment compensation and are not on general assistance rolls. Cities where case loads mounted in the first two months of 1949 included Boston, Buffalo, Cincinnati, Milwaukee, Minneapolis, and Philadelphia. General assistance means relief to the indigent, as distinguished from the three major categories of federal aid given under the Social Security program—aid to dependent, to the aged, and to the blind.

CONGRESS VOTES COMPREHENSIVE HOUSING PROGRAM.

Under the new federal housing law signed by the President on July 15 federal funds for slum clearance and public housing are now available to cities that demonstrate a need for low-rent housing. Cities generally must supply proof of blight, a master redevelopment plan for the blighted area, and temporary housing for displaced slum dwellers. The new law provides advance money to help cities map plans. Many cities, especially those that have housing authorities, already have the necessary information and are among the first to qualify for federal aid. Among the cities that are making studies to determine their housing needs are Chicago, Louisville, Miami, Milwaukee, Philadelphia, and Boston. Legislatures of 42 states have authorized local governments to establish low-rent housing authorities, and at least 25 states have laws authorizing local participation in federally supported slum clearance projects. Iowa, Kansas, Oklahoma, South Dakota, Utah, and Wyoming do not as yet have housing-enabling laws that will qualify their cities for federal funds for public low-rent housing.

INSTITUTIONS DEPARTMENT.

INVITATION FOR PROPOSALS FOR INSTALLATION OF ELEVATORS IN THE NICHOLS AND MORRIS BUILDINGS, LONG ISLAND HOSPITAL, BOSTON HARBOR, MASS.

The Commissioner of Institutions of the City of Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for installation of elevators in the Nichols and Morris Buildings, Long Island Hospital, Boston Harbor, Mass.

Proposals will be received until 12 o'clock noon, Monday, April 16, 1951, at the office of the Commissioner of Institutions, 1109 City Hall Annex, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed, and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the amount of 10 per cent of the base proposal shall be submitted with each bid filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, laborers, etc., in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts, a copy of which schedule is attached to the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract, and also comply fully with the rules and regulations governing the taking down of buildings and other structures as contained in Bulletin No. 49, revised as of January 2, 1944, of the Building Commissioner of the City of Boston.

Plans and specifications may be obtained at the office of the Awarding Authority. Bidders already in possession of specifications previously issued in connection with this job will apply to the Awarding Authority for corrections made necessary by this readvertising.

Subbidders bidding on the work of subcontractors shall use the proposal form obtainable from the Awarding Authority upon request.

Subbids will be taken on the following portions of the work:

- A. Roofing and Flashing.
- B. Metal Furring, Metal Lathing, Plastering.
- C. Painting.
- D. Electrical.
- E. Elevators.

All subbidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidders no later than 12 noon, Wednesday, April 11, 1951.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston shall be submitted by subbidders listed under Item 2 of the general contractor's bid form, in not less than 10 per cent of the subbidder's bid price, and shall be submitted with each subbid.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

Information relating to the performance bonds of subcontractors is set forth in the notice to subbidders.

The City of Boston reserves the right to reject any or all bids of the general bidders and to waive any informalities in bidding, if

it be in the public interest to do so. The City of Boston also reserves the right to reject all bids of the subbidders on any item or items and to waive any informalities in the bidding, if such rejection or waiver be in conformance with section 44C of chapter 149 of the General Laws.

HOSPITAL DEPARTMENT (SANATORIUM DIVISION).

PROPOSALS FOR WINDOW CLEANING.

The Trustees of the Boston City Hospital invite sealed proposals for window cleaning at the Sanatorium Division, 249 River street, Mattapan, two times during the period from April 16, 1951, to December 31, 1951, in accordance with the specifications. A bond, in the sum of the entire contract price, will be required for the faithful performance of the contract.

The work shall be done only by use of any one or more of the following methods: (1) ladders, (2) scaffold, (3) boatswain's chair. The use of no other method or methods shall be permitted in doing the work. Attention is called to the applicable revised rules and regulations appearing in Industrial Bulletin No. 21, established by Department of Labor and Industries, Division of Industrial Safety.

Only proposals obtained at the office of the Assistant Superintendent, 249 River street, Mattapan, signed by the bidder and left before 12 o'clock noon of Wednesday, April 11, 1951, at the office of the Assistant Superintendent, with a certified check for \$100, payable to the City of Boston if the proposal is not carried out, will then and there be publicly opened and read. The bids must be made in duplicate, the one with the check to be left at the Sanatorium, the other one to be filed with the City Auditor, City Hall, Boston, before 12 o'clock noon on the date given above for receiving proposals. Proposals are to be addressed "Boston City Hospital (Sanatorium Division), Proposal for Window Cleaning."

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract, and sufficient proof of compliance with the foregoing stipulation will be required before the award of said contract.

MAYOR HYNES EXPLAINS TO BOSTON'S REAL ESTATE MEN REASONS WHY TAX RATE MUST BE INCREASED THIS YEAR—AT EXCHANGE ANNUAL DINNER HE CITES CAUSES BEYOND CONTROL OF MAYOR, SUCH AS INCREASED COST OF LIVING, LESSENING OF TAX DISTRIBUTION BY STATE, INCREASES IN PAY VOTED THE POLICE, AND THE 40-HOUR WEEK, AS CHIEF CAUSES.

The following are the remarks of his Honor the Mayor, John B. Hynes, at the Real Estate Exchange dinner on March 29 at the Copley-Plaza Hotel:

When I received your kind invitation to make a brief talk this evening, I noted that this is the 62nd anniversary of your organization. Whereupon, I could not help but wonder how Mayor Thomas N. Hart felt, 62 years ago, when he appeared before your organization and announced that the tax rate in Boston was to be increased by \$1 to the unprecedented figure of \$12.90 per thousand. I understand that Mayor Hart's announcement of a \$1 increase in the tax rate

CONSTRUCTION OF UNDER-COMMON GARAGE TO BE STARTED ON OR BEFORE JULY 15—MAYOR HYNES ANNOUNCES AGREEMENT GUARANTEED BY \$25,000 CERTIFIED CHECK FROM MOTOR PARK, INC., THAT WORK WILL BE UNDER WAY BY THAT TIME.

Mayor Hynes announced on April 3 that an agreement has been made by the city with Motor Park, Inc., that a contract for the construction of the proposed underground garage beneath Boston Common will be executed on or before June 30. Under the provisions of this agreement, actual work on the project will start on or before July 15. Motor Park, Inc., has posted a certified check of \$25,000 to guarantee the performance of its part of this agreement. This amount will be forfeited to the city if Motor Park, Inc., for any reason fails

URGES DEMOCRATIC PARTY TO CONTINUE TO FURNISH THE MORAL, VIGOROUS, PROGRESSIVE, AND INSPIRING LEADERSHIP IN COUNTRY'S AFFAIRS THAT JACKSON AND JEFFERSON DID EARLIER AND THAT FRANKLIN D. ROOSEVELT INAUGURATED IN THESE RECENT EIGHTEEN YEARS—MAYOR JOHN B. HYNES DELIVERS WELCOMING ADDRESS TO THOSE ASSEMBLED AT THE COPLEY PLAZA FOR ANNUAL VICTORY DINNER—EXTENDS GREETINGS TO NOTABLE LEADERS GATHERED FOR EVENT.

Following are the remarks of his Honor the Mayor, John B. Hynes, at the Jefferson-Jackson Victory Dinner, Copley Plaza, Tuesday night, April 3, 1951:

As Mayor of Boston it is a distinct privilege to extend the official greetings of our city to this great gathering of Democrats who are here in Boston for this annual and traditional dinner.

To our distinguished visitors, the gracious Mrs. India Edwards of the Democratic National Committee and Senator John O. Pastore from the neighboring state of Rhode Island, may I offer a special word of greeting.

By her work Mrs. Edwards has been responsible to a notable degree for the increased interest and participation of women in public affairs and in our national government. It gives me very great pleasure to welcome her to Boston.

Senator Pastore is the first person of Italian-American descent ever to serve in the United States Senate, and in that sense he is a political pioneer for the race from which he came. His is no ordinary responsibility. The ambition and pride of a great racial element in our nation ride with him on what he does in the upper chamber of our Congress.

Men of Italian origin have served well and faithfully as governors, as mayors, and as judges. It was interesting to note that all three candidates for mayor in the great city of New York last fall were men of Italian ancestry.

But, until Senator Pastore was sent from Providence to Washington, no Italian-American had achieved a place in the United States Senate. I believe he will be the first of many members of his race to realize that honor. Senator Pastore, Boston salutes you as a trail blazer for your people.

MAYOR DECIDES TO CONTINUE BATTLE FOR SWIMMING POOL IN NORTH END—IMPERATIVE FOR HEALTH AND SANITATION REASONS.

On April 3 Mayor Hynes issued the following statement:

I am in receipt of a communication from Manley Fleichman, Administrator of the National Production Authority, Department of Commerce, in which the application of the City of Boston to construct a swimming pool at North End Park has failed to receive approval.

It is my purpose to make an appeal of this decision, which can be done under the law, so that it might be possible to construct this swimming pool in the most highly congested area of our city. The money for the construction of the pool is available out of the funds of the George Robert White Fund, and the plans are in a completed state. I will press further on this matter for the reason that this is not a new project but one that goes back several years, and I will also emphasize the imperativeness of this project from both a health and sanitation viewpoint.

This swimming pool, if constructed, will merely take the place of bathing facilities which are no longer available because of the polluted condition of Boston Harbor. I shall, very likely, personally visit the National Production Authority at Washington in the city's appeal of this decision.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

CITY'S PURCHASING METHODS TO BE ENTIRELY REVAMPED AND CENTRALIZED, MAYOR HYNES ANNOUNCES, AFTER RECEIVING REPORT OF HIS COMMITTEE APPOINTED TO STUDY SUGGESTIONS OF FINANCE COMMISSION—TO SEEK PERMISSIVE LEGISLATION FROM COUNCIL AND LEGISLATURE.

A thorough revamping of the methods of purchasing supplies for the city and county has been embodied in a report of a committee appointed by Mayor Hynes to review and make recommendations based on a report by the Finance Commission. The report and recommendations read as follows:

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

The committee appointed by you to review and analyze the recommendations contained in the survey reports of the Boston Finance Commission submit for your consideration the following comments on the report bearing the title, "A Supply System for the City of Boston and the County of Suffolk."

In the main, this report covers the activities of the Supply Department of the city and its findings and recommendations embrace close to 200 typewritten pages. Because of the size of the report, it is manifestly impossible to comment on the entire range of suggestions and recommendations set forth. The committee, therefore, has selected the five recommendations which are deemed to constitute the principal or main functions which should be performed by the Supply Department. They are as follows:

1. To buy all supplies, materials and equipment, and those contractual services which are common to the needs of several or most city and county departments, boards, or officials.

2. To operate a central warehouse for the storage and disposition of office and plant maintenance supplies and any other common-use items on which the Supply Department can effect economies through central storage.

3. To formulate, revise and enforce rules and regulations prescribing (a) the procedure for inspecting, sampling, and testing of deliveries by using departments; (b) the methods for storage and disposition of commodities in its central warehouse and in departmental storerooms; (c) the procedure for transfers of surplus property between departments and for the maintenance of proper records for the control of property in use; (d) the procedure for its own internal purchasing activities as well as that to be followed by using agencies in submitting requisitions and estimates and other related purchasing operations.

4. To make spot-checks on, and test samples of, deliveries and to make periodic examinations of stocks on hand and inventory records in departmental storehouses and stock rooms.

5. To be represented on the Board of Standardization, which should be given authority to develop, adopt, keep up to date, and enforce the use of standard specifications, and should also simplify and standardize the types, varieties, and sizes of commodities commonly bought and used, including printed forms and stationery.

The following comments are submitted for your information in connection with the foregoing recommendations.

Centralized Purchasing:

Boston has had a system of centralized purchasing since 1908 when the present Supply Department was established by ordinance. In actual practice, however, purchasing responsibility in the city is widely scattered. According to statistics contained in the survey report, in 1948, 63 per cent of the total expenditures by the city for supplies, materials and equipment was covered by contracts and purchase orders issued by the Supply Department. As the report points out, the Printing Department buys stationery and office supplies independently; the Public Buildings Department secures the furniture and furnishings required for the 32 public buildings under its management; the School Department, the Police Department, the Public Library, and the many county offices and departments also purchase their requirements independently. The report concludes: "As a result of this situation, the tax dollar spent for supplies, materials and equipment has less mileage than is justified because the inherent benefits of lower prices through bulk buying for the combined requirements of all agencies is, in many cases, lost." It, therefore, concludes that the Supply Department should become, in fact, the central purchasing agency of the city.

Action on two fronts would be necessary to accomplish this recommendation. To accomplish full centralization, legislative authorization would be necessary. This authorization could be based on the provisions of sections 22 to 26 of chapter 7 of the General Laws, as well as sections 51 and 52 of chapter 30. These sections cover the centralized purchasing system of the State itself. While opposition might naturally be expected from the departments who now purchase independently, it would seem that the Legislature would be inclined to look with favor on a proposal which merely emulates the policies and procedure now followed by the State itself.

The purchasing activities of the Public Buildings and Printing Departments are carried on under existing provisions of City Ordinances. It would be possible, therefore, to make a start on the centralization movement by requesting the City Council to amend the Ordinances in question. Such a step would involve changes in chapters 24, 25, and 34 of the City Ordinances. If such a step meets with your approval, the committee will be pleased to draft the necessary changes.

Central Storehouse.

The report proposes that the Supply Department operate a central storehouse for those common-use items of house-keeping, cleaning, maintenance, stationery, office and comparable supplies used in large quantities, and which the Supply Department can procure at sufficiently lower prices through bulk buying to more

than offset the costs of warehouse overhead. The principal problem involved in the consideration of this recommendation is the availability of a structure or building which could be used for the purpose suggested. The erection of a new building for this purpose is undoubtedly out of the question since it would create excessive overhead charges to be absorbed in the prices fixed for the various articles furnished through the central storehouse. The most desirable approach, therefore, to the establishment of this facility would be to secure an existing structure which is no longer required for the purpose for which it was originally constructed. In this respect, mention has been made of the Fire Headquarters building on Bristol street which it is anticipated will be given up late this year when the new Headquarters building on Massachusetts avenue, near Southampton street, will be completed. This building is centrally located and appears to have all the facilities required for the receiving, storing, and shipping of materials, supplies, and equipment. On May 25 the committee will consider with the Fire Commissioner the survey report on the Fire Department. At that time it is our intention to discuss with the commissioner the possibility of subsequent utilization of the present Fire Headquarters building as a central supply warehouse.

Standardization and Specifications.

According to the survey report, most departmental purchases are made without detailed description of specifications. The Supply Department has established standards on a comparatively small group of commodities purchased in large volume, such as coal, fuel oil, fresh food, groceries, and canned products. Also, in the Public Works Department construction materials, such as ready-mix concrete, structural steel, cast-iron pipe, iron castings, and lumber are covered by technical specifications based on national standards. In the absence of standard specifications, departments are allowed wide latitude in designating on their requisitions the type, size or standard of commodities to be purchased. The report recommends that a Board of Standardization be established to be composed of the Superintendent of Supplies as chairman, the City Auditor as secretary, and three other members to be designated from departmental staffs by the Commissioner of Public Works, the head of the Hospital Department, and the Park Commissioner. This Board would be authorized to simplify and standardize the types, varieties, and sizes of commodities commonly bought and used and develop and enforce the use of standard specifications for such commodities.

In the opinion of the committee, this is an excellent recommendation and should be put into effect, regardless of whether any other changes are made in the supply function of the city. With regard to the organization, however, of the committee it is felt that the members of the committee should be designated or named by the Mayor, and that with such action an executive order should be issued to the effect that departments will be required to conform strictly to the specifications and standards established by the committee. In the absence of definite executive direction of this sort the work of the Standardization Committee would, undoubtedly, in the long run, prove of little avail.

The three recommendations already discussed pertain to primary phases of

the supply function, namely, ordering, purchasing, and storing. In the ordinary sense, these activities are considered to be the ultimate in the workings of a Supply Department. The surveyor, however, advances the claim that supply, as a staff function, should cover all phases of personal property management from the initiation of a purchase requisition until the property bought on such requisition has outlived its usefulness. The two remaining recommendations to be discussed, therefore, would, if adopted, expand the responsibilities of the Supply Department and would establish it as the central control agency on all matters concerning nonexpendable property of the city. Under the heading of *Receipt and Inspection* the report sets forth that under existing procedure, the receipt and inspection of supplies, materials, and equipment is solely the responsibility of the individual using department. While certain commodities are subject to test and sampling, for the most part the inspection process is informal and casual. It is recommended that the Superintendent of Supplies should establish and prescribe a standard and uniform procedure for receipt, inspection, sampling, and testing of all deliveries of supplies, materials, and equipment to determine conformance with specifications in the order or contract supporting delivery. It would be the responsibility of the using agencies to comply with the procedural rules and regulations issued by the superintendent, and from time to time "spot-checks" would be made by Supply Department representatives to determine compliance with specifications as well as departmental conformance to the standard receipt and inspection procedure. Under the heading of *Property Control* the survey report sets forth that the city lacks any system for effective property management. While a few departments maintain records of varying descriptions purporting to be property control devices, others have no records or controls of any kind. A few departments periodically inventory property in their custody, but the majority of departments have not inventoried their personal property in years. The report sets forth that to accurately forecast property needs in budgeting and purchasing, the organization must know what it already has on hand, where the property is physically located, and whether it is being fully utilized. In the absence of adequate property records, one department may be in the market to purchase certain commodities, while at the same time another department has surpluses of this same commodity lying idle. In line with its conclusion that supply is a uniform function of personal property management, the report recommends that property control be centralized in the Supply Department, and that rules and regulations be drafted by the Superintendent of Supplies for the control of nonexpendable property and that periodic inspections be made by Supply Department representatives to make certain that the procedure established is being maintained and followed.

In the event all supply activities of the city were centralized in the Supply Department, it would appear logical and proper that the procedure outlined in these last two recommendations should be followed. For the time being, however, it would seem desirable to postpone complete compliance with these recommendations until action is taken on the first three recommendations relating to the primary phases of supply activities.

There is such a thing as having "too many irons in the fire," and very often such a condition results in little, if any, progress. Without prejudice, therefore, the committee feels that action on the two recommendations under consideration should be deferred.

In addition to the five principal recommendations discussed at length, the report contains many suggestions and recommendations on specific phases of the supply function. One such recommendation which merits serious consideration relates to contract procedure. It must be agreed that under existing procedure considerable time elapses between the receipt of departmental requisitions and the ultimate deposit with the Auditing Department of a formal contract signed by the Mayor, the contractor, and the surety. To expedite contract procedure the report suggests that the present form of written contracts for supplies, materials, and equipment be dispensed with and that a combination invitation bid and acceptance form similar to United States Government Standard Form No. 33 be adopted. It is further suggested that the bid offer of the successful bidder, when signed by the Superintendent of Supplies, be deposited with and be accepted by the City Auditor as the official contract. Performance bonds would be dispensed with under this practice and the bidder's responsibility would be determined, if necessary, by investigation of his financial standing and service reputation. In order to limit the submission of bid proposals to reputable and financially sound concerns, it is suggested that the original bids be accompanied by a certified check for 10 per cent of the estimated value of the contract. This suggestion would appear to have considerable merit, but naturally it involves a complete change in present practice which is based on Charter provisions. In short, this is a matter which would require legislation.

The survey report has been discussed by the committee with the Superintendent of Supplies and this official is in agreement with the thoughts of the committee expressed in this communication. Beyond a doubt, this report is one of the most valuable of its kind and merits, therefore, serious consideration and attention.

Respectfully,

CHARLES J. FOX,

MAYOR ANNOUNCES CONSTRUCTION OF UNDER-COMMON GARAGE TO START SOON.

(Continued from page 301.)

to meet the terms of the agreement. Attached is a copy of the agreement between the city and Motor Park, Inc.

MOTOR PARK, INC.,
One Court Street,
Boston 8, Mass.,

April 3, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

In consideration of the extension and renewal by the city until June 30, 1951, of its existing agreement with Motor Park, Inc., for a contract and lease for the construction and operation of an underground garage at Boston Common, Motor Park, Inc., delivers to you here-

with its certified check in the sum of twenty-five thousand dollars (\$25,000), as guarantee of Motor Park, Inc.'s, performance of the following conditions:

1. That Motor Park, Inc., will be prepared absolutely to execute and deliver to the city on or before June 30, 1951, a contract and lease for the construction and operation of said garage, in accordance with the requirements of chapter 294 of the Acts of 1946.

2. That Motor Park, Inc., shall, on or before June 30, 1951, have contracted with a qualified contracting company for the construction of said garage, which contract shall provide for the commencement of actual construction on or before July 15, 1951.

3. That Motor Park, Inc., shall, on or before June 30, 1951, furnish a satisfactory full performance bond in compliance with the provisions of said chapter 294, executed by a surety company or companies authorized to do business in the Commonwealth.

If Motor Park, Inc., shall fail to fulfill any of the foregoing conditions, then the contractual arrangements between the City of Boston and Motor Park, Inc., shall terminate and said twenty-five thousand dollars (\$25,000) shall be forfeited to the city. If Motor Park, Inc., fulfills the foregoing conditions, the \$25,000 shall be returned to Motor Park, Inc.

Respectfully yours,

MOTOR PARK, INC.,
by WINTHROP R. SCUDDER.

MAYOR HYNES' ADDRESS OF WELCOME AT ANNUAL JEFFERSON-JACKSON VICTORY DINNER.

(Continued from page 301.)

Ladies and gentlemen, before I close may I leave one final thought with you.

The Democratic party is in control of our national government, our state government, and the municipal government of this city. It has provided the leadership in our national affairs for eighteen years, most of them trying and testing years. But because a political party has been in power a long time does not in any way mean any lessening of its primary responsibilities to the people and to the nation.

In no degree whatever is that responsibility less than it was eighteen years ago when Franklin D. Roosevelt was starting his first term and was introducing the New Deal to this country.

Today, with our boys fighting in Korea, with our citizens being asked to sacrifice so that our nation may be so strong that a third world war can be averted, the people of the United States are looking to the Democratic party for a high standard of leadership.

We should remember, not only tonight, but in the months to come, that if the Democratic party fails to furnish the moral leadership—vigorous, progressive, and inspiring leadership—the people will turn elsewhere to get it.

We will serve both our party and our nation when we set our sights on that kind of leadership.

MAYOR HYNES' ADDRESS AT REAL ESTATE EXCHANGE DINNER.

(Continued from page 301.)

brought cries that Boston was on the verge of imminent bankruptcy.

I wish, like Mayor Hart, I could say to this organization that the tax rate of Boston will be increased only \$1 this year. Unfortunately, I am a bearer of sad rather than happy tidings for do what we will this year in Boston, the conditions prevailing make it impossible to meet the requirements and the commitments of the city government unless there is an increase in the tax rate.

For instance, it is estimated by the State Tax Commissioner that the distribution of income and corporate taxes to Boston, this year, will be \$3,500,000 less than last year. Operational and maintenance costs, including salary increases—all a consequence of the inflationary period in which we are living—will increase the expenses of the city by about \$6,500,000. The 40-hour week voted by the people to the policemen of Boston increased this year's expenses by \$1,400,000.

MTA DEFICIT.

The new MTA deficit will cost the City of Boston \$350,000 this year, in addition to the \$1,015,000 we are paying this year on the deficit we inherited from 1948 and 1949.

Within our present authority, increased costs of the municipal government must be carried, in the main, by owners of real estate. We have no other consumer to absorb our rising costs. There is reason, therefore, now more than ever before, for anxiety on the part of those who have investments in real property. It must be obvious that real estate cannot continue to carry a load which grows heavier from year to year. And it must also be obvious that the tax base should be broadened so that a more equitable distribution of municipal costs may be made.

Your organization, for some years, has advocated the broadening of the tax base, and only recently in your monthly magazine various recommendations were made with respect to this matter.

Concerning these recommendations, while I am not in agreement that the values of residential properties should be increased, willy-nilly, especially when the tax bills received by owners of residential properties reflect almost every year an increased tax rate, yet I do thoroughly agree with the recommendation that a complete revaluation of real property in Boston should be made.

As a matter of fact I have discussed this matter with my Board of Assessors who in turn consulted recognized appraising firms on this point. The estimate we received for a so-called expert reappraisal of the entire city was approximately \$1,000,000.

Rather than expend this sum of money in this matter, it is our present belief that legislation authorizing a revaluation of the city over a three-year period, to be accomplished by our own 49 assessors, would reach the same objective at a great deal less cost to the city. It is also our conviction that any revaluation of this city should not be made ef-

fective until the time that a new source of income is obtainable for, in the last analysis, any revaluation of the city will result in higher tax bills for some individuals unless new income is available.

TAX EXEMPTIONS.

Another argument for the broadening of the tax base is the alarming increase in the amount of tax-exempt properties in Boston, and I do not refer to properties held by religious groups, but rather do I refer to properties owned by the Federal Government, the State Government, and various other public or semi-public authorities. Boston, being the capital city of the Commonwealth, is the logical location for much tax-exempt property, and while we are proud and happy that our city is the site of these properties, nevertheless they are contributing factors in the ever-narrowing tax base which reflects itself in a higher tax rate from year to year.

It is not my purpose, tonight, to discuss the entire tax picture as it relates to the City of Boston. I would prefer to do that at some later occasion. I do, however, wish to state that this present administration is making every effort to value equitably real estate. We feel that a continuation of the policies we have adopted will, in two or three years, remedy the chaotic condition which existed prior to this administration.

We have not satisfied everybody this year, and could not do so without incurring further deficit on top of the already existing overlay deficit of the years prior to this administration, which is costing the City of Boston \$2,000,000 out of current taxes. We have adopted a course of procedure which, if it has not already discouraged the professional tax abatement seeker, has severely clipped his wings.

IMPROVEMENTS MADE.

In short, gentlemen, we have in the space of less than a year and a half made strides in the direction of better city government, not alone in the Assessing Department, but in various other departments of our city government. The Finance Commission, after a survey by recognized experts, made 571 recommendations for administrative improvements in the city government. We have accepted and adopted and are putting into effect approximately half of the recommendations made by the Finance Commission, and we will undoubtedly adopt and put into effect a further number of recommendations made by that body.

If we have accomplished little else in this administration, I think we have the right to point to a renewed confidence and faith in the objectives and the motives of the city government. We have not, and we could not, in a short period of time, complete the almost absolute face-about which was necessary to improve the type and standard of government in this city. I do submit we have made headway and we have shown progress, and I do say, without fear of contradiction and without equivocation, that this administration has demonstrated its fundamental belief that the municipal government is a government of the people—all the people. As long as we hold to that belief, you may be

certain whether you are the owner of real estate or whether you are on the welfare rolls of our city you will be given fair, just, and equitable treatment.

RETIREMENT BOARD REPORTS.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms, contractors, commercial and supply houses for furnishing labor, supplies, etc. Communications from the heads of the departments interested were as follows:

INSTITUTIONS DEPARTMENT.

BOSTON, March 28, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

I respectfully request your permission to award a contract, without publicity advertising for bids, to the Crandall Engineering Company for full architectural services in connection with the proposed erection of a gatehouse at Moon Island, at the entrance to the Long Island Viaduct.

The estimated cost of the proposed building is ten thousand dollars (\$10,000), and the architect will be paid a fee equal to 5½ per cent.

In view of the professional nature of the services involved, and the fact that the Crandall Engineering Company has equipment on this location, nothing would be gained by publicly advertising for bids.

Respectfully yours,

JOHN R. MCGILLIVRAY,
Commissioner.

PUBLIC WORKS DEPARTMENT.

BOSTON, March 22, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

Under date of July 10, 1950, a contract was awarded to Thompson & Lichtner Company, Inc., for testing, inspecting, designing, and controlling bituminous and cement concrete mixes used by the department and by contractors working for the department on street construction and reconstruction work.

The work done by the above-referenced firm of testing and consulting engineers was very satisfactory, and it is my opinion that it would be in the best interests of the city if a similar contract were awarded to said firm, covering the testing and inspection of all roadway material used during the current year on our street construction and reconstruction program. The amount of money spent for testing services represents only a small percentage of the cost of the materials used on our street work, and a contract of this type, unquestionably, is a good investment and may be considered as insurance. The testing and consulting engineer provides a control engineer at each asphalt plant to supervise operations and to control and design the asphaltic pavement mixes. This type of inspection service insures not only the quality of the materials of pavement mixes, but also the quantity. The latter-referenced item is very important because we now pay street construction contractors for roadway materials furnished on a tonnage basis, rather than on a square yard basis, which was the policy in effect in prior years. The change in policy from square yards to tonnage has been particularly beneficial to the city, and also, in my opinion, is the fairest method of payment from a contractor's point of view.

The firm of Thompson & Lichtner also makes field tests when necessary and, in general, is in complete charge of the asphaltic pavement material from the time that it is mixed at the plant to the laying of the material in the street. In addition to asphaltic materials, the testing engineer also provides plant inspection and control of cement concrete pavement and bases.

I believe that a contract of this type should be awarded at a price at which we are certain that the quality of service rendered by the contractor will not be detrimentally affected. Last year's contract provided for fair and reasonable payments, thereby assuring adequate and competent supervision and control of the pavement mixes. I have discussed a new contract, covering the current year, with a representative of Thompson & Lichtner Company, and he informed me that they are agreeable to executing a new contract substantially in accordance with the provisions of last year's contract, with a few minor adjustments in some of the unit prices. The principal item of the contract, however, affecting the plant inspection of asphaltic concrete, will be the same as last year's price, namely, 25 cents per ton. This type of contract is one that does not lend itself to publicly advertising for proposals because the service rendered and the integrity of the firm are of more importance than the price factor, although the cost is a consideration. In this particular case, the price for which the above-referenced firm has agreed to perform the services required under the contract provisions is fair and reasonable, and it is my unqualified opinion that nothing would be gained by publicly advertising for proposals.

I respectfully request, therefore, that you approve, without publicly advertising for bids, the award of a contract to Thompson & Lichtner Company, Inc., for testing, inspecting, designing, and controlling bituminous and cement concrete mixes used by or under the direc-

tion of the department during the current year on street construction and reconstruction work on the basis of agreed prices, and with the understanding that the contract will not exceed the total amount of \$45,000.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, March 26, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On December 29, 1950, following the opening of publicly advertised bids and my written request therefor dated December 29, 1950, your Honor approved the award of a contract, which was to have covered the period from January 2, 1951, to July 1, 1951, to the low bidder, G. DeLuca Company, Inc., 44 Woodward avenue, Roxbury, for the removal of approximately 1,500 abandoned gas lamp posts, at the estimated cost of \$10.125, based on the unit bid price of \$6.75 for each lamp post removed.

For your information, that proposed contract was never executed, in view of the limitations imposed upon municipal officers by the Acts of 1909, chapter 486, section 3A, as amended, relating to the incurring of liabilities, in the absence of appropriation, prior to the effective date of the municipal budget.

In view of the foregoing, therefore, your permission is respectfully requested for the award of a contract, without further public advertising, for removing abandoned gas lamp posts in various city streets to G. DeLuca Company, Inc., 44 Woodward avenue, Roxbury, at an estimated cost of \$10.125, based on the identical unit price of \$6.75 for each lamp post removed, and relating to a total of approximately 1,500 gas lamp posts.

The proposed contract will be executed for the period beginning April 2, 1951, and terminating July 1, 1951.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, March 26, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On December 7, 1950, following the opening of publicly advertised bids and my written request therefor dated December 7, 1950, your Honor approved the award of a contract, which was to have covered the year 1951, to the low bidder, Edward F. Butler, for the removal of ashes, cinders, clinkers, and refuse from the ferryboats, at an estimated cost of \$1,800. The approximate contract cost was founded on the unit bid price of \$9 per day, based on an estimated need for such services for a total of 200 days in 1951.

For your information, that proposed contract was never executed, in view of the limitations imposed upon municipal officers by the Acts of 1909, chapter 486, section 3A, as amended, relating to the incurring of liabilities, in the absence of appropriation, prior to the effective date of the municipal budget.

However, under the authority of the statute cited above and conforming also with the Acts of 1890, chapter 418, section 6, as amended, the proposed con-

tractor has been engaged in removing ashes, cinders, etc., from the ferryboats for a total period, to date, of 52 days, and he has performed these services at the aforesaid unit bid price of \$9 for each day's work.

In view of the foregoing, therefore, your permission is respectfully requested for the award of a contract, without further public advertising, for removing ashes, cinders, clinkers, and refuse from the ferryboats to Edward F. Butler, at an estimated cost of \$1,332, based on the same unit bid price of \$9 for each day such services are furnished, and on a total of approximately 148 days' work.

The proposed contract will be executed to cover the period beginning April 2, 1951, and terminating December 31, 1951.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, March 26, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On November 28, 1950, following my written communication of even date therewith, your Honor approved the awarding of contracts for the collection of garbage and refuse from all sections of the city for the period commencing with January 1, 1951, and ending not later than March 31, 1951, and with agreements contained therein relating to renewal of the said contracts upon the same terms and conditions for the period commencing April 1, 1951, and ending December 31, 1951.

The period covered by the present contracts terminates March 31, 1951.

Therefore, in order to renew the above-mentioned written contractual arrangements, because considerations of public health make it imperative that these vital services be at all times maintained and, in order to fully observe the requirements of the Acts of 1909, chapter 486, section 30, as amended, in respect to the same, I respectfully request your permission to dispense with publicly advertising for proposals and to award contracts for the collection and removal of garbage and refuse, in the districts hereinafter specified, and to the contractors named, at the amounts designated, for the period commencing on April 1, 1951, and ending December 31, 1951:

District 1. South Boston.—Ward General Contracting Company, \$11,700 per month; dump to be furnished by the city at the Calf Pasture site.

District 2. East Boston.—Edward J. McHugh & Son, \$9,453 per month; dump to be furnished by the contractor.

District 3. Charlestown.—Edward J. McHugh & Son, \$4,132 per month; dump to be furnished by city at Fort Hill Receiving Station.

District 4. Brighton.—Anthony J. Ryan, Inc., \$17,784 per month; dump to be furnished by the city at Calf Pasture site.

District 5A. West Roxbury.—John J. Moore Company, \$9,697 per month; dump to be furnished by the contractor.

District 5B. Jamaica Plain.—John J. Moore Company, \$8,893 per month; dump to be furnished by the contractor.

District 6A. Dorchester North.—Coleman Brothers Corporation, \$20,782 per month; dump to be furnished by the contractor.

District 6B. Dorchester South.—Coleman Brothers Corporation, \$24,156 per month; dump to be furnished by the contractor.

District 7A. Elm Hill.—Coleman Brothers Corporation, \$4,299 per month; dump to be furnished by the contractor.

District 7B. Dudley.—Charles Callahan Company, \$6,119 per month; dump to be furnished by the city at the Calf Pasture site.

District 7C. Mission Hill.—Marinucci Brothers & Co., Inc., \$6,210 per month; dump to be furnished by the city at the Calf Pasture site.

District 7D. Roxbury.—Marinucci Brothers & Co., Inc., \$11,100 per month; dump to be furnished by city at the Calf Pasture site.

District 9. South End.—Anthony J. Ryan, Inc., \$9,826.80 per month; dump to be furnished by city at Albany Street Receiving Station.

District 9A. Back Bay.—Dooley Brothers, Inc., \$4,672 per month; dump to be furnished by city at Albany Street Receiving Station or Fort Hill Receiving Station.

District 9B. Stuart.—Capitol Contracting Company, Inc., \$5,412 per month; dump to be furnished by city at Albany Street Receiving Station or Fort Hill Receiving Station.

District 10. North and West Ends.—James A. Freaney, Inc., \$14,380 per month; dump to be furnished by city at Fort Hill Receiving Station.

District 11. Hyde Park.—Mary C. Bryan, \$4,889 per month; dump to be furnished by the contractor.

The aforementioned contractors, with two noteworthy exceptions to be mentioned herein, based upon my selection of them as the lowest eligible and responsible bidders, following the opening of publicly advertised proposals and in accordance with my recommendations, were awarded their existing contracts by your Honor, on November 28, 1950. Furthermore, at that time, I considered that in awarding the contracts to these contractors, the city would thereby have this vital service performed in a sanitary and satisfactory manner, and at the lowest possible cost per month. I remain of the same opinion and, in addition, I now have daily evidence of the efficient performance of the said contractors in carrying out the contracts. Therefore, I feel that nothing is to be gained by publicly advertising for bids for the proposed contracts for collecting and removing garbage and refuse from the city districts, to cover the period from April 1, 1951, to December 31, 1951, inclusive.

Ward General Contracting Company and Marinucci Brothers & Co., Inc., were awarded their respective existing contracts in District 1, South Boston, and District 7, Roxbury, without publicly advertising for bids, based upon the appreciably lower prices obtained through the negotiations which followed their submission of proposals to the city, as a result of the city having publicly advertised therefor. These two contractors were awarded the present contracts because the agreed prices for the work were not unreasonable, and because I con-

sidered them well equipped and competent to perform garbage and refuse collection and removal services for this municipality. Both of these contractors have performed their present contracts in a very commendable manner, their prices are fair, and I therefore feel that nothing would be gained by publicly advertising for bids for the subject work to be performed in District 7D, Roxbury, and District 1, South Boston, for the period April 1, 1951, to December 31, 1951.

The monthly cost set out above, in each case, is the same amount as is being paid monthly to each contractor under the existing contracts. Further, the work will be done under the same terms and conditions consistent herewith, as are set forth in the present contracts.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, March 27, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On November 28, 1950, your Honor approved the award of a contract, without publicly advertising for bids, to the Coleman Disposal Company, for disposing of garbage and refuse collected in certain districts of the city for the period commencing with January 1, 1951, and ending not later than March 31, 1951, at a monthly cost of \$44,166.66, and with agreement contained therein relative to renewal of the said contract upon the same terms and conditions for the period commencing April 1, 1951, and ending December 31, 1951.

The period covered by the existing contract terminates on March 31, 1951.

Therefore, in order to renew the above-described written contractual arrangements, due to the necessity of making provision for the continuation, without interruption, of these essential services, and in order to fully comply with the requirements of the Statutes of 1909, chapter 486, section 30, as amended, in respect thereto, I respectfully request your permission to dispense with publicly advertising for bids and to award a contract, at a monthly cost of \$44,166.66, to Coleman Disposal Company, 40 Central street, Boston, for disposing of garbage and refuse collected in specified districts for the period commencing with April 1, 1951, and terminating on December 31, 1951. The aforesaid monthly cost of \$44,166.66 is the same amount as is being paid monthly to this firm under the existing contract, excepting the final payment, in the amount of \$44,166.74, and will result in a total expenditure under the proposed new contract of \$397,500.02.

The work will be done under the same terms and conditions consistent herewith, as are set forth in the present contract.

In my opinion, nothing would be gained by publicly advertising for proposals for this work, in view of the fact that the Coleman Disposal Company is the most completely equipped firm in this area for performing this kind of work and considering that their price is fair and reasonable. Furthermore, this firm is regularly demonstrating under the existing contract that it has the ability and facilities to carry out its

garbage and refuse disposal operations in a highly satisfactory and efficient manner.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, March 21, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Boston City Hospital and Sanatorium Division have submitted requisitions to this office for X-ray film in various sizes, to be delivered immediately. At the present time there is no contract for X-ray film in existence. Therefore, informal quotations for prices were solicited among the various dealers, and identical prices were received from three vendors.

No one company can make immediate delivery on all items. Authority is requested to dispense with publicly advertising for additional prices and award contracts to the following companies for the amounts specified:

Atlantic X-Ray Company, \$13,625, less 2 per cent cash discount for payment within ten days.

E. M. Parker Company, \$13,625, less 2 per cent cash discount for payment within ten days.

Harper X-Ray Company, \$1,349.81, less 2 per cent cash discount for payment within ten days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, March 27, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On February 19, 1951, bids on proposals for furnishing rubber coats to the Fire Department were publicly opened and read in this office. Inasmuch as the samples of the coats submitted by the vendors were not acceptable, all bids have been rejected.

One of the problems in the selection of rubber coats is to obtain proper length coats for the various men. In the past it has been the custom to buy a standard length coat and have the alterations as to length made in the Fire Department workshop. I am advised by the Fire Department that considerable time and labor would be saved if the coats could be furnished in various lengths as specified by the Fire Department from time to time.

The Archer Rubber Company has proposed to furnish the rubber coats in accordance with the exact specifications of the Fire Department and in custom lengths. It is therefore requested to dispense with publicly advertising for bids and to award a contract, without public advertisement, to the Archer Rubber Company. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be \$3,103, less 2 per cent cash discount for payment within ten days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

Boston, March 27, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Water Division of the Public Works Department has submitted several requisitions to this department for Hersey meter parts.

Inasmuch as Hersey Manufacturing Company is the manufacturer of these meter parts, authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to this company. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be \$5,304.70, less 2 per cent cash discount for payment within ten days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

ADDITIONS TO CONTRACT.

FIRE DEPARTMENT.

Approval has been given for the following additions and deduction in the contract of M. S. Kelliher Company for the erection of a new Headquarters Building and Maintenance Garage on Southampton street:

Addition No. 17.

Furnish labor and material for complete installation of lubrication system, including covering tanks, pumps, and all air equipment connected to air compressor for trucks in the large Maintenance Garage; installation of lubrication system, including covering tanks, pumps, and air lines connected to air compressor for passenger cars in the large Maintenance Garage; complete installation of lubrication dispensing equipment located in large stock room, includes tanks, pumps, and air lines connected to air compressor, \$10,858.37.

Addition No. 18.

Furnish labor and material for the installation of 343 lockers; steel shelving, steel files, and five counters in various sections of the new building as specified by the architect, \$16,242.60.

Deduction No. 8.

Deduct the following allowances from the contract sum: Lockers, \$7,000; pipe racks and steel shelving, \$10,000; special counter work, \$3,500; material tests, \$3,000; lubricating tanks, \$3,000, total, \$26,500.

Summary of Contract.

Original contract, \$1,684,932; additions Nos. 1-18, inclusive, \$57,379.34; total contract with additions, \$1,742,311.34; deductions Nos. 1-8, inclusive, \$40,105; total contract with additions and deductions, \$1,702,206.34.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for the extension of the time of completion of the contract with Martin J. Kelly Company, Inc., for alterations at the Dorchester High School for Girls from March 16, 1951, to April 30, 1951 (contract approved December 7, 1950).

This extension is requested because asphalt plants do not open until spring of the year, thus the delay in laying blacktop necessary to complete contract.

Approval has been given for the extension of the time of completion of the contract with Construction Units, Inc., for egress alterations in various schools in Group F-1, from March 30, 1951, to October 31, 1951 (contract approved October 30, 1950).

This extension is requested because of delays in obtaining materials due to shortages.

Approval has been given for the extension of the time of completion of the contract made with Construction Units, Inc., for egress alterations in various schools in Group A-1, from March 30, 1951, to October 31, 1951 (contract approved October 30, 1950).

This extension is requested because of delays in obtaining materials due to shortages.

Approval has been given for the extension of the time of completion of the contract made with Martin J. Kelly Company, Inc., for egress alterations in various schools in Group E-1, from March 30, 1951, to October 31, 1951 (contract approved October 23, 1950).

This extension is requested because of the subcontractor's inability to procure the necessary materials with which to perform his work.

FIRE DEPARTMENT.

Approval has been given for an extension of time for the performance of a contract with Industrial Welding Company for repairing the pumper of Engine Company 27.

The contract is dated December 19, 1950, and was to have been completed March 20, 1951.

Due to the fact that certain parts used in the repair work could not be obtained by the contractor without delay the work could not be completed within the required time.

Request is therefore made for an extension of time for the performance of the contract to March 27, 1951.

HOSPITAL DEPARTMENT.

Approval has been given for an extension of time from February 28, 1951, to March 20, 1951, on the contract of J. M. McCusker Company for repairing broken drain line in yard coming from Wards B. C. D. building, Boston City Hospital (contract approved February 16, 1951).

This extension is necessary because of delay beyond the control of the contractor, weather conditions preventing the finishing and grading, and conditions which were encountered which were not anticipated when the work was begun.

Approval has been given for an extension of time from February 23, 1951, to March 20, 1951, on the contract of J. M. McCusker Company for repairing high pressure main in the rear of the Protestant Chapel, Boston City Hospital (contract approved February 16, 1951).

This extension is necessary because of delay beyond the control of the contractor, weather conditions preventing proper backfill and replanting of trees and the grading.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract with General Ship and Engine Works, Inc., for making emergency repairs to operating machinery of the Chelsea Street Bridge over the Chelsea River, to April 20, 1951.

This extension is requested because the contractor had difficulty in obtaining steel castings for supplying spare parts called for under his contract.

Approval has been given for the extension of time of completion of the contract with General Ship & Engine Works, Inc., for repairing two (2) spare main trucks for the Summer Street Bridge, to April 30, 1951.

This extension is requested because the contractor has been delayed in getting cast-steel shells from the steel foundry.

Approval has been given for the extension of the time of completion of the contract with John Forward, Inc., for repairs to the Northern Avenue Bridge boat landing, to March 30, 1951.

This extension is requested because the contractor was delayed due to poor tide and weather conditions.

CONTRACT AMENDED.

United States Hoffman Machinery Corporation of Boston has been allowed to amend the contract for furnishing and installing laundry machinery at Long Island Hospital, Boston Harbor, as follows:

By substituting as the date of completion of the work May 15, 1951, in place of March 15, 1951.

Delay is due to the fact that the construction work has not progressed to a point where the laundry machinery can be moved into the building.

All provisions of the aforesaid contract, except as specifically modified by this agreement shall continue in full force and effect.

POLICE DEPARTMENT ORDERS.

General Order No. 1,449.

The resignation of Patrolman Leonard V. Avery, Crime Prevention Bureau, having been presented, it is hereby accepted, to take effect Monday, April 2, 1951, at 7.45 o'clock A.M., seven days' notice waived.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

FIRE DEPARTMENT ORDERS.

LOCATION OF PRIVATE WAY.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the location, direction, width, and grade of the private way in the West Roxbury district, designated as Jamaica way court, as shown on a plan by George E. Bertini, dated October 4, 1949, and on file in the office of this department, be, and the same hereby are, approved.

LAND-TAKING FOR LIBRARY BUILDING.

The Mayor has approved the following request of the Trustees of the Public Library:

BOSTON, February 23, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your approval is respectfully requested for the taking in fee, in the name of the City of Boston, by the Board of Street Commissioners of the City of Boston of certain parcels of land in West Roxbury, which are not already appropriated to a public use and upon which the Trustees of the Library wish to erect a branch library building.

The land to be taken consists of the following parcels:

Approximately 5,684 square feet of land, with the building thereon, presently numbered 142 School street in the West Roxbury district of said Boston, Commonwealth of Massachusetts, being the lot of land shown on plan "Compiled Plan of Lots, Ward 11, Boston, Massachusetts, Owned by Josephine E. Adams," supposed to belong to Rose Alexanian, on a plan drawn by E. L. Moulton, surveyor, dated March 4, 1939, recorded with Suffolk Deeds, Book 6129, page 373.

Approximately 7,180 square feet of vacant land on said School street, being shown as lot B on the aforementioned plan.

Approximately 5,382 square feet of land, with the building thereon, being the estate 120 School street in the West Roxbury district of said Boston, Commonwealth of Massachusetts, supposed to belong to John F. and/or Helen Jennette, and being a portion of lot B on a plan by Garbett & Wood, dated May 3, 1892, recorded with Suffolk Deeds, Book 2061, page 443; being the same premises as described in a deed, dated June 8, 1911, recorded with Suffolk Deeds, Book 3548, page 154.

The taking of the above-mentioned lots of land is to be made with funds appropriated under the order of the City Council of the City of Boston, dated October 6, 1949.

After careful examination and study of the area the Trustees have established that the above site is in their opinion the best site on which to erect a branch library building to serve the citizens of the Egleston square area. There is sufficient land to build an attractive branch library building in the center and to do a thoroughly adequate piece of landscaping on the remaining land.

There are attached hereto the formal votes taken by the Trustees of the Library, requesting the Board of Street

Commissioners of the City of Boston to take in fee the land and buildings mentioned above. Your approval of this action is respectfully requested.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
LEE M. FRIEDMAN,
Vice-President.

BOARD OF TRUSTEES,

January 5, 1951.

Voted, That the Board of Street Commissioners of the City of Boston be, and hereby is, requested by the Trustees of the Public Library of the City of Boston to take in fee, in the name of the City of Boston, and with the approval of the Mayor, the following-described land and buildings within the limits of the City of Boston and not already appropriated to a public use, namely:

Approximately 5,684 square feet of land, with the building thereon, presently numbered 142 School street in the West Roxbury district of said Boston, Commonwealth of Massachusetts, being the lot of land shown on plan "Compiled Plan of Lots, Ward 11, Boston, Massachusetts, Owned by Josephine E. "STOP" SIGN ON DORCHESTER STREET, AT EAST BROADWAY.

The following was received:

City of Boston,
Office of the Mayor, March 26, 1951.
To the City Council.

Gentlemen:
I transmit herewith communication from the Traffic Commissioner relative to your order of March 5, 1951, requesting the installation a "Stop" sign on Dorchester street, at East Broadway, before entering Perkins square, Ward 6, on the side nearest to Second street.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Traffic Commission, March 20, 1951.
Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:
With reference to City Council order dated March 5, 1951, requesting the installation of a "Stop" sign on Dorchester street at East Broadway, before entering Perkins square, I wish to report that at a meeting of the Traffic Commission on March 15, consideration was given to this proposal.

Our engineers report that southwestbound traffic approaching Perkins square has a full view of the intersection and drivers can see any traffic approaching from East Broadway.

In view of this fact it is the opinion of our commission that a "Stop" sign is not warranted at this intersection.

Respectfully yours,

WM. ARTHUR REILLY, Commissioner.

Placed on file.

REPORT ON WATERPROOFING AND POINTING OF SCHOOL BUILDINGS

The following communication was presented:
City of Boston
Department of School Buildings
26 Norman Street

October 13, 1950

Honorable John B. Hynes
Mayor of Boston
City Hall
Boston, Massachusetts

Dear Sir:

After a study of the charges of the Finance Commission in reference to our Department, the Board of Commissioners of School Buildings conducted its own investigation of the waterproofing and pointing of seventeen school buildings during the year of 1949, and the following is its report:

All contracts were advertised in accordance with the law and awarded to the lowest responsible bidders.

All work was performed under the supervision of an inspector and two Deputy Superintendents of Construction. The two Deputy Superintendents are career men with many years of experience on building construction. The inspector had been a bricklayer by trade for approximately twenty-five years and during that time had been for ten years directly connected with waterproofing, as a mechanic and supervisor in charge of many large waterproofing jobs.

The Commissioners of School Buildings interrogated individually all employees of the Department involved in the report. The Commissioners with all persons involved subsequently visited all

the buildings on which pointing and waterproofing had been performed during 1949 for the purpose of obtaining "on the site information" and their visits resulted in an unanimous vote to employ the services of an expert in the art of pointing and waterproofing in its technical and practical phases.

Three persons with education and experience necessary to qualify as experts were considered and from the three, Mr. Henry C. Shiels was selected. Mr. Shiels is a graduate Engineer with Bachelor of Science and Master of Science degrees from Massachusetts Institute of Technology and a Master of Science degree from Harvard University School of Engineering, and for thirty-four years an officer in the National Waterproofing Company, specialists in the field of pointing and waterproofing.

Mr. Shiels, immediately after accepting the assignment, started his work which was interrupted by sudden illness of many weeks duration at the end of which he completed the work. His report is attached hereto.

Report of Henry C. Shiels
October 11, 1950

Board of Commissioners
Department of School Buildings
26 Norman St.
Boston, Mass.
Gentlemen:

Enclosed herewith is my report on seventeen (17) waterproofing jobs completed on Boston Schools in the summer and fall of 1949 and a summary of my findings.

In every case I visited the school personally with a representative of the Department of School Buildings, checked each item of work and talked with the custodian or custodians who had charge of the school before the work was done, while it was being done and from its completion to the present time. I also contacted Mr. Finn, local representative of the Minwax Company, who furnished the weather capping called for in the specifications.

On all seventeen (17) schools the custodian informed me, that before the waterproofing work was started, there were a number of leaks in the buildings but since the waterproofing contracts have been completed, more than a year ago, the buildings have been watertight and not a single leak has appeared.

I am submitting the following findings as a result of my investigation:

1. The specifications and work sheets were well drawn and sufficient to obtain watertight jobs on each school.

2. The specifications were drawn up and interpreted by Mr. James H. Mooney, and the fact that one hundred twenty-six (126) separate bids on these jobs were obtained from twenty-three (23) different bidders, without any request from a bidder for an inter-

pretation of any section of the specifications or work sheets before the bids were due, is ample evidence that the bidders understood what was required by the specifications.

3. On the basis of the specifications which I consider very well drawn and complete, I believe that all of the bidders were equally and substantially informed as to the amount of work to be done and the results that the Superintendent of Construction, Department of School Buildings, required.

4. The specifications did not require the cutting of all horizontal and vertical joints in the brickwork to a depth of one-half inch ($\frac{1}{2}$ "), but definitely limited the depth of cut "to avoid injury to the face and edges of each brick." It was physically impossible in a great many places on these schools to cut the mortar joints in the brickwork to a depth of one-half inch ($\frac{1}{2}$ ") without defacing the adjoining bricks. The fact then that some joints are not cut to a depth of one-half inch ($\frac{1}{2}$ ") does not violate the specifications, but is in complete agreement with them and with the intent of the Superintendent of Construction, Department of School Buildings.

5. The contractor on each job fulfilled the intent of the specifications to the satisfaction of the Department of School Buildings and the seventeen (17) schools involved are watertight today, one year after completion.

6. I find no evidence of fraud or collusion in any of the contracts.

7. An average of approximately seven and one-half ($7\frac{1}{2}$) bidders submitted bids on each of the seventeen (17) schools involved.

8. The fact that the City paid no extras on any of these jobs for waterproofing work is further proof that Mr. Mooney's specifications were sufficient and complete.

9. The City of Boston received full value for every dollar it spent in the award and completion of the waterproofing on these seventeen (17) schools.

The contract documents for each school included a standard specification and a work sheet. The standard specifications described the various operations which were to be done on every school and applied to all schools. Each work sheet applied to one school only, defined the areas to which the standard specification applied and noted any additional work or deviation from the standard specifications.

Because the leaks in all of these seventeen (17) schools were due, in the main, to the same causes, the Superintendent of Construction, Department of School Buildings, exercised good judgment in adopting a standard specification and a work sheet. This simplified the work for the contractors who submitted bids on the various jobs, for the contractor who was awarded each

job and for the inspectors and supervising authorities.

Bids were received as follows:

Date	School	No. of Bidders
June 28, 1949	Hyde Park High	9
	Charles H. Taylor	11

Totals		126

This indicates that a total of one hundred twenty-six (126) bids were received on the seventeen (17) schools on an average of approximately seven and one-half (7½) bidders per school.

On these seventeen (17) jobs there were twenty-three (23) different bidders who submitted bids for the work to be done. This meant that each of the one hundred twenty-six (126) bidders on the seventeen (17) schools filed a certified check and agreed if he were awarded the contract, he would furnish all labor, material, equipment, post a surety company bond and do the work called for by the specifications and work sheets. The total amount involved on all schools is approximately one hundred forty-five thousand dollars (\$145,000).

On page 2 of the bid form under the section "NOTICE TO BIDDERS" paragraph (F) reads "Before submitting his estimate the bidder shall visit the site, examine its conditions, thoroughly acquaint himself with its obstacles and advantages for performing the work and compare the drawings with the conditions found." and paragraph (G) reads "All questions as to the interpretation of the plans and specifications shall be submitted in writing to the Awarding Authority, and written answers to such questions will be sent by the Awarding Authority to every individual or firm on record as having taken a set of plans and specifications. No questions will be answered unless received at least forty-eight hours prior to the expiration of the time set for filing bids."

The fact that not a single bidder submitted a question nor asked the Department of School Buildings for an interpretation of any section of the specifications as provided for in paragraphs (F) and (G) in the "NOTICE TO BIDDERS" implies that the specifications and work sheets were sufficient and their intent clear in the minds of all of the bidders.

These specifications were drawn up under the direction of Mr. James H. Mooney, Superintendent of Construction, Department of School Buildings, and he assumes full responsibility for them. I have discussed them in detail with him and believe he has made every effort to protect the City of Boston and obtain the desired results at a minimum of expense. His

original draft of the specifications called for one hundred per cent (100%) cutting out and repointing of all horizontal and vertical joints in the brickwork, but realizing that this would entail much more expense than he deemed necessary, and realizing also that this treatment would not improve mortar joints which were perfectly sound and watertight, he revised his specifications before issuance to contractors in order to cut the cost to the City of Boston and still obtain the results required, namely watertight exterior walls.

The standard specifications cover the following items of work:

Sec. 1. A general paragraph calling for the contractor to furnish all labor, material and equipment satisfactory to the Department of Labor and Industry of the Commonwealth necessary to complete the work described.

Sec. 2. Cut out and repoint all horizontal and vertical joints to assure absolute watertight walls in locations enumerated.

Sec. 3. Cut vertical and horizontal joints in the brick masonry not less than one-half inch (½") in depth and as much more as necessary to reach sound mortar.

(Note:—The cutting as defined in this section is limited by Sec. 7.)

Remove and replace all cracked, soft, broken or disintegrated brick.

Sec. 4. Cut out all joints in stonework to a depth of one inch (1") or deeper if necessary to reach sound mortar and repoint.

Sec. 5. Patch limestone or replace if spalled beyond patching.

Sec. 6. Apply two (2) coats of colorless dampproofing to all surfaces repointed.

Sec. 7. Defines method of cutting joints and cautions against injury to face and edges of each brick. Calls for replacement of brick damaged in cutting, and provides for joint to be kept damp while pointing is being done and while joint is setting.

Sec. 8. Defines mortar to be used in pointing.

Sec. 9. Provides for caulking of all window, door, louver and other frame openings, metal members of fire escapes and other attachments to masonry.

Sec. 10. Provides for Minwax Company's lead weather capping on all flat surfaces such as sills, cappings, belts and cornices as directed by the manufacturer.

Sec. 11. Provides for repair or replacement of defective flashings.

Because some questions have arisen as to the wording, intent and interpretation of the specifications, it seems proper to discuss them in some detail and determine why they were so worded and exactly what they mean.

STANDARD SPECIFICATIONS

Sec. 1. Covering the furnishing of all labor, material, equipment and tools necessary to complete the work is a standard item in

building contracts, is self-explanatory and has not been questioned.

Sec. 2. "Cut out and repoint all horizontal and vertical joints to assure absolute watertight walls—in all locations enumerated on work sheet attached hereto."

As mentioned earlier in this report the specifications were written under Mr. Mooney's direction. He was to supervise the work and interpret the specifications and his intent was to sound out each joint and to cut out and point only those joints necessary to assure absolute watertight walls. I believe he acted in good faith and to the best interests of the City of Boston. His wording of the specifications gave him complete control of the work that was to be done and placed him in the position where the contractor was obliged to make the walls watertight.

I have talked with several of the contractors who did work on these schools and my own company bid several of the jobs. The contractors I talked with and my own engineers interpreted the specifications as Mr. Mooney intended them and our bids were made on this basis. On work of this kind where it is practically all labor and where the cost per square foot is likely to vary greatly, even on apparently comparable walls, it is uncommon for the high bidder's price to be three (3) to four (4) times the estimate submitted by the low bidder. So that the fact that there was considerable difference in price between the various bidders does not indicate that the bidders interpreted differently the amount of work to be done.

Sec. 3. "All vertical and horizontal joints in the brick masonry that are to be pointed shall be cut back not less than one-half inch (½") from the face of the brick and as much more in depth as may be necessary to reach sound mortar," and Sec. 7 which reads "The cutting shall be done—in such a manner as to avoid injury to the face and edges of each brick" must be considered together because Sec. 7 physically and practically limits the depth of cutting called for under Sec. 3.

Mr. Mooney's intent when he drew the specifications was to cut all joints in the brick masonry which were necessary to assure a watertight wall to a depth of one-half inch (½") or to sound mortar wherever possible, but he realized that depending upon the width of the joint, the hardness of the mortar, the nature of the brick and the strength of the bond between the mortar and the brick it might be impossible to obtain a cut of one-half inch (½") in the mortar joint, without defacing the brickwork, and to provide for this he inserted Sec. 7 in the specifications.

Examples were found on several of the schools where the contractor tried to cut to a depth of one-

half inch ($\frac{1}{2}$ ") but found it impossible to do so without spalling the edges of the brick. In such cases it was necessary to cut the joint less than one-half inch ($\frac{1}{2}$ ") deep in order to prevent defacement of the walls. Again Mr. Mooney was in the position where he could insist on the joints being cut to a depth of one-half inch ($\frac{1}{2}$ ") or where if he deemed it advisable he could, to prevent defacing the brickwork, make the depth less than one-half inch ($\frac{1}{2}$ ") but still install a sufficient depth of mortar to obtain a sound watertight joint.

Sec. 3 also provides that "all cracked, soft, broken or disintegrated brick shall be removed and replaced with new hard burned brick to match the color and texture of the unremoved brick."

I found no disintegrated brick in my inspection but I found a few cracked and soft brick which had not been replaced. The cracks in the brick had been cut out to a depth of one-half inch ($\frac{1}{2}$ ") and pointed, making another joint in the wall and in my opinion leaving the wall as sound as it was when originally built and not defacing the brickwork. The soft brick which had not been removed had received two (2) coats of dampproofing and will in my opinion be satisfactory for a number of years.

Many of these schools are old buildings. The brick used in them is no longer made and the brick market is in such a condition today that it is impossible to match the brick in these buildings. This is another reason for repointing the cracks in the brick where the brick are sound otherwise and for applying dampproofing to the soft burned brick where the brick itself is sound and has not disintegrated. Again, replacing a few cracked or soft brick could not be done without seriously impairing the appearance of the building.

"Sec. 4—"All joints in stone work shall be cut to a depth of not less than one inch (1") and as much more in depth as necessary to reach sound mortar.—shall be pointed."

Cutting and pointing of stonework appears to have been satisfactorily done. I cut no joints out to determine if they had been cut to a depth of one inch (1") because the joints when tested with a hammer seemed to be solid, tight and sound.

Sec. 5. Covers patching of limestone and replacement of stone cracked or spalled beyond patching.

My inspection showed the limestone, cast stone, granite, bluestone and other stone masonry to be in sound condition.

Sec. 6. "All surfaces, when completely repointed and thoroughly dry, shall have two (2) coats of — colorless dampproofing."

Some of the schools definitely show that dampproofing has been

applied but on others it is impossible to detect any dampproofing now. This is not unusual, since one of the requirements of a good colorless dampproofing is that it shall not stain or change the color or appearance of the masonry to which it is applied. The inspectors Mr. Driver, Mr. O'Flaherty and Mr. Peter Curley assured me that two (2) coats of colorless dampproofing were applied on all of the schools they supervised and the custodians in a number of cases remembered that the dampproofing had been applied.

Sec. 7. "Cutting Operation" has been discussed under Sec. 3.

Sec. 8. Covers the material used for pointing mortar. No chemical or physical analysis was deemed advisable because the mortar in all cases appears to be hard, durable and sound and well bonded to the adjacent brick.

Sec. 9. Includes the caulking of "all window, door, louver and other frame openings, metal members of fire escapes and other attachments to masonry—." This work has been completed satisfactorily and the condition of the caulking compound one year after completion is excellent.

Sec. 10 "Apply Minwax Company's or equal lead weather capping on all flat surfaces such as brick or stone masonry sills, capping, belts and cornices as directed and specified by the manufacturer."

I found this weather capping used and talked to Mr. Edward Finn, local representative of the Minwax Company who assured me that all of the contractors but one purchased it from him and he had shown them how to install it. I checked the work of the single contractor who had not purchased from Mr. Finn and found he also had used Minwax weather capping.

Sec. 11. "Resolder and repair or replace all flashings not serving their purpose —."

An examination of the flashing on all of the seventeen (17) schools shows the flashing to be tight and in good condition. It is impossible, after a year's exposure to the elements, to distinguish new flashing from old flashing and there is no way of definitely determining how much resoldering, repairing and replacing was done.

The only extra work performed on these seventeen (17) schools was performed on a work order and amounted to nine hundred thirty-four dollars and sixty-four cents (\$934.64). It represented the cost of installation of ten (10) pairs of special double-hung sash to replace sash which had rotted out and ninety-eight (98) lights of glass. This item had nothing to do with nor was any part of the waterproofing of the masonry walls, but was additional work found to be necessary and discovered while the contractor's stagings were hanging on the outside of the building. The waterproofing of these seventeen (17) schools was completed therefore as origi-

inally intended and according to the original specifications at the price submitted in each case by the lowest bidder without any expense for extras on the waterproofing work.

Respectfully submitted
Henry C. Sheils"

We know of only one instance in which specifications were misinterpreted and this fact was obtained subsequent to the Finance Commission's report, by interrogation by the Board of Commissioners of Deputy Superintendent of Construction, Mr. Peter M. Curley, in charge of the work on two schools. The work on these schools was performed by the contractor according to the interpretation of the specifications by the Deputy and the work was approved and accepted by this Deputy who assumes full responsibility for so doing. However, when the difference in interpretation between the Superintendent and the Deputy was called to the attention of the Contractor, he co-operated by returning to the two schools and extending his work to the satisfaction of the Superintendent, under conditions as expressed in his letter, typed below.

"Mr. James H. Mooney
Supt. of Construction,
Dept. School Buildings,
26 Norman St., Boston, Mass.

Dear Sir:

In view of the controversy that has arisen concerning the waterproofing of the Patrick T. Campbell and Phillips Brooks schoolhouses, and in order that there may be no question as to the integrity of our company, we are willing to do the work which was shown to us at our meeting on the site of both schools, on July 27th, by yourself, Deputy Curley, and Inspector Driver.

This offer is made by our company despite the fact that almost one year has elapsed since the work was done, during which time the buildings have been subjected to the ravages of the weather with its resultant depreciation.

This offer is made with the understanding that our contracts have already been fulfilled, and is in no way an admission that the jobs were not done in accordance with the terms of the contracts.

We will be pleased to have an expert from your Commission inspect this voluntary work during or after its completion.

Very truly yours,
Coleman-Doyle Co., Inc.
by John Coleman Pres."

In our opinion the misinterpretation by our Deputy Superintendent Curley is an honest one. He is a career man, entering his thirty-fifth year of employment in our Department, has an excellent reputation for honesty, integrity and ability, and we are very sorry that in the twilight of his service to the City of Boston, with such a long, honorable career, that he

should receive such unfavorable publicity when he is well' deserving of the opposite.

The statement by the Finance Commission that Deputy Superintendent O'Flaherty agreed with the findings of the Finance Commission as set forth in its criticism was denied by him. He did agree, however, with the investigator that certain work had been overlooked by the contractors but with the exception of the one misinterpretation, referred to above, the jobs were of minor importance. The investigator for the Finance Commission and Deputy Superintendent O'Flaherty made a list of all this work. Mr. O'Flaherty contacted the various contractors concerned and these omissions were taken care of.

As a result of the examinations and report of our expert and the results of the work as based on the interpretation of the specifications by the contractors as represented by their work, we find that the report of the Finance Commission was unjustified and unfair.

The report of the Finance Commission is apparently predicated on an erroneous interpretation by them of the specifications.

The use of the words, fraud, collusion, secretly, an anomolous situation, unjustifiable interpretation, and unwritten reservations, when there was no fraud, no collusion, no secrecy, no anomolous situation, no unjustifiable interpretation, no unwritten reservations, casts an aspersion on the character of our Superintendent and is regrettable. The Superintendent has a letter from the Finance Commission stating that they do not charge fraud.

It is unfortunate that the Finance Commission did not consult with the Commissioners of School Buildings before issuing their report and surprising that they loaned their signatures to a report of mis-statements of facts.

Respectively submitted,
Board of Commissioners of
School Buildings

PAYMENT TO TEACHER FOR WORKMEN'S COMPENSATION

The following preamble and order were offered:

WHEREAS, Miss Anna C. Timmerman, teacher, elementary, Patrick F. Lyndon District, has filed claim with the Business Manager for \$414.29, which amount was withheld from the aggregate amount of her May, 1950, and June, 1950, salary checks because of workmen's compensation paid to her in like amount in May, 1950; and

WHEREAS an attorney on the staff of the Corporation Counsel, after consultation with a representative of the Industrial Accident Board, has orally advised the School Committee that in view of G.L. (Ter.ED.), c.152,s.69, as amended, said claim would appear to be a justifiable claim to the extent of \$267.85; it is therefore

ORDERED, That the Business Manager be, and he hereby is, directed to authorize the payment by the City of Boston to Miss Anna C. Timmerman of \$267.85 in full and final settlement of her aforesaid claim.

On roll call, the preamble was adopted and the order passed by the following vote:

REQUIREMENTS FOR CIVIL SERVICE EXAMINATION FOR SUPERVISORS OF AT- TENDANCE

Mr. Ward: We have an examination that has been sent to the Civil Service, and which Civil Service has sent out for a supervisor of attendance. I have no recollection of ever seeing it. Who drafted that examination? Can anyone tell me that?

Mr. Downey: I think the State Department of Education establishes these requirements.

Mr. Ward: Did they get any information from the Boston Public Schools?

Mr. Downey: I don't know that.

Mr. Ward: In other words, on the examination for a supervisor of attendance it says: "You have to have either three years of teaching experience" or something else. I don't know whether the thing is legal or isn't legal.

Mr. Downey: I don't know, Mr. Chairman. Mr. Gillis has charge of the Department of Attendance.

Mr. Ward: Who wrote that examination?

Dr. Gillis: It is written, as I understand it, Mr. Chairman, by the Department of Education, and Civil Service sent it down to us after it was drawn up.

Mr. Ward: To me it seems like this. I do not want to say this, but I will say it on the record that it looks to me as though the examination was drafted up for a special few only who could qualify to pass the examination.

A supervisor of attendance may be a very, very important job, but one of these requisites is to have two feet and be able to climb stairs. I don't think you must have three years of teaching experience.

Mrs. Dacey: Mr. Ward, you must have a great understanding of children and their needs.

Mr. Ward: I do not believe that to be true.

Superintendent: I am not sure, Mr. Ward, but I think the whole matter is controlled by a legislative act.

Mr. Ward: If it is controlled by a legislative act, then this examination as drafted deprives veterans of taking this examination, as I see it. Is the three-year teaching requisite more important than being a disabled veteran in this particular building? For that reason, I would like to see—

Mrs. Dacey: It is not limited to three years of teaching.

Mr. Ward: It has a lot of other teaching. It has: "Or social service or experience as a police officer." It does not give the rank and file of the average veterans an opportunity to take the examination.

Mr. Muchnick: Not just a police officer. It is a police officer who has had special training.

Mr. Ward: Special training in special work. What is the sense of a Child Guidance Division if the supervisor of attendance is going to do all this work?

This is made up primarily to give everybody in Child Guidance

an advantage, and they are certainly going to come out 1, 2, 3, with this examination.

Mr. Muchnick: Under those rules, why can't the fellow just be appointed? If he does not have the qualifications, then Civil Service won't pass him.

Mr. Ward: That is up to Civil Service.

Mr. Downey: For the information of the Board, Mr. Chairman, I would like to say that there was a bill introduced last year to take away from the State Department of Education the right to prepare these examinations, and that bill was defeated.

Chairman: I am not certain of this, but I believe that this is a state-wide bill, Mr. Ward, and it does not apply just to the Boston schools. This was the result of a recess commission study.

Mr. Ward: Did you read the examination?

Chairman: No. I don't know anything about it. I am not for these educational qualifications on examinations altogether.

Mr. Ward: Unless you are in that field that they set down, then you cannot take the examination.

RULING OF LAW DEPARTMENT

Mr. Muchnick: Mr. Chairman, this letter from the Law Department with reference to librarians says that as they are not teachers the statute of 1875 does not apply and they can be granted increases at any time during the year. Therefore, I move that the \$204 increase be granted to all librarians. That properly is a conference item.

Mrs. Dacey: How much do they make now?

Mr. Muchnick: The same as teachers.

Mr. Ward: I think that should go to the Board of Apportionment for its recommendation at the next conference.

Mr. Muchnick: I was going to suggest that as it is properly a conference item. I just wanted it on the record, and in the interim have it go to the Board of Apportionment.

FORTY HOUR WEEK FOR CUSTODIANS

Mr. Muchnick: I move, Mr. Chairman, that the number of temporary custodians appointed in accordance with the 40-hour week be kept to a maximum of one hundred from the time of the first appointment until the end of this calendar year.

I don't care if that isn't acted on tonight provided it is acted on at the next meeting, and there is an assurance that there will be none beyond one hundred appointed between now and then.

Chairman: Then I think you ought to make a motion, Mr. Muchnick, that no more temporary custodians be appointed. As I understand it the motion that

the Schoolhouse Custodian is following is a motion made by Mrs. Dacey.

Mr. Muchnick: It was my understanding, in accordance with the motion made by Mrs. Dacey, that a maximum of one hundred would be appointed under that motion. If that isn't the context of the motion—

Mrs. Dacey: That wasn't the context of my motion, but I know there was some discussion about that afterward.

Mr. Muchnick: It was my understanding that that was all that would be appointed.

Chairman: No, that is not so.

Mrs. Dacey: We discussed that at the time. Since they were temporary appointments, it was left to the discretion of Mr. Reardon.

Chairman: It was that this thing would be tried out temporarily to see how it would work. Mrs. Dacey's motion I thought was to leave it to the discretion of the Schoolhouse Custodian to put the forty-hour week into effect temporarily until the first of the year, see how it worked, and report back to us how many permanent men would be needed. If there were fifty permanent men needed, we would put fifty to work.

Mr. Muchnick: It is going to be very difficult, as a practical matter, to eliminate one hundred temporaries from permanent positions if we once appoint them to those temporary positions.

Mrs. Dacey: As a practical matter, most of the men who are working temporarily now know that it is for thirty days. There has been no discussion about that.

Mr. Muchnick: But if we are going to have two hundred men on, it is going to be just that much more of a problem to say to X, Y, Z: "We have come to the conclusion that we only need 70, 80, or 100."

Mrs. Dacey: Knowing that it is a temporary thing, I do not think they will have any objections if they must be released.

Mr. Ward: Mrs. Dacey's motion, as you said, leaves it to the discretion of the Schoolhouse Custodian, but as we went along in the discussion she made one statement in which she made it quite plain that we might not need one hundred junior custodians.

Chairman: She might have said that we may not need two hundred or we may not need fifty, but the determination of that would be made by the Schoolhouse Custodian.

Mr. Ward: "We may not need even one hundred custodians."

Chairman: Wasn't she referring to the permanent appointments? I thought she was referring to the permanents that would be appointed after a trial.

Mrs. Dacey: Mr. Reardon, if they work thirty days, do they have to be laid off for thirty days?

Mr. Reardon: No. They are what we call emergency appointments.

Mr. Ward: But these men are not going to be laid off after thirty days.

Mrs. Dacey: A lot of them are not from Civil Service.

Mr. Reardon: The first time that I put men on, the request asked for one hundred temporary male building custodians until December 31.

Mr. Ward: But they are from Civil Service.

Mr. Reardon: They are all Civil Service.

Mr. Ward: And every one you are putting on is from Civil Service?

Mr. Reardon: That is right. This list that I have now for this second one hundred men—

Mr. Ward: All come from Civil Service?

Mr. Reardon: All are Civil Service. It is the entire list, and I do not think we will get the one hundred, but we are making plans now to cut down. The different unions have brought in a request to cut down, and we are studying it now, trying to cut down in buildings.

However, it is going to mean a lot of overtime pay for all men, especially the senior men. When the thing is settled, we may get it down to 100 or 110 men, which I think we absolutely need. According to the figures now, we have it down to approximately 125 men, but to do the job and to do it right, we have to have the number of men that we have asked for. No matter what anybody says, you cannot keep up the standards in these buildings if you are going to cut down and start talking about man-hours. The work has to be done, and the only way it can be done is by having enough men in there to do the work during the evening. You cannot do too much during the day, but the buildings have to be covered during the day.

Mr. Ward: Let us act on Mr. Muchnick's motion. That is all we can do.

Mr. Muchnick: The Schoolhouse Custodian has just said that he figures it will only take a maximum of 125 men.

Chairman: You are leaving it up to his discretion under Mrs. Dacey's motion.

Mrs. Dacey: Why should we worry about it until we come to the permanent appointments?

Chairman: That is what I agreed to.

Mrs. Dacey: The temporary men were notified before they went in there that it was temporary work.

Mr. Muchnick: Why should we spend money for unnecessary men?

Mrs. Dacey: I agree with you if it does mean spending unnecessary money.

Chairman: If the money is being spent unnecessarily, then I think the Schoolhouse Custodian is responsible for that, but the Committee has not determined how many you are going to employ, and you have left it up to

him to do it temporarily and have everybody notified that they are only employed until December 31. Isn't that so?

Mr. Reardon: That is right.

Chairman: I want to be as economical in this as possible, but we have made no determination and have had no trial period, have we?

Mr. Reardon: It has been explained to every one of them that this is temporary up until the end of the year.

Mr. Muchnick: I can't see it.

Chairman: You don't have to vote—

Mr. Muchnick: We are going to have another meeting on the 29th, are we not?

Chairman: Yes.

Mr. Muchnick: I am sure that with the holiday coming on Thursday and Friday, and there being a Saturday and Sunday, the school system won't collapse if no appointments are made until the 29th, and we will have more time to discuss this and other things, and I should think that the whole matter could very easily be held in abeyance.

Mr. Reardon: The only drawback there, Mr. Muchnick, is that these men have been coming down now. The five days are up in which they have to answer the letter that was sent out, and we have advised them that some of them have a temporary job only in this and that they have given up permanent jobs to take this job. We have instructed them to come in.

Mr. Muchnick: How many have you instructed?

Mr. Reardon: There are probably fifty who have agreed to accept on this second hundred.

Mr. Muchnick: And you have just said that you will need 110 to 125 in total. What is the point to putting on another fifty?

Mr. Reardon: I said originally we need 203 custodians.

Mr. Muchnick: But you just said a few minutes ago that you are going to get 110, 115, or a maximum of 125. What are you fooling around with fifty for?

Mr. Reardon: Because Mr. Ward said you can do it on one hundred. You said you can do it on eighty.

Mr. Muchnick: And you say you can do it on 125. Why hire 150?

Mr. Reardon: I said 203.

Mr. Muchnick: But you just said 125.

Mr. Reardon: I know it, but to cut down to conform to what you men want, we will do it; but it will take men out of those buildings who are absolutely necessary in there.

Mr. Muchnick: All the more reason, Mr. Chairman, for pressing my motion. When the chief of the department says he needs a maximum of 125 and therefore wants to put on 150, I can't go along with it.

Mr. Reardon: I said I want a maximum of 203.

Mr. Muchnick: I heard what you said, Jim.

Mr. Reardon: That has been my request right along. That is the request that Mrs. Dacey agreed on—to put those men on temporarily.

Chairman: Why don't you go along with the motion that the School Committee accepted allowing the Schoolhouse Custodian to put on only those whom he needs for a trial period? Mrs. Dacey didn't tell him to put on 203.

Mr. Muchnick: Because he says he is going to put on another 50, and he only needs a maximum of another twenty-five.

Mr. Reardon: I need 203 men. That is my request.

Mr. Ward: Let's go along on the motion.

Chairman: And then determine on the 29th if you want to eliminate it.

Mr. Ward: Yes.

Mrs. Dacey: Why not wait until the next meeting?

Mr. Ward: You can't, because if they go on, they go on the 27th, and we won't have a meeting until the 29th.

Mrs. Dacey: How long are these on for?

Mr. Reardon: Until December 31.

Mrs. Dacey: You would have to rescind the motion. Our original motion said that we would have temporary men filling the jobs until January 1st to give us the feel of the forty-hour week.

Mr. Muchnick: Those who are necessary.

Mrs. Dacey: Yes, those that are necessary.

Mr. Muchnick: Now he wants to put on fifty more, and a few minutes ago he said that he would require a maximum of 110, 115, or 125.

Mrs. Dacey: How many are on?

Mr. Reardon: I want to put on one hundred more, but all we will get on this list are fifty. That is what I said.

Mr. Muchnick: Well, to me that is even more ridiculous than the previous statement, frankly.

Mrs. Dacey: Does that mean that you would have a total of 150 temporary men?

Mr. Reardon: Yes. All we will get will be 150. The entire list is here.

Mrs. Dacey: And yet you feel that one hundred men might do the permanent work even though 150 men — —

Mr. Reardon: We are making plans now going over the whole thing, talking with the custodians' groups, and they are of the opinion, the same as some of the members here, that it can be done with less. If that can be done, we are now making a study of it again and pulling out men from buildings that we think are absolutely necessary there to do the work.

Chairman: Why don't you put this item on the calendar for November 29th? He will not put on 200. He will put on a maximum of 150.

Mr. Ward: Mr. Muchnick's motion says, as I understand it, that no more than one hundred shall be employed.

Mr. Muchnick: Until the next meeting.

Mr. Ward: On the 27th of November, as I understand it, there will be an additional fifty over what you have on now—is that correct?

Chairman: That is all who will be certified, so there can't be more than fifty put on.

Mr. Ward: You have 110 now, have you?

Mr. Reardon: We have one hundred on now.

Mr. Ward: That will leave you 150 as of November 27th; and if you wait until the next meeting on Mr. Muchnick's motion, then Mr. Muchnick's motion will be obsolete. There is no need of Mr. Muchnick's motion. You can't act on it.

Mr. Muchnick: But if it comes up that he is right and needs only 125, then for five weeks we are paying twenty-five men \$54 a week for doing nothing.

Mr. Reardon: That is absolutely wrong.

Mr. Ward: I think you misunderstood.

Mr. Muchnick: It is completely wrong. That is why I do not want you to do it.

Mr. Reardon: They are doing something.

Mr. Ward: I think Mr. Muchnick misunderstood Mr. Reardon.

Mrs. Dacey: I think so.

Mr. Muchnick: No.

Mr. Ward: I think Mr. Muchnick misunderstood. I think Mr. Reardon on his 125 stated that figure as a rough figure, but I don't think that he meant that. Is that correct, Mr. Reardon? I think you meant 150 when you said 125.

Mr. Muchnick: He also said 110, Mr. Ward.

Mr. Reardon: No.

Mr. Ward: Did you mean that you could get by on 125?

Mr. Reardon: We are making plans now, I said, to cut down the figure that is wanted by the custodians and you and Mr. Muchnick, but the work will not be done in the schools and the standards will not be kept up with that number of men. My original request was for 203 men, and I still stand by that. On account of this forty-hour law, and to keep the buildings operating with the standards that are required, we absolutely need that number of men. If we cut them to get down to one hundred men, we will have to do it.

Mrs. Dacey: Under no circumstances will we have any permanent men until January 1st?

Chairman: That is right.

Mr. Reardon: Absolutely.

Mr. Ward: That is right.

Mrs. Dacey: So our only problem now is on the number of temporary men, the number between 100 and 150, and Mr. Muchnick feels that there might be waste on some men receiving money for

work they are not doing between now and January 1st. Is that your problem?

Mr. Muchnick: Yes.

Mrs. Dacey: And Mr. Reardon feels that every man who is on will work. Well, that is quite a problem!

Chairman: It is. The only question confronting this Committee is that a motion was made here at a previous meeting that it would be left to his discretion. We all accepted it.

Mr. Ward: No.

Mr. Muchnick: I didn't accept it.

Mr. Ward: I didn't accept it.

Chairman: I think Mr. Ward limited it to one hundred, and he was the only one.

Mr. Muchnick: I was not here the time the vote was taken, and then I was subsequently recorded as present.

Mrs. Dacey: The majority voiced its opinion.

Chairman: That may be very true, but Mr. Ward was the only one who voted against it.

Mr. Ward: (Reading) "Mrs. Dacey, yes; McDevitt, yes; Muchnick, absent; Ward, no; Chairman, yes." That was the vote.

Chairman: You voted "no" because you wanted to limit it to one hundred.

Mrs. Dacey: It was the vote of the School Committee.

Chairman: In that motion of Mrs. Dacey, she did not say 203. She didn't say 150, and she didn't say one hundred. She said to put them on temporarily to see how it worked out until January 1st, and then we would determine how many permanent appointments we would make—is that right?

Mrs. Dacey: I think that what is bothering Mr. Muchnick is the fact that 50 extra men will be working temporarily and it will be very hard to tell them right after Christmas that they are not going to have a permanent job.

Mr. Muchnick: Yes.

Mrs. Dacey: But if the circumstances warrant that we only need one hundred men, then these fifty extra are going on temporarily like teachers who go on temporarily. A temporary teacher knows it won't be permanent.

Mr. Muchnick: In addition to that, I am worried about spending approximately \$5500 a week for a period of four and one-half weeks.

Mrs. Dacey: Well, I am not because I don't think we will spend it unless the men do some work. I am sure that the custodians are not going to be put on unless they work.

Chairman: Put it on the calendar for the next meeting.

Mrs. Dacey: I think the real problem in the back of everybody's mind is that they are going to hurt these temporary men.

Chairman: None of us want to do that.

Mr. Muchnick: That is one of the problems, without any question.

Mr. Reardon: Some of those men are without work today.

Mrs. Dacey: And they are glad to get it until Christmas.

Mr. Ward: Most of those men are working today. Let me tell you why. How far down in the civil service list have you gone?

Mr. Reardon: The entire list.

Mr. Ward: You have taken the 270 or 280. You have gone to the 280th person, and you can only get 150 temporaries. The reason that you cannot get more employees is this. They are working permanently at the present time either at the Edison Company or the Telephone Company, and they believe this is a better job, so they have alongside the question on the civil service application which asks: "Will you accept temporary work?"—"No." Now you find that out of 270 or 280—what is the exact figure?

Mr. Reardon: I think it is around 280.

Mr. Ward: 280. You find that there are 130 of them who have refused temporary work based on the fact that they must be employed permanently in some other job at the present time.

They think this is a better job, so they want to come into this job and are willing to throw that other job up. The temporary man who works until Christmas will say, "I have a job until Christmas or shortly thereafter, but on January 1st I have to go," and these people who all said that they will not accept temporary work will say "yes" so far as permanent work is concerned.

Mr. Reardon: That is right.

Chairman: That is right.

Mr. Reardon: There are many names on that list who have not been notified of this temporary work because they certified that they were not interested in temporary work. They are on the Civil Service list, and they signified that they would not take temporary work. Out of the first 143 names that came down to me, I would say that probably ten or fifteen refused this temporary work.

Mrs. Dacey: That is logical. They have permanent jobs.

Mr. Reardon: A lot of them did not report in here, but ten or fifteen of them, I would say, refused the temporary work. Everybody else accepted it.

Mrs. Dacey: But they will all take a permanent job.

Mr. Reardon: I advised them when they came in that "if you have a permanent job, hang on to it. This is only temporary until the end of the year."

Chairman: Mr. Muchnick, do you want to vote on that or place it on the calendar for November 29th?

Agreed to place it on the calendar for November 29th.

VOLUNTARY PARTICIPATION OF PUPILS IN DRIVE FOR FUNDS FOR PARAPLEGIC VETERAN

Mr. Ward: Mr. Chairman, many of the churches of all de-

nominations have tried to help these paraplegic veterans for whom they are going to build houses. I know they have talked with the Superintendent or somebody else here. I believe it was Assistant Superintendent Daley.

Mr. Daley: That is correct, sir.

Mr. Ward: They asked that the high school pupils be allowed to help in soliciting, and I would like to ask that this be placed on a voluntary basis, if any child in the schools wants to volunteer to do it, he be permitted to do it in the high schools to help on Tag Day for these people.

Chairman: When is this Tag Day? I think they have had one on Saturday and are having another one.

Superintendent: The Committee has always refused that on the basis—

Mr. Ward: On a voluntary basis Superintendent: If the Committee puts its imprimatur on this particular activity and something happens to one of those boys, even though he is on his own, there is some feeling of responsibility, I think, on the School Committee.

Mr. Ward: I do not think that is important.

Chairman: Superintendent, if he is doing that outside of school hours and voluntarily on his part—

Superintendent: That is right. They are soliciting those individuals officially through the School Department.

Chairman. I thought they were volunteering, as Mr. Ward said.

Mrs. Dacey: You can make a statement that you do not approve, Mr. Superintendent.

Mr. Ward: I move, Mr. Chairman, that we allow these boys to volunteer for it.

Mr. Muchnick: I understand they are asked by the teacher or the head master if they want to go out soliciting.

Mr. Ward: Some of the head masters of the schools have even gone so far—

Chairman: That is outside the schools, isn't it?

Superintendent: Yes, but they have to get the clientele from our own public schools.

Chairman: No, you don't. It is strictly a voluntary basis.

Superintendent: Do you want me, Mr. Chairman, to send a circular to these head masters and say to them, "You are requested to cooperate in obtaining boys to solicit for this particular purpose?"

Chairman: I don't think you should put it that way.

Mr. Ward: I don't think it should be that way.

Chairman: I think you should say that if any boys want to volunteer—

Mr. Muchnick: And they merely make an announcement that on X

date this is going to happen; and if any boy wants to volunteer—

Chairman: And if they have their parents' consent, we will have no objection. I don't think we could have any objection.

Mr. Muchnick: It seems to me that we should have no objection to using the schools for any announcement of current importance to the community or the children who live in the community.

Chairman: Under those circumstances, I have no objection.

Mr. Ward: I do not think the schools should object. At the churches last Sunday they announced it. There was a letter read from the Archbishop, and this is strictly voluntary. It is voluntary on the churches' part, too.

The Committee adjourned.

Attest:

AGNES E. REYNOLDS,

Secretary pro tempore.

Dec. 5, 1950

A meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 6:15 o'clock P. M., the Chairman presiding.

Present: Mrs. Dacey, Messrs. McDevitt, Ward and White.

SECRETARY PRO TEMPORE

In the absence of the Secretary, the Committee proceeded to the election of a Secretary pro tempore.

A roll call was ordered and the members as their names were called stated that they voted as follows:

For AGNES E. REYNOLDS—Mrs. Dacey, Messrs. McDevitt, Ward and White—4.

ABSENT—Mr. Muchnick—1.

The Chairman declared Agnes E. Reynolds elected Secretary pro tempore.

APPROVAL OF MINUTES

The reading of the minutes of the meeting of Nov. 21, 1950, was omitted, the Committee approving them as printed.

CIVIL SERVICE EXAMINATIONS.

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

BOSTON POLICE ENTRANCE, APRIL 28, 1951.

Last date for filing applications, Monday, April 9, 1951.

Salary: The minimum salary is \$2,800 a year; the maximum salary is \$3,300 a year.

Vacancies: From time to time.

Duties: The regular duties of a patrolman.

Entrance Requirements: Applicants shall be not less than twenty-two nor over thirty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application unless one has been filed with a previous application.

Any veteran who will have attained the age of twenty-one within six months of the date of any scheduled examination for police service shall not be deemed ineligible for examination and appointment because of established minimum age requirements to take such examination. (See chapter 287, Acts of

1947.) Veterans who had not reached the maximum age limit at the time of entering military or naval service will not be disqualified by reason of age, within five years after the date of honorable discharge. (See chapter 179, Acts of 1950.)

Applicants must be not less than 5 feet 8 inches in height and must meet minimum weight requirements according to the following table, in which height is given in inches in bare feet and weight in pounds without clothing:

68 inches—135 pounds.
69 inches—140 pounds.
70 inches—145 pounds.
71 inches—150 pounds.
72 inches—155 pounds.
73 inches—160 pounds.
74 inches—165 pounds.
75 inches—170 pounds.
76 inches—175 pounds.

Subjects and Weights: Training and experience, 3; practical questions, including memory test and general information, 7; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination and qualifying

strength tests. To become eligible applicants must obtain at least 70 per cent in the strength tests, but the mark will not be included in the general average mark.

The practical questions will be based largely upon information contained in the July, 1946, or later editions of a manual known as the "Blue Book." This manual may be obtained from the Public Document Division, Room 116, State House, Boston, at 20 cents a copy. It is necessary that applicants obtain a copy of this manual and study it carefully.

Applicants must not bring manuals to the examination room.

The eligible list established as a result of this examination will be combined with any existing list, but the name of an applicant which appears more than once on the combined list will be certified in any one certification only from his higher rating.

Section 12 of chapter 291, Acts of 1906, as amended by chapter 153, Acts of 1935, provides as follows: "No person shall be appointed as an officer or member of the Boston Police Force unless he has been a resident of said city for at least two years immediately preceding the date of his appointment."

PROPOSALS FOR SEWERAGE WORKS IN PROSPECT STREET, BETWEEN WILLIAMS AVENUE AND FAIRMOUNT AVENUE; SUMMIT STREET, BETWEEN MILTON AVENUE AND RESERVOIR STREET, HYDE PARK; AND MINOR SEWERAGE WORKS IN WABASH STREET, DORCHESTER; AND PINWOOD STREET, JOYCE ROAD, TACOMA STREET, AND CHAPEL ROAD, HYDE PARK.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Prospect street, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Prospect Street, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, APRIL 18, 1951, with a certified check for EIGHT HUNDRED (800) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,
(April 7.) Commissioner of Public Works.

DEPARTMENT OF SCHOOL BUILDINGS.

TO SHEET METAL CONTRACTORS.

INVITATION FOR PROPOSALS FOR VENTILATION ADDITIONS AND ALTERATIONS IN THE MICHELANGELO SCHOOL, CHARTER STREET, NORTH END, BOSTON, MASS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for ventilation additions and alterations in the Michelangelo School, Charter street, North End, Boston, Mass.

Proposals will be received until 12 o'clock noon, Monday, April 16, 1951, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$150, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

JAMES H. MOONEY,
(April 7.) Superintendent of Construction.

ADMINISTRATION BUILDING, 15 BEACON STREET, OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR CLEANSING, STERILIZING, AND RECONDITIONING BASKETBALL AND HOCKEY EQUIPMENT FOR THE BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for cleansing, sterilizing, and reconditioning basketball and hockey equipment for the Boston public schools. Proposal forms are obtainable at the office of the Business Manager of the School Committee, 15 Beacon street, tenth floor. Envelopes containing proposals must be sealed and plainly marked "Proposal for Cleansing, Sterilizing, and Reconditioning Basketball and Hockey Equipment." The bid must be in duplicate. One copy, signed by the bidder, and accompanied by a certified check, payable to the City of Boston, in the amount of fifty dollars (\$50), must be left at the office of the Business Manager on or before 12 o'clock noon on Wednesday, April 18, 1951. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock noon of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for opening of bids. The School Committee reserves the right to reject any or all bids and to accept the bid which it deems best for the interests of the city. The successful bidders will be required to furnish a suitable bond or deposit of money or other security in the amount of not less than 50 per cent of the amount of the contract.

HENRY J. SMITH,
Business Manager of the School Committee.

MAYOR HYNES MAKES PLANS TO IMPROVE EIGHT MILES OF HIGHWAY CONSTRUCTION AND RECONSTRUCTION DURING YEAR—ONE OF LARGEST PROJECTS UNDERTAKEN IN CITY'S HISTORY—ALL DISTRICTS TO SHARE—"GO-AHEAD" SIGNAL GIVEN PUBLIC WORKS COMMISSIONER AND CONSTRUCTION LOAN ORDER IS ASKED OF COUNCIL.

Mayor Hynes has approved the following request of the Public Works Commissioner:

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

At the present time, there is an unencumbered balance of \$344,071.29 in the "Public Ways, Construction of" account for highway construction and reconstruction work during the current year.

It is our intention to undertake one of the largest Chapter 90 state-aided projects in the history of the city. The tentative Chapter 90 program, which includes approximately eight miles of main highways in various sections of this city, is as follows:

Blue Hill Avenue, Dorchester, from Morton street to a point approximately 1,100 feet north.

(Continued on page 333.)

CITY OF BOSTON, THROUGH MAYOR HYNES, HAS BEEN OFFERED 1,000 JAPANESE CHERRY BLOSSOM SEEDLINGS AS GIFT FROM UNITED NATIONS ASSOCIATION OF JAPAN.

The following letter has been made public by the Mayor's office:

UNITED COUNCIL ON WORLD AFFAIRS,
40 MT. VERNON STREET,
BOSTON, MASS.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MAYOR HYNES:

The United Council on World Affairs, as the citizen representative of the United Nations in this area, has the honor to transmit to you an offer of 1,000 cherry blossom seedlings, the gift to the city of the United Nations Association of Japan, the Friends of the United Nations in Japan, and the Japanese National Council of Parents and Teachers.

(Continued on page 339.)

MUST NOT PERMIT ANOTHER BATAAN TO OCCUR IN EUROPE—MAYOR JOHN B. HYNES, IN ADDRESS ON BOSTON COMMON ON COMMEMORATION OF NINTH ANNIVERSARY OF BATAAN DAY, SOUNDS WARNING LEST THE FORCE OF UNGODLY COMMUNISM SEEKING TO CONQUER WORLD AND ENSLAVE MIND OF MAN GAIN CONTROL OF EUROPE AND WREAK VAST HARM ON THE NOW FREE WORLD—URGES VIGOROUS PREPARATIONS TO AVOID OTHER BATAANS AND CORREGIDORS—PLEDGES THAT HEROES WILL NEVER BE FORGOTTEN.

At the Bataan Day exercises on Boston Common, Mayor John B. Hynes spoke as follows:

We commemorate today the ninth anniversary of Bataan Day—a dark hour in American history, but a day of great significance.

For it was Bataan Day which brought home to the American people the enormity of the task ahead, and brought home most forcibly the utter disregard of the accepted rules of warfare by the Japanese aggressors.

After Bataan and Corregidor, the conquering hordes of the Japanese took over Guam, Hongkong, Korea, Malaya, the Netherlands East Indies, Burma, the islands of the Far East, and all of the Philippines.

It took the might of America three long years to defeat the enemy and to bring to the bar of justice the savage oppressors who perpetrated such inhuman atrocities against our boys of Bataan and Corregidor.

What is the lesson we learn from Bataan?

Today there is another force loose in the world—the force of ungodly communism, which seeks to conquer the whole world and enslave the mind of man. It is a force of terrible potentialities. We must not hide our heads in the sands and ignore it.

We must not permit another Bataan to occur in Europe, where we now have a relatively small army which could be conquered and battered by the Russian hordes within a short time unless we augment our forces.

The time is *now* for us to make vigorous preparations for whatever may come—for only by being ready can we avoid other Bataans and other Corregidores.

May the gallant boys of Bataan and Corregidor, both living and dead, be remembered by us as long as the flag of freedom flies over our land.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE

Bennington Street, East Boston, from Neptune road to Walley street.

Centre Street, West Roxbury, from Weld street to Church street.

Washington Street, Brighton, from Cambridge street to Oak square.

Cambridge Street, Brighton, from Union square to Washington street.

Spring Street, West Roxbury, from Centre street to Veterans of Foreign Wars Parkway.

Alford Street, Charlestown, from drawbridge to the Everett line.

Massachusetts Avenue, from Edward Everett square to Columbus avenue.

The Bennington Street Project might have to be deferred until 1952, due to the inability of the MTA to eliminate street-car operation before November or December of this year. However, it is our intention to proceed with all of the other projects listed in the tabulation, and it is estimated that the program for Chapter 90 work alone will approximate \$800,000.

In addition to the Chapter 90 projects, it is most essential that we carry out our normal street construction and reconstruction program. I feel that we shall need at least \$2,000,000, in addition to our present unencumbered balance, to provide sufficient funds to effect the Chapter 90 program and our regular street improvement work.

I respectfully recommend, therefore, that the attached loan order which provides for the issuance of so-called "Public Ways, Construction of" bonds, in the amount of \$2,000,000, be submitted to the City Council for the approval of that body.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

ORDER TO CITY COUNCIL.
BOSTON, April 9, 1951.

To the City Council.

GENTLEMEN:

I am in receipt of a communication from the Commissioner of Public Works, in which he requests the issuance of a loan order to the amount of \$2,000,000 for "Public Ways, Construction of."

As stated by the Commissioner of Public Works, it is the intention of the city, this year, to undertake one of the largest Chapter 90 state-aided projects in the history of the city, contemplating the construction of approximately eight miles of main highways in various sections of the city. In addition to this program, it is also the purpose of the city to carry out the normal street construction and reconstruction program in the city, for which we pay the entire cost.

In view of the fact that the construction and reconstruction of streets in our city is a normal and very necessary operation of the city government, and in view of the fact that there is not sufficient money available to accomplish the current program, I submit herewith for the consideration of your Honorable Body a loan order in the sum of \$2,000,000 for the purposes as outlined above.

Respectfully,

JOHN B. HYNES, Mayor.

UNITED NATIONS ASSOCIATION OF JAPAN OFFERS SEEDLINGS TO BOSTON.

(Continued from page 337.)

The seedlings will be transported, free of charge, by the Nippon Yusen Kaisha Line to Boston, as soon as permission is granted from the U. S. Department of Agriculture and if the City of Boston wishes to accept the gift.

These 1,000 tree seedlings are a part of a total of 15,000 being offered to a number of American cities including New York, Chicago, Seattle, Philadelphia, and others. The United Nations has accepted 50 full-grown trees for its permanent headquarters in New York.

If you wish to accept these seedlings, I shall so inform the official of the Japanese United Nations Association.

Sincerely yours,

CHARLES C. CABOT, Chairman.

CIRCULAR LETTER.

CITY OF BOSTON,
MAYOR'S OFFICE, April 5, 1951.

To All Department Heads.

GENTLEMEN:

You are hereby directed to grant leave of absence, without loss of pay, to employees of the city who are of Jewish faith, for the observance of the Passover, beginning Friday, April 20, at 4 P.M., and Saturday, April 21, day and evening; also Friday, April 27, and Saturday, April 28.

Respectfully,

JOHN B. HYNES, Mayor.

MAYOR RENEWS EFFORT TO GET SWIMMING POOL FOR NORTH END RESIDENTS.

Upon April 5 the Mayor made public the following letter:

MR. MANLY FLEISCHMANN, Administrator, National Production Authority, Department of Commerce, Washington, D. C.

DEAR SIR:

I have your communication of April 2, 1951, concerning the proposed swimming pool with alterations in the City of Boston, reference case No. M-4-Wash-1369, 1-135A.

I understand that the denial of the city's application is subject to appeal. I hereby make such an appeal.

I believe this swimming pool is of grave necessity here in Boston; otherwise I would not make an appeal. If convenient for you, I would like to come to Washington and discuss the matter with you. Would you kindly let me know what day or days next month that you could see me?

Respectfully,

JOHN B. HYNES, Mayor.

NOTE.—See proposals of bidders for complete specifications and circulars.

*Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with supply houses, contractors, etc., for furnishing labor, supplies, and goods as needed. Communications from the heads of the departments interested were as follows:

FIRE DEPARTMENT.

BOSTON, April 2, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On December 20, 1950, following public opening of bids and receipt of my letter dated December 18, 1950, your Honor approved the award of a contract to the Merchants Towel Supply and Laundry Company, Inc., the low bidder, for doing the laundry work of the Fire Department for the period January 1, 1951, to not later than March 31, 1951, with agreement therein relating to renewal of the aforesaid contract for the period commencing April 1, 1951, and ending December 31, 1951.

The period covered by the said contract expired March 31, 1951.

Therefore, in order to renew the aforementioned contractual arrangements because of the real need for maintaining these laundry services on behalf of the department and, in order to fully comply with the requirements of the Acts of 1909, chapter 486, section 30, as amended, in respect thereto, I hereby respectfully request your permission to dispense with publicly advertising for proposals and to award a contract to the Merchants Towel Supply and Laundry Company, Inc., for carrying out the laundry work of the Fire Department for the period starting April 1, 1951, and terminating December 31, 1951.

The contractor will perform the work covered by the proposed contract under the same terms and conditions, consistent herewith, and at the same unit prices as are set forth in the executed contract referred to herein. The total amount to be expended under the proposed contract is not to be in excess of \$3,700.

In my opinion, nothing is to be gained by publicly advertising in the present instance, since this contractor performs the work most satisfactorily and will carry out the work at the same low unit prices as appear in the recently expired contract, for which work this firm had been the low bidder following a public invitation for proposals therefor.

Respectfully yours,

MICHAEL T. KELLEHER,
Fire Commissioner.

HOSPITAL DEPARTMENT.

BOSTON, March 30, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

We respectfully request your permission to dispense with publicly advertising for bids, and to award a contract to F. S. Payne Company, 291 Congress street, Boston, Mass., for alterations and repairs to one electric elevator and one electric dumb-waiter, House Officers' Building, Boston City Hospital, at a cost not to exceed the sum of \$4,295.

This company was the manufacturer of the electric elevator and electric dumb-waiter and is, therefore, thoroughly familiar with them.

In addition this firm has all the necessary repair parts and materials essential for the restoration of this elevator and dumb-waiter to excellent working condition, all as provided for in the specifications to accompany the proposed contract.

In view of these facts, it is the opinion of the Board of Trustees that an award of the contract for this work, without advertising, to the above-named company would be in the best interests of the city, and that nothing could be gained by publicly advertising for bids for this work.

Respectfully yours,

BOARD OF TRUSTEES,
by MARTIN J. ENGLISH, M.D.,
President.

BOSTON, March 30, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

We respectfully request your permission to dispense with publicly advertising for bids, and to award a contract to Otis Elevator Company, 130 Clarendon street, Boston, Mass., for altera-

tions and repairs to 23 electric elevators and two electric dumb-waiters located at Boston City Hospital, at a cost not to exceed the sum of \$31,335.

The proposed contract will cover all electric elevators in the main hospital group, 818 Harrison avenue, Boston, with the exception of those in Vose House "A" and Vose House "B," House Officers' Building, Pathological Building, and Thorndike Building.

The two electric dumb-waiters referred to are located in the Dowling Building.

Since this firm not only manufactured both the elevators and the dumb-waiters, but made their original installation at the hospital as well, it is, therefore, in an excellent position due to its experience and special knowledge of all this apparatus to perform the work in a highly satisfactory manner.

Furthermore, this company has all the necessary parts and materials to properly carry out the alterations and repairs described in the specifications to accompany the proposed contract.

In view of the foregoing, it is the opinion of the Board of Trustees that the interests of the city will best be served by awarding the contract, without advertising, for alterations and repairs to these elevators and dumb-waiters, to the Otis Elevator Company and, the Board is further of the view that in the light of all of the circumstances nothing could be gained by publicly advertising for bids for this work.

Respectfully yours,

BOARD OF TRUSTEES,
by MARTIN J. ENGLISH, M.D.,
President.

BOSTON, March 30, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

We respectfully request your permission to dispense with publicly advertising for bids, and to award a contract to Portland Elevator Company, Inc., 133 Oliver street, Boston, Mass., for alterations and repairs to two electric elevators located in Vose House "A" and Vose House "B," Boston City Hospital, at a cost not to exceed the sum of \$4,712.

This firm was the manufacturer of the two electric elevators, and is therefore entirely familiar with them.

In addition this company has all the repair parts and materials required in order to restore these elevators to excellent working condition, all as provided for in the specifications to accompany the proposed contract.

In view of the above, it is the opinion of the Board of Trustees that an award of the contract for this work, without advertising, to the above-named company would be in the best interests of the city, and that nothing could be gained by publicly advertising for bids for this work.

Respectfully yours,

BOARD OF TRUSTEES,
by MARTIN J. ENGLISH, M.D.,
President.

BOSTON, March 30, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

We respectfully request your permission to dispense with publicly advertis-

ing for bids, and to award a contract to Westinghouse Electric Corporation, 10 High street, Boston, Mass., for alterations and repairs to four electric elevators located in the Pathological Building and the Thorndike Building, Boston City Hospital, at a cost not to exceed the sum of \$18,211.

The firm which originally manufactured these four electric elevators has since been acquired by Westinghouse Electric Corporation.

As a result, the proposed contractor has become thoroughly familiar with all the equipment produced by the above referred to original manufacturer and, furthermore, Westinghouse Electric Corporation has all the vital parts and material necessary in order to place these elevators in excellent working order, all as provided for in the specifications to accompany the proposed contract.

In view of the foregoing, it is the opinion of the Board of Trustees that an award of the contract for this work, without advertising, to the above-named corporation would be in the best interests of the city, and that nothing could be gained by publicly advertising for bids for this work.

Respectfully yours,

BOARD OF TRUSTEES,
by MARTIN J. ENGLISH, M.D.,
President.

BOSTON, April 2, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

On January 24, 1951, a contract with Astor Exterminating Company for extermination of all vermin at the Boston City Hospital, including South Department and East Boston Relief Station, was approved by your Honor. This firm was the sole bidder following publicly advertising for bids.

The aforementioned contract covered the period commencing with January 1, 1951, and ending not later than March 31, 1951, at a monthly cost of \$260, and with agreement contained therein relating to renewal of the contract upon the same terms and conditions for the period commencing April 1, 1951, and ending December 31, 1951.

The period covered by the aforesaid contract expired on March 31, 1951.

In order to renew these contractual arrangements due to the need of making provisions for the continuance of these services, and in order to fully comply with the requirements of the Acts of 1909, chapter 486, section 30, as amended in respect thereto, we respectfully request your permission to dispense with public advertising, and to award a contract at a monthly cost of \$260 to Astor Exterminating Company for the period commencing April 1, 1951, and terminating on December 31, 1951.

The work will be done under the same terms and conditions, consistent herewith, as set forth in the above referred to contract.

It is the opinion of the Board of Trustees that nothing is to be gained by publicly advertising for proposals for this service since this contractor has performed the work most satisfactorily and will perform these functions at the same

price as set forth in his initial proposal dated December 13, 1950.

Respectfully yours,

BOARD OF TRUSTEES,
by MARTIN J. ENGLISH, M.D.,
President.

PUBLIC WORKS DEPARTMENT.

BOSTON, March 29, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Under date of November 9 of 1950, a contract was awarded to the Atlantic Roads Company, Inc., of 358 Medford street, Charlestown, which provided, in part, for the construction of Lyall street, West Roxbury, from the Veterans of Foreign Wars Parkway to Lasell street.

This is a so-called chapter 393 street and the section of the street included in the above-referenced contract was only part of the section that was ordered to be laid out and accepted as a public highway by the Board of Street Commissioners. The remaining section of the street between Lasell street and Addington road, which was included in the latter-referenced order, was excluded from the above contract, because sewerage work was required in that section, and we did not want to include this particular section in the street construction contract, because it could not be constructed until the backfill material in the sewer trenches had settled. This would have delayed the completion of the street work until the spring, and we were hopeful at the time that we could get Lyall street, from the Veterans of Foreign Wars Parkway to Lasell street, construction as a public highway last fall. However, the contractor was unable to start the work, with the result that the highway construction work will not be started until this spring.

The sewer work in the section of Lyall street, from Lasell street to Addington road, has been completed, and unquestionably it would be to our advantage if the highway work involved in this section were awarded to the above-referenced contractor. Said contractor has agreed to do the work on the basis of the itemized bid prices that prevail in the existing contract and which were obtained as a result of publicly advertising for proposals. Unquestionably, lower prices could not be obtained at this time if we publicly advertised for bids.

On the section of Lyall street, between Lasell street and Addington road, it is our intention to provide for the laying of 167 feet of 5-inch straight edge-stone. The contractor has no item in his current contract for laying this type of stone, and he has agreed to do the work for \$1.00 per linear foot. As stated, however, all other items in his contract will be done at the rates included in the current contract.

For reasons as stated hereinbefore, therefore, I respectfully request your approval to the awarding of a contract, without publicly advertising for proposals, to Atlantic Roads Company, Inc., 358 Medford street, Charlestown, for constructing, with bituminous concrete pavement, that section of Lyall street, West Roxbury, that extends from Lasell

street to Addington road, at an estimated cost not in excess of \$2,800.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, April 4, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Public Welfare Department has submitted a requisition to this office for a four-door station wagon. Several manufacturers have discontinued the production of four-door station wagons, thus making it almost impossible to obtain one.

The Milton Motor Mart, Inc., has one DeSoto four-door station wagon which can be delivered immediately to the Welfare Department. Inasmuch as it is absolutely necessary for the Public Welfare Department to have a four-door station wagon, it is requested that authority be granted me to dispense with publicly advertising for bids at this time and award a contract, without public advertisement, to Milton Motor Mart, Inc. It is my opinion that, in this way, the best interests of the city will be served.

Total amount of contract will be:

One 1950 DeSoto station wagon, \$3,390; less taxes, \$142.75—\$3,247.25; less trade allowance on 1947 Ford station wagon, \$490; net total delivered price, \$2,757.25.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, April 5, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Park Department has submitted a requisition to this department for one new 1950-51 DeSoto custom sedan for immediate delivery.

The Milton Motor Mart, Inc., has a DeSoto in stock which can be released for immediate delivery. Inasmuch as it is very difficult to obtain any guarantees from vendors regarding delivery dates, it is requested that authority be granted me to dispense with publicly advertising for bids at this time and award a contract, without public advertisement, to Milton Motor Mart, Inc. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be:

One new 1950-51 DeSoto custom sedan, \$2,456; less taxes, \$114.75; net total delivered price, \$2,341.25.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

TREASURY DEPARTMENT.

BOSTON, March 15, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The American Bank Note Company, 150 Causeway street, Boston, and the Vose-Swain Engraving Company, 530 Atlantic avenue, Boston, have submitted bids for the engraving of 10,000 City of Boston blue border coupon bond certificates to be used in connection with the issuance of various loans this year.

The Vose-Swain Engraving Company is the representative of the Security Bank Note Company, 52 Wall street, New York. The American Bank Note Company and the Security Bank Note Company are the two largest engravers of bonds in the country and both companies are in possession of the engraved plates required to do this work.

The Vose-Swain Engraving Company has submitted a bid of 29 cents each for the 9,850 certificates bearing one sheet of coupons and 150 certificates bearing two sheets of coupons with imprinting charges as follows:

Base charge of \$175 for imprinting the first 1,000 certificates of each issue and 7 cents for each additional certificate over and above the first 1,000 certificates of each issue.

\$15 for each purpose.

\$30 for each interest rate.

\$3 for each maturity.

On sample illustrative loans used to determine the low bidder, the total cost to the city would be \$4,770.

The American Bank Note Company has submitted a bid of 32 cents each for the 9,850 certificates bearing one sheet of coupons and 150 certificates bearing two sheets of coupons with imprinting charges as follows:

Base charge of \$175 for imprinting the first 1,000 certificates of each issue and 7½ cents for each additional certificate over and above the first 1,000 certificates of each issue.

\$20 for each change in purpose.

\$20 for each change in interest rate.

\$5 for each change in maturity.

On the sample illustrative loans used to determine the low bidder, the total cost to the city would be \$5,395.

These two bank note companies are the only engravers in possession of the necessary plates, and since no purpose will be served by publicly advertising, I respectfully request approval to issue a service order, without advertising, to the Vose-Swain Engraving Company, Inc., the low bidder, for 10,000 City of Boston blue border coupon bond certificates at a cost of \$2,900, with additional imprinting charges as follows:

Base charge of \$175 for imprinting 1,000 certificates of each issue and 7 cents for each additional certificate over and above the first 1,000 certificates of each issue.

\$15 for each purpose.

\$30 for each interest rate.

\$3 for each maturity.

Very truly yours,

DANIEL M. DRISCOLL,
City Treasurer.

SUFFOLK COUNTY.

COURT HOUSE COMMISSION.

BOSTON, April 2, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On December 13, 1950, your Honor approved a contract, without public advertising, between this city, acting through the Court House Commission, and the W. C. Holmes Cleaning Company, providing for the furnishing of window cleaning service to the Suffolk County Court House. The contract period commenced January 1, 1951, and ended not later than December 31, 1951,

with provision contained in the contract providing for renewal thereof to cover the period commencing April 1, 1951, and ending December 31, 1951.

The period covered by the aforementioned contract has now expired.

In order to renew the aforesaid contractual arrangements in view of the necessity for continuing these services and also to comply with the requirements of the Acts of 1909, chapter 486, section 30, as amended, relating thereto, I respectfully ask your permission, on behalf of the Commission, to dispense with publicly inviting bids therefor, and to award a contract to W. C. Holmes Cleaning Company of Boston, Mass., for furnishing window cleaning service to the Suffolk County Court House, for the period starting April 1, 1951, and terminating December 31, 1951.

The contractor will perform the work under the same terms and conditions and at the same rate as set forth in the executed contract referred to herein. The total sum to be expended under the proposed contract is not to be in excess of \$1,950.

In our opinion nothing would be gained by publicly advertising for proposals for this work since this firm's charges are especially reasonable and in view of the fact that their window cleaning services are carried out in a particularly efficient manner and, as indicated on previous occasions, with the least possible disturbance to regular routine at the Court House.

Respectfully yours,

SUFFOLK COUNTY COURT HOUSE
COMMISSION,
by THOMAS P. McDAVITT,
Chairman.

BOSTON, April 2, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your Honor approved a contract on January 2, 1951, without publicly advertising for bids, between the city, acting through the Court House Commission and the Otis Elevator Company, providing for maintenance and service of ten passenger elevators in the Suffolk County Court House. The period of the aforesaid contract, which has just expired, commenced on January 1, 1951, and ended not later than March 31, 1951, and the contract contained provision for renewal thereof to cover the period commencing April 1, 1951, and ending December 31, 1951. The monthly cost for these services was set forth in the contract as \$1,444, exclusive of any possible overtime work at \$4.15 per man hour.

In order to renew the aforementioned contractual arrangements so as to maintain, continuously, these very essential services and so that the requirements of the Acts of 1909, chapter 486, section 30, as amended, shall be complied with in respect thereto, your Honor's permission is hereby requested for the award of a contract, without having publicly advertised for proposals, to Otis Elevator Company for the complete maintenance and servicing of the ten-control passenger elevators in the Suffolk County Court House for the period starting April 1, 1951, and ending December 31, 1951.

This proposed contractor will service and maintain the elevators under the same terms and conditions and at the same rates as are set out in the contract referred to in the foregoing. The total amount to be expended under the proposed contract is not to exceed the sum of \$12,996.

In the opinion of the Suffolk County Court House Commission, nothing is to be gained by publicly advertising for bids for this work. The charges made by this contractor for the very important elevator service and maintenance work which it performs are fair and reasonable. In addition, this firm is most reliable and carries out its work in an efficient, satisfactory manner and at the least possible inconvenience to the great many persons making daily use of the passenger elevator facilities.

Respectfully yours,

SUFFOLK COUNTY COURT HOUSE
COMMISSION,
by THOMAS P. McDAVITT,
Chairman.

BOSTON, April 2, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On December 13, 1950, your Honor approved a contract, without public advertising, between the City of Boston, acting through the Court House Commission, and the Federal National Linen Service Company, Inc., providing for the furnishing of towel service to the Suffolk County Court House. The contract period ran from January 1, 1951, to not later than March 31, 1951, both dates inclusive, with provision in the contract relating to renewal for the period commencing April 1, 1951, and ending December 31, 1951.

The period of the aforesaid contract has expired.

In order to renew the foregoing contractual arrangements in view of the need to have such a service continually available and so that the Acts of 1909, chapter 486, section 30, as amended, shall be complied with in respect thereto; on behalf of the Commission I respectfully request your permission to dispense with public advertising and to award a contract for the period April 1, 1951, to December 31, 1951, inclusive, to the Federal National Linen Service Company, Inc., of Boston, Mass., for the furnishing of 1,000 towels weekly to the Suffolk County Court House.

This firm will perform the aforementioned services under the same terms and conditions as appear in the contract referred to above and at the same rate as specified therein. The total amount to be expended under the proposed contract is not to exceed \$1,350.

In the opinion of this Commission nothing would be gained by publicly advertising for proposals because this contractor carries out its work in a highly satisfactory, efficient manner and is both cooperative and very dependable. In addition, the price charged for this service is a fair one.

Respectfully yours,

SUFFOLK COUNTY COURT HOUSE
COMMISSION,
THOMAS P. McDAVITT, *Chairman.*

MUNICIPAL COURT, ROXBURY DISTRICT.
BOSTON, March 26, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On December 20, 1950, your Honor approved the written request for the award of a contract, without public advertising, to Herbert Montgomery, 180 Dudley street, Boston, Mass., providing for the transportation of prisoners from this court for a period commencing January 1 and ending no later than March 31, 1951, at a monthly cost not to exceed \$450.

The aforesaid communication also set forth the proposed contract's language relative to renewal of that contract and a statement that the approximate total amount contemplated for expenditure thereunder, as renewed, was \$4,500.

For your information that proposed contract was not executed. However, under the authority of the Acts of 1909, chapter 486, section 3A, and Acts of 1890, chapter 418, section 6, as amended, the proposed contractor has performed such services to date and at rates as alluded to in my earlier letter.

In view of the foregoing, and to reiterate here, since the proposed contractor's rates are extremely reasonable and his work highly satisfactory, your permission is respectfully requested to dispense with public advertising and to award a contract to Herbert Montgomery, 180 Dudley street, Boston, Mass., for the transportation of prisoners from this court, as directed, for the period April 1, 1951, to December 31, 1951, inclusive, at a total cost not to exceed \$4,500.

Respectfully yours,

FRANKLAND W. L. MILES, *Justice.*

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for the extension of the time of completion of the contract with Kay Electric Company for installation of emergency lighting at the Boston Clerical School, from March 31, 1951, to June 30, 1951 (contract approved December 7, 1950).

This extension is requested because of difficulty in procuring generator.

Approval has been given for the extension of the time of completion of the contract with Kay Electric Company for furnishing and installing emergency lighting at the Jeremiah E. Burke High School, from March 31, 1951, to June 30, 1951 (contract approved December 15, 1950).

This extension is requested because of difficulty in procuring generator.

Approval has been given for the extension of the time of completion of the contract with Overhead Door Sales Company, Inc., for furnishing and installing electric operators on garage doors, Department of School Buildings, 26 Norman street, to June 30, 1951 (contract approved February 14, 1951).

This extension is requested because of difficulty in obtaining D.C. motors.

Approval has been given for the extension of the time of completion of the contract with Atlantic Roofing and Skylight Works for roofing and other

work at the Prescott and James A. McDonald Schools, from February 15, 1951, to April 30, 1951.

This extension is requested because of delay in securing necessary material to complete contract.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract with H. DiTullio & Sons, Inc., for the building of sewerage works in Latin road and outlet in private land to Churchill road, Lasell street, and Lyall street, West Roxbury, from March 23, 1951, to April 21, 1951, a period of 30 days.

This extension is requested because inclement weather delayed the progress of the work.

Approval has been given for the extension of the time of completion of the contract with Thomas Worcester, Inc., for conducting an investigation and study, etc., covering disposal of garbage and refuse for entire city, from January 15, 1951, to June 15, 1951 (contract approved August 14, 1950).

This extension is requested because additional time is required for the investigation of proposed refuse disposal sites, and the further development of other pertinent data.

POLICE DEPARTMENT ORDERS.

General Order No. 1,450.

Patrolman Clarence L. Ludwig, Traffic Division, honorably discharged veteran, having arrived at the age of fifty-five years, having been in service of Boston Police Department for twenty-seven years, and having requested retirement under provisions of section 57, chapter 32, General Laws (Ter. Edit.), as amended, it is hereby

Ordered, His Honor the Mayor having approved the same, Patrolman Clarence L. Ludwig will be retired from active duty in the Police Department, effective Tuesday, April 3, 1951, at 5:45 o'clock P.M.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,451.

The resignation of Patrolman James M. O'Brien of Division 19 having been presented, it is hereby accepted to take effect as of Wednesday, April 11, 1951, at 7:45 o'clock A.M.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,452.

The resignation of Patrolman Joseph L. Ostiguy of Division 14 having been

presented, it is hereby accepted to take effect as of Wednesday, April 11, 1951, at 7:45 o'clock A.M.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,453.

Patrolmen John H. Kelly, Joseph W. Gambino, and Robert L. Childs, all attached to Division 11, are commended and each is granted three days' additional vacation for meritorious duty performed on March 27, 1951.

Patrolman Kelly, while on foot patrol on Freeport street, observed a Ford car with North Carolina registration plates, motor running and a man sitting at the wheel. He made a note of the registration of the car. Shortly thereafter, a woman storekeeper of 54 Victory road came to Division 11 and reported that she had been held up and robbed at revolver point. While this was taking place, a customer entered the store and he, too, was held up and with the storekeeper was ordered through a trap door to the cellar.

Patrolman Kelly met Patrolmen Gambino and Childs in a prowler car, and they notified him of the holdup. Patrolmen Kelly gave the officers a good description of the man he had seen in the North Carolina car, together with the registration number. He also notified the station.

Shortly after, officers in the prowler car observed the wanted car and gave chase through numerous streets until it was finally forced to the side of the road in the City of Quincy. Upon searching the car, the officers found two revolvers, one fully loaded, two blackjacks, a rubber mask, and a knife. At the station the prisoners were readily identified by the woman who had been held up.

From information obtained at the time, the officers went to another section of the city where they seized a revolver, a .38-caliber rifle, and two ammunition belts fully loaded with cartridges. The officers also arrested two young girls who had been consorting with these criminals. As a result of these arrests, two additional armed robberies in the Dorchester district were cleaned up as well as two holdups outside the state.

The Commissioner is pleased to recognize and commend these officers for their alertness and courageous conduct in apprehending dangerous criminals whom they knew were armed.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,454.

The resignation of Patrolman Edward F. Goff of Division 15 having been presented, it is hereby accepted, to take effect as of Friday, April 13, 1951, at 7:45 o'clock A.M.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,455.

The reinstatement and transfer of the following-named person is hereby ordered, to take effect on Wednesday, April 11, 1951, at 7.45 o'clock A.M.:

Patrolman William J. Duffy, from Superintendent's Office (armed service roll) to Division 6.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

RECENT FEDERAL ACTIONS AFFECTING CITIES.

The Housing Act of 1949, approved on July 15, authorized a uniform 10 per cent payment to cities in lieu of taxes on housing projects, but the independent offices appropriation bill passed on August 15 contains a provision that for the fiscal year ending June 30, 1950, only payments provided for in the original contract between the housing authority and the city are authorized for federal reimbursement.

Federal aid for hospital construction has been approved for nearly 800 projects; more than 600 are general hospitals and the great majority are in towns of under 10,000 population.

PROCEEDINGS OF CITY COUNCIL.

Monday, April 2, 1951.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., President HURLEY in the chair. Absent, Councilor Kinsella.

The Very Rev. John J. Hosey of the Mission Church, Roxbury, was escorted to the rostrum.

INVOCATION BY VERY REV. JOHN J. HOSEY.

In the Name of the Father, and of the Son, and of the Holy Ghost. Amen. O God, our heavenly Father, by the free choice of its free people, we have been entrusted with the welfare of this city. "Sicut patribus sit deus nobis.—As Thou hast been to our forefathers, be also to us."

O God, Thou art the source of every obligation, the fount of every right, the beginning and the end of justice. We know there can never be morality, there can never be disinterested loyalty, there can never be patriotism without faith in Thee.

As our Creator, Thou hast given to us an unalterable principle which makes for peace, prosperity and happiness. We know that all that is lasting in our American institutions is based upon these principles. We know that all that is opposed to Thee is wrong and must necessarily perish.

Guide, therefore, O God, our deliberations. In our doubts, be Thou our source of light. In our weakness, be Thou our tower of strength. In our failures, be Thou our promising hope. In our successes, be Thou to us a mark of humility.

We know, dear God, there can never be a better American than the citizen and legislator who has the love of Thee and the love of his country entwined about his heart-strings. We know that he who best serves his country best serves Thee. We know he who best loves his country best loves Thee.

O God of our Fathers, Amen.

The salute to the Flag was given by the members.

Coun. SULLIVAN in the chair.

FORTY-HOUR WEEK FOR JAIL EMPLOYEES.

The following was received:

City of Boston,
Office of the Mayor, April 2, 1951.
To the City Council.

Gentlemen:
I transmit herewith communication from the Budget Commissioner relative to your order of January 15, 1951, requesting the studying of the feasibility of placing Suffolk County Jail employees on a 40-hour week.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Budget Department, March 27, 1951.
Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

Receipt is acknowledged of City Council order, "that the Budget Commissioner be re-

quested, through his Honor the Mayor, to study the feasibility of placing Suffolk County Jail employees on a 40-hour week."

This order was passed by the City Council on January 15, 1951, but I have delayed replying because of the fact that investigation disclosed that a bill was already before the legislature providing for a 40-hour week for employees of the Suffolk County Jail. This bill was signed by the Governor on March 15, 1951, and became effective upon passage, as chapter 152 of the Acts of 1951. This act reads as follows:

An Act Relative to the Hours of Duty of Permanent Employees of Suffolk County Jail.

Section 1. Notwithstanding any other provision of general or special law, the service of all employees of the Suffolk county jail shall be restricted to five days and to forty hours in any one week; provided, that, in cases of emergency, service in excess of five days or such forty hours may be authorized by the sheriff of said county, and such additional service shall be compensated for as overtime. The compensation payable to any such employee shall not be reduced by reason of the provisions of this act.

Section 2. This act shall take effect upon its passage.

In view of the fact that the law has fixed the hours of the employees at the Suffolk County Jail, there is no further need for a study by the Budget Commissioner as requested in the above Council order.

Very truly yours,

JOHN A. SULLIVAN,
Budget Commissioner.

Severally referred to the Committee on Confirmations.

FENCE ALONG FOOT PASSAGEWAY AT MELVILLE AVENUE.

The following was received:

City of Boston,
Office of the Mayor, April 2, 1951.
To the City Council.

Gentlemen:
I transmit herewith communication from the General Manager of the Metropolitan Transit Authority relative to your order of February 12, 1951, requesting the erection of a fence along the foot passageway at Melville avenue and ending at Centre street, Dorchester.

Respectfully,
J. B. HYNES, Mayor.

Metropolitan Transit Authority,
March 26, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

Your office has requested a consideration and report on an order of the City Council, requesting the erection of a fence along the surface foot passageway at Shawmut Station, between Melville avenue and Centre street, Dorchester.

An investigation, inspection, and report have been made and there is still an uncertainty as to what is being sought under the order.

In some parts of this passageway its width is now indicated by iron pipe railings, and in other portions the entire width of the tunnel roof is used for the passageway. There is no apparent hazard to passengers and others using any part of this foot passageway.

Under the circumstances it would not seem that the Authority should undertake the expense of providing new or additional fences.

Very respectfully,
EDWARD DANA,
General Manager.

TENNIS COURT IN WILLIAM GARY WALSH PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, April 2, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Park Commissioner relative to your order of March 26, 1951, requesting the laying out of tennis court in the William Gary Walsh Playground in Ward 17.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Park Department, March 29, 1951.
Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I am in receipt of a memo from your office, with attached enclosure, City Council order dated March 26, requesting the Park Department to lay out a tennis court in the William Gary Walsh Playground in Ward 17.

We will be most pleased to take this matter under consideration.

Very truly yours,
FRANK R. KELLEY, Chairman.

IDENTIFYING SYMBOL ON VEHICLES IN FUNERAL PROCESSIONS.

The following was received:

City of Boston,
Office of the Mayor, April 2, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the executive secretary of the Massachusetts Funeral Directors and Embalmers Association relative to your order of February 12, 1951, requesting that it be required that all members of their association equip all vehicles used by them in funeral processions in the City of Boston with an identifying pennant or symbol.

Respectfully,
J. B. HYNES, Mayor.

Massachusetts Funeral Directors and Embalmers Association,
Boston, March 31, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

Reference is made to your letter of February 14, 1951, regarding the order of the City Council of Boston that members of the Massachusetts Funeral Directors and Embalmers Association equip vehicles used by them in funeral processions in the City of Boston with an identifying pennant or symbol.

The officers and directors of this association have recommended that the members comply with the order of the City Council.

Very truly yours,
L. SHELDON DALY.

PORTABLE ELECTION BOOTHS, WARD 20.

The following was received:

City of Boston,
Office of the Mayor, April 2, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Election Commissioner relative to your order of March 12, 1951, requesting the removal of the portable election booths in precincts 8, 10, 20, 21, and 22 in Ward 20, as they are unsightly, have no water or toilet facilities for election workers, and are poorly lighted and heated; also that these portable election booths be replaced by voting precincts in near-by public buildings equipped with voting machines.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Board of Election Commissioners,
March 26, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

This is in answer to your communication of March 14, 1951, together with Council order of March 12, 1951, requesting the removal of the portable election booths in precincts 8, 10, 20, 21, and 22 in Ward 20, as they are unsightly, have no water or toilet

facilities for election workers, and are poorly lighted and heated.

May we point out that in no instance have we ever used a portable booth for voting purposes if we could obtain adequate space in a permanent building, either privately or city owned.

The board will be very glad to meet with Councilor Bryan, at his convenience, and very willing to consider any suggestion that he might be able to make to improve the locations in the above-named precincts.

Very truly yours,
JOSEPH RUSSO, Chairman.

STANDARDS FOR CONCENTRATED MILK.

The following was received:

City of Boston,
Office of the Mayor, April 2, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Health Commissioner relative to your order of March 12, 1951, requesting a study of the advisability of legislation setting up proper sanitary standards for the protection of public health in regard to the purchase and sale of evaporated or concentrated milk if not sterilized and hermetically sealed in a can.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Health Department, March 27, 1951.
Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

This will acknowledge your communication pertaining to City Council order of March 12, 1951, requesting a study of the advisability of legislation to set up proper sanitary standards for the protection of public health in regard to the purchase and sale of evaporated or concentrated milk if not sterilized and hermetically sealed in a can.

The Health Commissioner of the City of Boston and Mr. Frank E. Mott, Milk Inspector of Boston and chemist of this department, have reviewed "Milk, Frozen Desserts, and Ice-Cream Mix Regulations of the Boston Health Department," and the following is abstracted from pages 43 and 44 of these regulations.

It is provided that evaporated or concentrated milk if not sterilized and in a hermetically sealed can, because it is a fluid food, shall be:

1. Pasteurized.
2. Marked with the day of the week when pasteurized and with the name of the manufacturer.
3. Placed in the final container at the establishment where pasteurized by machine, and having a cap or seal which protects the pouring lip of said container from contamination.
4. Kept continuously at a temperature of below 50 degrees Fahrenheit until delivered to the consumer.
5. The milk used to make the evaporated or concentrated milk shall conform in every respect to the legal standard of Massachusetts and to the bacterial standards of the Health Commissioner.

Further, the Health Commissioner and the Milk Inspector of Boston, on March 23 and March 24, visited, in Vermont, several plants operated by milk distributors in the City of Boston, to obtain current information pertaining to the processes of concentrated fluid fresh milk and to learn at first hand the procedures which distributors are prepared to follow in the marketing of fresh concentrated milk.

The Boston Health Department will continue to maintain vigilance to protect the interests of the City of Boston, with special emphasis, at present, on the preparation and marketing of milk and milk products.

Yours respectfully,
JOHN H. CAULEY, M.D.,
Health Commissioner.

RESURFACING OF RICHMOND STREET, WARD 17.

The following was received:

City of Boston,
Office of the Mayor, April 2, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Commissioner of Public Works relative

to your order of March 19, 1951, requesting the resurfacing of Richmond street, Dorchester.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
March 26, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I return herewith order in City Council that the Commissioner of Public Works resurface Richmond street, Ward 17, Dorchester, and this will advise you that a survey of this street will be made, and it will be put on the list of streets to be given consideration for construction during the current year.

Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

PRINTING OF "CALENDAR OF EVENTS."

The following was received:

City of Boston,
Office of the Mayor, March 30, 1951.
To the City Council.
Gentlemen:

Under the provisions of section 2 of chapter 24 of the Revised Ordinances of 1947, I propose to have printed 125,000 copies of a folder bearing the title, "Calendar of Events in Boston, Spring-Summer, 1951."

This folder will be distributed through hotels, stores, theaters, etc., to the thousands of visitors who will be present in our city, attending conventions or spending vacations in the area. It will contain a calendar showing the various sporting, theatrical, and entertainment features scheduled during the period, as well as historical points of interest, sight-seeing trips, and other information to guide visitors in planning their recreational and entertainment program during their stay in our midst.

In my opinion, such a publication will not only advertise the facilities available to visitors but will also create a large measure of good will toward our city.

I submit an order authorizing the printing of this pamphlet and recommend its immediate consideration and adoption.

Respectfully,
J. B. HYNES, Mayor.

Ordered, That the Superintendent of Printing be authorized to print 125,000 copies of a folder entitled "Calendar of Events in Boston, Spring-Summer, 1951," the expense of such printing to be charged to City Documents.

APPROVAL OF CONSTABLES' BONDS.

The constables' bonds of Corless J. Hawkes and James F. Martin, having been duly approved by the City Treasurer, were received and approved by the Council.

RETIREMENT OF CERTAIN TRAFFIC TUNNEL BONDS.

The following was received:

City of Boston,
Office of the Mayor, April 2, 1951.
To the City Council.
Gentlemen:

On September 1, 1931, the City of Boston issued under St. 1929, chapter 297, in connection with the construction of the Summer Traffic Tunnel, bonds aggregating \$3,000,000 and bearing interest at the rate of 4 1/2 per cent per annum. These bonds were 50-year bonds; but, fortunately, they contain an express provision for call, retirement, and cancellation by the city on September 1, 1951. Funds for the retirement and cancellation of these bonds on September 1, 1951, have been provided for by a bond issue under St. 1945, chapter 361, at a much lower interest rate. Those funds are now in the hands of the Board of Commissioners of Sinking Funds.

St. 1945, chapter 361, under which the refunding bonds were issued, expressly prescribes that the earlier bonds be called for cancellation at the earliest date permitted, to wit, September 1, 1951. Transmitted herewith is the draft of an order to carry out the mandate of the statute. I recommend its immediate adoption.

Respectfully,
J. B. HYNES, Mayor.

Whereas, Under date of September 1, 1931, the City of Boston issued, under St. 1929, chapter 297, Traffic Tunnel Bonds, City of Boston, Acts of 1929, in the aggregate principal amount of \$3,000,000, bearing interest at the rate of 4½ per cent per annum, payable semiannually on March 1 and September 1 of each year, which bonds are due September 1, 1931, with an express provision for call, retirement, and cancellation by the city on any interest date after 20 years from the date of issue; and

Whereas, St. 1945, chapter 361, section 3 provides that, if Traffic Tunnel Retirement Bonds, City of Boston, Acts of 1945, are issued under said chapter 361, the city shall call, retire, and cancel, at the earliest date permitted, Traffic Tunnel Bonds, City of Boston, Acts of 1929, in accordance with their terms; and

Whereas, Traffic Tunnel Retirement Bonds, City of Boston, Acts of 1945, were issued under said chapter 361; now, therefore, it is hereby

Ordered, That the aforesaid issue of 4½ per cent Traffic Tunnel Bonds, City of Boston, Acts of 1929, dated September 1, 1931, and due September 1, 1931, be, and hereby is, called for retirement and cancellation on September 1, 1951; and it is hereby further

Ordered, That the City Treasurer of the City of Boston be, and he hereby is, authorized and directed to give notice of said call during the month of July, 1951, by causing a notice of call to be printed once in each of three successive weeks in (1) two financial publications of national circulation; (2) a newspaper of general circulation published in Chicago, Illinois; (3) a newspaper of general circulation published in Detroit, Michigan; (4) a newspaper of general circulation published in New York, New York; and (5) at least one newspaper of general circulation published in Boston, Massachusetts, and by such other and further means, if any, as said treasurer may deem appropriate; and it is hereby further

Ordered, That the aforesaid notice of call shall be in substantially the following form:

City of Boston,
in the
Commonwealth of Massachusetts.

Notice of Call of Bonds for Retirement
and Cancellation.

To Holders of 4½ Per Cent Traffic Tunnel Bonds, City of Boston, Acts of 1929, Dated September 1, 1931, and Others Concerned:

Notice is hereby given that all outstanding 4½ per cent Traffic Tunnel Bonds, City of Boston, Acts of 1929, dated September 1, 1931, and due September 1, 1931, have been called for retirement and cancellation on September 1, 1951, on which date interest on such bonds will cease.

Payment of the face amount of each of said bonds, with any accumulated unpaid interest to September 1, 1951, will be made by the City of Boston on and after September 1, 1951, upon surrender of the bond (with, in the case of a coupon bond, the March 1, 1952, and subsequent coupons and the coupons for any accumulated unpaid interest) at the office of the City Treasurer, City Hall, Boston, Massachusetts. Coupons maturing on or before September 1, 1951, may, at the option of the holder, be detached and collected in the usual manner.

City Treasurer of the City of Boston.

July, 1951.

Referred to the Executive Committee.

Passed under suspension of the rules.

EXEMPTION FROM DRAFT OF CERTAIN COLLEGE STUDENTS.

Coun. McCOLGAN offered the following: Whereas, The draft exemption of college students is discriminatory; and

Whereas, Such exemption leaves the burden of combat warfare upon the so-called poorer classes; and

Whereas, The intelligentsia does not necessarily spring from the moneyed class; and Whereas, We still live in America where all men have equal rights; therefore be it

Resolved, That the Boston City Council, in meeting assembled, opposes the decision to exempt college students from the draft; and be it further

Resolved, That the contemplated examination be given not alone to college men, but to all men of the draft age regardless of college affiliation; and be it further

Resolved, That this Body favors government subsidization in the education of those found qualified and in need; and be it further

Resolved, That a copy of this resolution be sent to the President of the United States and to Draft Director Hershey.

Referred to the Executive Committee.

Coun. YERXA moved that Item 2, Contractual Services, Fire Department, be reduced \$33,000. The motion was carried.

On motion of Councilor Cook to reconsider the foregoing vote the motion was lost.

Coun. HANNON moved that if the budget was not passed before nine o'clock, a vote on the passage of the budget be taken at nine o'clock. Councilor Beades moved to amend Councilor Hannon's motion that a vote on the passage of the budget be taken at eleven o'clock. The question came on Councilor Beades' amendment, and the motion to amend was lost.

The question then came on Councilor Hannon's motion, and the motion was lost.

Coun. SULLIVAN moved that the budget as submitted by the Mayor and as amended, together with the supplementary appropriation orders, be passed. The motion was lost, yeas 2, nays 18:

Yeas—Councilors Hurley, Sullivan—2.

Nays—Councilors Ansel, Beades, Bryan, Cantwell, Chase, Coffey, Cook, Farin, Hannon, Lane, Lanigan, McColgan, Ramsey, Shanley, F. P. Tracey, P. A. Tracy, Wenzler, Yerxa—18.

Coun. COOK moved that Item 2, Contractual Services, Central Payroll Division, Auditing Department, be reduced \$4,500. The motion was lost.

RECESS.

On motion of Councilor Coffey the Council voted at 5:58 P.M. to take a recess until 7:30 P.M. The members reassembled and were called to order by President HURLEY at 7:45 P.M.

III. FIRE ALARM BOXES DISCONTINUED AND REMOVED FROM SERVICE.

The following fire alarm boxes have been discontinued and removed from service:

13-1461, Laffmovie, 547 Washington street.

14-1461, Intown Theatre, 545 Washington street.

Company commanders will delete the above boxes from the assignment card for Box 1461.

Company commanders will also delete Box 13-1461 from Circuit Card 47, and Box 14-1461 from Circuit Card 50.

IV. AMERICAN CANCER SOCIETY CAMPAIGN.

Pamphlets and pledge cards in connection with the 1951 American Cancer Society campaign for funds are being issued to the department today. The needs of the Society are explained in pamphlets, and the assistance of all employees, who feel that they can help this worthy cause, is requested. The money obtained will be used to support research work, much of it in hospitals and clinics in Massachusetts, in order to furnish the medical profession with information necessary to combat this dread disease.

Company commanders are requested to call the drive for funds to the attention of members of their respective commands and ask them to contribute to the Society.

Members of the department who desire to contribute will fill out pledge cards. Company commanders will accept donations from such members and the stub of the card is to be given to each contributor as a receipt for his donation.

Pledge cards and money should be forwarded to Mrs. Julia R. Khoury in the Fire Commissioner's office on or before May 1, 1951. Delivery of money to Headquarters can be made on any weekday, excluding Saturdays. It must be made between the hours of 9 and 11 A.M.

V. A. D. T. ASSIGNMENTS.

Company commanders shall add the following signal number to running cards of the A. D. T. Company in this department:

Signal 813, United Shoe Machinery Corporation, 128-136 Federal street. (Sprinkler system.)

Signal 814, United Shoe Machinery Corporation, 140-170 Federal street and 50 High street. (Sprinkler system.)

Apparatus to respond to both foregoing signals: Engine 25, Ladder 8, District Chief 5. Nearest box is 1422.

By order of Fire Commissioner
MICHAEL T. KELLEHER.

JOHN V. STAPLETON,
Chief of Department.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR CLEANING CATCH BASINS IN DISTRICT No. 1, CITY PROPER; DISTRICT No. 2, ROXBURY; DISTRICT No. 3, SOUTH BOSTON, AND DISTRICT No. 4, CHARLESTOWN AND EAST BOSTON.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for cleaning catch basins in District No. 1, City Proper, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Cleaning Catch Basins in District No. 1, City Proper, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, APRIL 25, 1951, with a certified check for SIX HUNDRED (600) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Installation of New Discharge Valves at the Calf Pasture Sewage Plant, Dorchester, Mass.," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, APRIL 25, 1951, with a certified check for FIVE HUNDRED (500) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

PARK DEPARTMENT BASKETBALL LEAGUE HAD BUSY WINTER SEASON—520 GAMES PLAYED AT A COST OF \$5,309 FOR OFFICIALS—CHAIRMAN FRANK R. KELLEY OF THE COMMISSION MAKES REPORT TO MAYOR—ATTENDANCE SHOWS BASKETBALL TO BE MOST POPULAR WINTER SEASON SPORT.

The Park Department Association of Basketball Leagues played 520 games during the season just ended, according to a report made to Mayor John B. Hynes by the Chairman of the Park Commission, Frank R. Kelley. Of these, 283 were completed in the Senior Conference League and the remainder in the smaller organizations. To conduct these the sum of \$5,309 was expended. The complete report reads as follows:

PARK DEPARTMENT.

BOSTON, March 23, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

The following is a report of the basketball games played during the 1951 Boston Park Department Association of Basketball Leagues, together with a list of the officials who participated at these events.

REPORT OF REGINA I. DRISCOLL, ASSISTANT IN CHARGE, CONSERVATION OF EYESIGHT CLASSES, ON ATTENDANCE AT CONFERENCE OF NATIONAL SOCIETY FOR PREVENTION OF BLINDNESS, IN NEW YORK, MARCH 28 TO 30, 1951.

The following is the report on the 1951 Conference of the National Society for the Prevention of Blindness by Regina I. Driscoll, assistant in charge of Conservation of Eyesight Classes:

An international group of ophthalmologists, school administrators, nurses, and social workers were present at the opening of the 1951 Conference of the National Society for the Prevention of Blindness, held in New York City on March 28, 29, and 30, at the New Yorker Hotel.

In the opening address Mr. Mason H. Bigelow, president of the society, emphasized the need of making use of recent medical findings, and called attention to the large number of accidents on highways at night due to poor vision.

VETERANS' SERVICES AIDED 211 LESS CASES IN FEBRUARY OF THIS YEAR THAN IN THE SAME PERIOD IN 1950—NET EXPENDITURES INCREASED \$8,239.41—THIS, IT IS EXPLAINED IN REPORT BY COMMISSIONER, IS DUE TO FACT THAT MORE FAMILY-TYPE CASES RECEIVED AID THAN INDIVIDUALS—1,724 CASES WERE AIDED DURING MONTH, REPRESENTING A TOTAL OF 3,601 INDIVIDUALS—244 CASES WERE CLOSED AS HAVING SECURED EMPLOYMENT.

Despite the fact that the Veterans' Services Department aided 211 less cases during the month of February this year as against the same period of 1950, the expenditures increased \$8,239.41. This is shown in the report of the Commissioner, Francis X. Cotter, to Mayor John B. Hynes. This is due, it is explained, to the fact that the department is aiding more family cases than in the previous year. The report to the Mayor reads as follows:

BOSTON, March 28, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

SIR:

I have the honor to submit the report of the Department of Veterans' Services for the month of February, 1951.

Very truly yours,

FRANCIS X. COTTER, Commissioner.

Expenditures for veterans' benefits for February, 1951, show an increase of \$8,239.41 in comparison with expenditures for the corresponding period of 1950. Notwithstanding the fact that there was an increase in expenditures, the department aided 211 less cases than in February, 1950. This situation for the most part is attributable to the fact that now the department is aiding more family-type cases than those of individual veterans seeking only very temporary assistance.

The 1,724 cases aided during the month of February, 1951, represent a total of 3,601 individuals benefited through the financial facilities of the Department of Veterans' Services.

There were 244 cases closed during the month of February, 1951, because of obtaining employment, having been awarded unemployment compensation, receiving social security, and becoming ineligible to receive financial assistance for other reasons.

REPORT ON CONFERENCE OF NATIONAL SOCIETY FOR PREVENTION OF BLINDNESS.

(Continued from page 365.)

Dr. Franklin W. Foote, executive director of the organization, discussed problems of mobilization and civil defense. In industry good vision means increased production and reduced wastage, as workers cannot produce better than they can see. Tests show that 25 to 40 per cent of industrial workers have below-normal vision. Eye safety equipment, proper color and lighting, and testing for skills were advocated. Injuries and blinding diseases, about half of them preventable with present knowledge, are robbing the nation of 7 per cent of its military manpower and hampering the productive efforts of all industrial manpower.

The possible problem of caring for eye injuries due to a Hiroshima-type bomb is a matter for research. It is estimated that in a large city there would be from ten to fifteen thousand serious eye injuries from such a bomb. Inexpert first aid would increase the number of eye difficulties.

Dr. Charles Wilson, professor of education and public health at Yale University, stressed the need for research and education to reduce blindness in the next decade. At the present time one child out of every four has a vision defect. Preschool children should have a good eye examination and competent care when needed. In the learning process proper lighting is an important factor. Better lighting makes children more interested, alert, and able to study for a longer period on a given subject.

Dr. G. Wilson Younglove, assistant illuminating engineer for the Consolidated Electric Light and Power Company of Baltimore, spoke on the need of balanced brightness in schoolrooms, the use of prismatic glass above a six-foot level, and green chalk-boards.

Mr. Spencer B. Hopping, member of the Board of Education in Hastings-on-Hudson, would integrate safety education with the school program. Desirable attitudes should be developed toward safe living in general, skills to avoid accidents should be acquired, and pupils should become acquainted with hazards and the results of carelessness. Boys are involved in more accidents than girls on account of their participation in unsupervised sports. In the high school woodworking and machine shops pupils are required to wear safety goggles. Their use has reduced the number of eye accidents to zero. Goggles, including prescription glasses, are purchased by the Board of Education. The safety habit formed in school carries over into industry. Their motto is: "One safety thought learned in school may prevent a thousand regrets in industry." The interest aroused in eye safety spearheaded a program for all safety.

The co-operation of the school principal in the work of Sight Saving Classes was of great importance in the opinion of Mrs. DiPretoro, director of the Bureau for Education of the Visually Handicapped in New York City.

Retrolental fibroplasia, a disease which seriously affects the eyes of infants, is becoming a serious problem, according to Dr. Reese, professor of ophthalmology at Columbia University. Its cause is still unknown, and no effective treatment has been devised. Ninety per cent of the

cases become totally blind. In New York City the incidence in infants weighing three pounds or less is 20 per cent. ACTH has been used during the past two years, but apparently is not the answer to this problem. Retrolental fibroplasia is still a frontier subject.

The major needs of the future, as stated by Dr. Sebrell, director, National Institute of Health, Maryland, are:

1. Increased number of workers for case finding.
2. Expanded research.
3. Closer co-ordination among all workers.
4. Increased funds.

Research is badly needed in the battle against blindness caused by infectious diseases. In the southern states pink-eye is a major public health problem. In Georgia 25 per cent of school absences are due to conjunctival diseases of children. On the brighter side Dr. Scheele, surgeon general of the United States Health Service, announced a drop of 90 per cent in blindness due to infections in the newborn, and a 25 per cent drop in blindness due to injuries.

There is a great need for funds for research. Less than a million dollars a year from all sources are spent on eye research, while eight million dollars are spent yearly for eye cosmetics. One hundred and twenty five million dollars are paid for services to the blind.

Dr. Blake of Yale University spoke on glaucoma research. Glaucoma is called the mystery disease; its cause is still unknown. It is known that worry, grief, anxiety, and fright have much to do with its development.

The need of correcting substandard vision was brought out by Dr. Leonard Greenburg of the New York State Department of Labor. Accidents are reduced 50 per cent when eye defects are remedied.

Summary of recommendations:

1. Vision testing for preschool child.
2. Adequate school testing and follow-up.
3. Sufficient illumination in classrooms.
4. Use of green chalk-boards.
5. Use of safety goggles in school shops.
6. Vision testing for highway safety—at present only twenty states have tests.
7. Better facilities for eye care.
8. Adequate vocational rehabilitation service.

PARK BASKETBALL LEAGUE ENDS BANNER SEASON.

(Continued from page 365.)

Provision has been made in our 1951 budget to pay these officials at the rate of \$8 per night in the Senior League and \$5 per night in the Junior League. All officials were required to sign an "official assignment card" for each game he or she officiated in; these cards were then countersigned by a supervisor assigned by our Recreation Division.

These signing cards, submitted weekly to the Park Department office at 33 Beacon street, were checked against the league schedules and then posted to the individual earning card of each official. There was a total of 520 games played, as follows:

Senior-Varsity-Conference Leagues.....	283 games.
Hyde Park District League	42 games.
East Boston District League	61 games.
Girls' Leagues.....	134 games.
Total.....	520 games.

Accordingly, your approval is requested for the temporary employment of 104 basketball officials as listed on the attached sheets, to be paid for the number of nights listed opposite their respective names, at the rate of \$8 per night in the Senior League and \$5 per night in the Junior League, charged to No. 110 Budget Item—total amount, \$5,309.

Respectfully yours,

FRANK R. KELLEY, *Chairman.*

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway construction, estimated to be thirty (30) days, vehicles are excluded from the following street, effective April 12, 1951:

Rutledge Street, West Roxbury.

From Bellevue street to Park street.

BUDGET AMENDMENTS.

BOSTON TRAFFIC COMMISSION.

Permission has been given to amend the Budget by adding one (1) parking meter clock repairman at \$2,500 a year.

This will make a total of two (2) parking meter clock repairmen instead of one.

HOSPITAL DEPARTMENT.

Approval has been given for the amendment of the 1951 Budget by the creation of the following positions in our Commissary Department:

Three assistant chefs, \$64-\$70 a week; 6 principal kitchen workers, \$52.49-\$55.49 a week; 15 kitchen workers, \$30.74-\$41.49 a week.

This department operates 24 hours a day, 7 days a week, and spends well in excess of \$1,000,000 a year for food, and we employ approximately 267 employees, titled as follows:

Two chefs, 3 assistant chefs, 7 principal kitchen workers, 40 senior kitchen workers, 215 kitchen workers.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with contractors, commercial houses, etc., for furnishing labor, supplies, etc. Communications from heads of departments interested were as follows:

LIBRARY DEPARTMENT.

BOSTON, April 10, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your permission is respectfully requested to award, without public advertising, to the H. B. Church Truck Service Company, 26 Reading street, Roxbury, Mass., a contract for providing a Bookmobile service. This Bookmobile service is actually a traveling branch library and will give library service to certain sections of the city now without it, pending the provision of library service in a more permanent form.

The H. B. Church Truck Service Company has provided Bookmobile service on a contractual basis to the library for the past year and has given efficient and satisfactory service. It is a reliable organization which has a thorough familiarity with the work to be performed for the library and has a Bookmobile which was built to the specifications provided by the library. It is prepared to make available to the library on a contractual basis the required Bookmobile for the period of April 1, 1951, to December 31, 1951.

It is believed that it is to the best interest of the library and to the City of Boston to dispense with public advertising and to award this contract to the H. B. Church Truck Service Company. The Trustees have therefore

Voted, That there be awarded, without public advertising, to the H. B. Church Truck Service Company, 26 Reading street, Roxbury, Mass., a contract for providing a Bookmobile service, using a Bookmobile built to specifications provided by the library, for the period April 1, 1951, through December 31, 1951, at the rate of one hundred eighty-five dollars (\$185) per week (Monday through Friday), plus two dollars and ten cents (\$2.10) for all hours beyond forty (40) hours in any one week (Monday through Friday), and for all hours worked on Saturday at the rate of seventy-five cents (\$.75) per hour for the first four (4) hours and two dollars and ten cents (\$2.10) per hour for all hours worked thereafter.

Your permission to proceed along these lines is respectfully requested.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,

by LEE M. FRIEDMAN,
Vice President.

LIBRARY DEPARTMENT.

BOSTON, April 11, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your permission is respectfully requested to award, without public advertising, a contract for the transportation of books and other materials between the branches and Central Library during the period of April 1, 1951, to December 31, 1951, to the H. B. Church Truck Service Company. This is the same contractor who is doing the work at present, and the price for 1951 will be the same as for 1949 and 1950.

This permission is requested for the following reasons:

1. The nature of the work to be performed, and particularly the fact that a substantial portion of it has to be done daily before or after members of the library staff in the branch libraries are on duty, makes it desirable to continue, if possible, without the necessity of training new drivers into its routine.

2. Public advertising for bids in 1939 resulted in the submission of two bids; in 1940, one bid; in 1941, two bids; in 1942, two bids; in 1943, one bid; in 1944, one bid; in 1945, two bids. In 1942 the low bidder died in the course of the life of the contract and, there being no one left to continue his business, the contract was breached. In 1943, it was necessary to take action against the contractor doing the work, inasmuch as the rates being charged the library for the work were in excess of those filed by him with the Department of Public Utilities of Massachusetts. In 1945, it was necessary to terminate the contract with the low bidder for inability to provide the proper type of equipment as set forth in our contract.

3. In September, 1943, when the then holder of the contract had to be relieved because of breach of contract on his part, the H. B. Church Truck Service Company had to be brought in, upon twenty-four hours' notice, to take over the work on a substitute basis for the rest of the year, until December 31, 1943. In 1944, the H. B. Church Truck Service Company was the sole bidder in response to public advertising for bids, and performed the work most satisfactorily, in succession to the several years of difficulties which the library had experienced with previous contract holders. For the year 1945, in response to public advertising, a second bidder in addition to the H. B. Church Truck Service Company turned out to be the lower bidder, and the contract was awarded to it. On June 3, 1945, that bidder breached his contract, and once again a substitute contractor had to be brought in on twenty-four hours' notice. The library turned on this occasion to the H. B. Church Truck Service Company, in view of its satisfactory service in the past. The H. B. Church Truck Service Com-

pany has performed most satisfactorily the work ever since.

4. The H. B. Church Truck Service Company has a thorough familiarity with the work to be performed, is a reliable organization, and has given satisfactory service on its preceding contracts. The rates to be charged in 1951 for the transportation work are identical with those rates charged during the years 1949 and 1950.

For these reasons it is believed that it will be to the best interests of the city and of the library to award this contract for the period of April 1, 1951, to December 31, 1951, without public advertising for bids. The Trustees have therefore

Voted, That there be awarded without public advertising to the H. B. Church Truck Service Company, 26 Reading street, Roxbury, Mass., a contract for the transportation of books and other materials between the Central Library and the branch libraries for the period April 1, 1951, through December 31, 1951, at the rate of one hundred dollars (\$100) per truck for two (2) trucks, plus an over-all charge of ten dollars (\$10) per week for handling cash, plus two dollars and forty-five cents (\$2.45) per hour per truck for all hours trucks are used beyond eight (8) hours in any working day, and for a third, or more, additional trucks as required at the rate of two dollars and eighty-five cents (\$2.85) per hour per truck with a minimum charge of four (4) hours per truck, and at the rate of three dollars and forty-five cents (\$3.45) for use of such third, or more, trucks beyond eight (8) hours in any working day.

Your permission to proceed along these lines is respectfully requested.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,

by LEE M. FRIEDMAN,
Vice President.

PUBLIC WORKS DEPARTMENT.

BOSTON, April 3, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

At the present time, the American Service Company of 253 Adams street, Dorchester, is engaged on a contract which provides for the servicing and maintaining of the street gas lamps that are located in this city. This contract was awarded under date of January 2 of this year, and provided for a termination date of March 31, because of the limitations established under section 3A of the City Charter governing the liabilities that may be incurred pending the appropriating of funds by the City Council.

As explained in my letter of November 6, 1950, that I sent to you requesting authority to award a contract to the above-referenced contractor for the first three-month period of this year, a representative of the contractor informed me that, due to increased costs, they were entitled to an increase for supplies to be furnished under the provisions of the contract for the period starting April 1, although, as stated in my communication, he was agreeable to accepting a contract for the first three months of this year based on the prices that were

in effect during the calendar year of 1950. The increase requested by the contractor will amount to approximately 2 per cent of the entire contract cost and will involve an actual increase of approximately \$470. The requested increase, in my opinion, is reasonable, and I feel certain that we could not obtain any lower price if we publicly advertised for proposals, because the above-referenced contractor, in my opinion, is the only one in this area qualified to perform the work of servicing and maintaining our street gas lamps.

It is our intention to replace approximately 1,200 more gas lamps this year with electric street lights, and the contractor has agreed to the elimination of the clause which was in the 1950 contract and which restricted the removal of gas lamps to not in excess of 10 per cent of the number of lamps in service. At the present time, there are approximately 5,600 gas lamps in the city and, under the provisions of the old contract, we would be permitted to remove only 10 per cent of these, which would have restricted the department in its street lighting modernization program.

For reasons as stated hereinbefore, I respectfully request that you authorize a contract, without publicly advertising for proposals, to the American Service Company of 253 Adams street, Dorchester, for the servicing and maintaining of approximately 5,600 gas lamps located in the streets of this city, covering the period from April 1 to June 30, at unit prices agreed to by the contractor and by this department. It is estimated that the cost of this contract will not be in excess of \$25,000.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, April 13, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Boston City Hospital for one No. T L M 16-cell, 19-plate Exide battery. Two bids were received as a result of soliciting for informal quotations.

It is requested that authority be granted me to dispense with publicly advertising for prices and award a contract, without public advertisement, to Electric Storage Battery Company. The price submitted by this company was approximately \$10 higher than the other company's price, but it is my opinion that the contract should be awarded to the Electric Storage Battery Company because the battery furnished by them has been very satisfactory to the City Hospital in the past. Electric Storage Battery Company maintains a stock of replacement parts locally and, therefore, parts, when needed, can always be obtained without any delay.

Total amount of contract will be \$1,298.87, less scrap allowance on old battery of \$96.75, making a net total of \$1,202.12.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, April 10, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On March 28, 1951, your Honor approved a letter to award a contract, without public advertisement, to Hersey Manufacturing Company for furnishing Hersey meter parts to the Public Works Department, in the amount of \$5,304.70.

The letter erroneously stated that 2 per cent cash discount was deductible for payment within ten days. It is therefore requested to amend the original letter dated March 27, 1951, to read as follows:

Total amount of contract for Hersey Manufacturing Company will be \$5,304.70, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

POLICE DEPARTMENT ORDERS.

General Order No. 1436.

Acting under provisions of chapter 658, Acts of 1945 (State-Boston Retirement System), the Boston Retirement Board has approved for retirement, on account of accidental disability, the following-named police officer, effective at the close of business Monday, April 30, 1951:

In view of this operation of law, after April 30, 1951, the said police officer shall no longer be an active member of this department, and it is hereby ordered that its records be so amended.

Patrolman James E. McCollem, Division 15.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

LEGISLATION FOR CITIES.

At least 30 of the 44 state legislatures that convened in regular sessions this year enacted important bills directly affecting municipal government. A few new laws—on loyalty, for example—reflect comparatively new problems, but most are the extension of trends that became pronounced a decade or more ago. Legislation for increased state aid is predominant. Some states gave cities limited new taxing powers. Chronic housing needs brought legislation in nearly a dozen states. Several governors signed measures giving cities more power to cope with parking problems.

RECENT FEDERAL ACTIONS AFFECTING CITIES.

The Housing Act of 1949, approved on July 15, authorized a uniform 10 per cent payment to cities in lieu of taxes on housing projects, but the independent offices appropriation bill passed on August 15 contains a provision that for the fiscal year ending June 30, 1950, only payments provided for in the original contract between the housing authority and the city are authorized for federal reimbursement.

Federal aid for hospital construction has been approved for nearly 800 projects; more than 600 are general hospitals and the great majority are in towns of under 10,000 population.

PROCEEDINGS OF CITY COUNCIL.

Monday, April 9, 1951.

Regular meeting of the City Council held in the Council Chamber at 2 P.M., President HURLEY in the chair. Absent, Councilors Ansel, Coffey, Cook, and Hannon.

The Reverend William D. Keenan, pastor of St. Thomas Aquinas Catholic Church, Jamaica Plain, was escorted to the rostrum.

INVOCATION BY REV. WILLIAM D. KEENAN.

O Almighty God, loving and merciful Father of all men, look down, we beseech Thee, upon this legislative body which seeks today Thy guidance and Thine unflinching assistance. Help these elected representatives of a free people to understand rightly both their dependence on Thee and their responsibility towards the civil community whose destiny they control. Their authority comes from Thee; they must exercise it in Thy name and in conformity with Thy law. Let no thought of selfish interest obscure in their minds the clear vision of Thy truth which will draw their deliberations into the channels of righteousness; let no desire for earthly gain come into conflict with the firm purpose of serving Thee, which will strengthen their wills and bring to them assurance of Thy blessing for their official enactments.

O just and upright God, help us all to work together according to Thy plan for the safety and peace of our own community and of the nation whose cause we are pledged to defend. We have learned to our sorrow that our ways are not always Thine. We are being driven back into Thine arms by our hatred of one another; we turn to Thee once more, chastened by the cruel misery of an order of society from which Thou art being excluded. Grant that we may yet be aroused, before it is too late, to a sense of the doom which awaits us for having rejected Thee. Our fathers built this community on Thee, and moulded its wholesome traditions in the forms of virtue which they discovered in Thy revealed teachings. If we still rejoice in the dignity and freedom which belong to us as Thy creatures, it is because those who have gone before us were faithful to Thee. May it not be charged against us by our descendants in years to come that we enslaved them to despotic rulers of a communistic society by refusing to submit to the saving yoke of Thy commandments. Truly Thou hast made us for Thyself, and unless we turn to Thee we shall be lost forever.

O God of goodness and holiness, we rejoice in Thy nearness to us. We pray that Thou mayst not desert us as disaster threatens to bring us to ruin. We pledge to Thee that singleness of purpose under Thy guidance which will unite us to one another against Thine enemies, and bring us at length to an eternity of union with Thee. Amen.

The salute to the Flag was given by the members.

CONSTABLES AUTHORIZED TO SERVE CIVIL PROCESS.

The following was received:

City of Boston,
Office of the Mayor, April 9, 1951.
To the City Council.

Gentlemen:

Subject to confirmation by your Honorable Body, I hereby appoint the following-named persons as constables of the City of Boston for the term of one year, beginning with the first day of May, 1951, authorized to serve civil process upon filing of bond.

The commissions of all constables authorized to serve civil process not named herein expire on April 30, 1951, and such constables are hereby removed from office from and after May 1, 1951, for the good of the service.

Respectfully,

J. B. HYNES, Mayor.

MINOR OFFICERS PAID BY FEES.

The following was received:

City of Boston,
Office of the Mayor, April 9, 1951.
To the City Council.

Gentlemen:

Subject to confirmation by your Honorable Body, I make the following appointments of minor officers paid by fees for the term of one year, beginning with the first day of May, 1951.

The appointments of all such officers not named herein are hereby revoked from and after April 30, 1951.

Respectfully,

J. B. HYNES, Mayor.

(The names of the persons appointed as minor officers are contained in City Document No. 44, 1951.)

Referred to Committee on Confirmations.

APPOINTMENT BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the appointment of Lawrence McGrath, 29 Montcalm avenue, Brighton, as weigher of goods for term ending April 30, 1951.

Referred to Committee on Confirmations.

"STOP" SIGNS AT WALDECK AND PARK STREETS.

The following was received:

City of Boston,
Office of the Mayor, April 9, 1951.
To the City Council.

Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of March 26, 1951, requesting that "Stop" signs be put on both sides of Waldeck street and Park street in Ward 17.

Respectfully,

J. B. HYNES, Mayor.

Boston Traffic Commission,

April 5, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

With reference to Council order requesting "Stop" signs on both sides of Waldeck and Park streets, in Ward 17, I wish to report that our engineers have surveyed this area several times in the past and have stated that this intersection does not have the characteristics and qualifications which would warrant an isolated "Stop" sign being erected at this point.

"Stop" signs have to be approved by the State Department of Public Works, and the basis for their approval is generally that such

a location be either the intersection of two main highways, or that both streets carry traffic which is not made up of vehicles having local origin or destination points.

The intersection of Park and Waldeck streets does not come under either of these classifications, and the volume of traffic using these streets is not larger than that using adjoining streets.

Respectfully submitted,
WM. ARTHUR REILLY, Commissioner.

TRAFFIC LIGHTS AT MORTON AND HARVARD STREETS.

The following was received:

City of Boston,
Office of the Mayor, April 9, 1951.
To the City Council.

Gentlemen:
I transmit herewith communication from the Traffic Commissioner relative to your order of March 26, 1951, requesting that construction begin immediately on traffic lights at Morton street and Harvard street.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission.
April 4, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

With reference to Council order dated March 26, 1951, that construction begin immediately for traffic lights at Morton and Harvard streets, I wish to report that this location is among those which are to be the first installed during the next few months.

All equipment is at hand with the exception of lead cable which, although ordered late in 1950, has not yet been received.

The installation of traffic lights at Morton and Harvard streets will be made at the earliest possible moment.

Respectfully submitted,
WM. ARTHUR REILLY, Commissioner.

PAINTING OF "SLOW" SIGNS ON MORTON STREET PAVEMENT.

The following was received:

City of Boston,
Office of the Mayor, April 9, 1951.
To the City Council.

Gentlemen:
I transmit herewith communication from the Traffic Commissioner relative to your order of March 26, 1951, requesting the painting of "Slow" signs along Morton street directly upon the pavement along Morton street.

J. B. HYNES, Mayor.

Boston Traffic Commission,
April 4, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

With reference to Council order dated March 26, 1951, requesting that "Slow" signs be painted along Morton street, I wish to report that orders have been given to accomplish this work at the earliest possible date.

Adverse weather conditions during the past few days and the pending arrival of our paint-

ing crew to take up the spring painting program has caused a slight delay, but within a matter of days this work should be completed.

Respectfully yours,

TRAFFIC LIGHTS AT CERTAIN LOCATIONS, WARD 14.

The following was received:

City of Boston,
Office of the Mayor, April 9, 1951.
To the City Council.

Gentlemen:
I transmit herewith communication from the Traffic Commissioner relative to your order of March 26, 1951, requesting a study of the advisability of placing a pedestrian box light at Baird street and Morton street and a flasher at Havelock street and Morton street.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
April 4, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

With reference to Council order of March 26, 1951, requesting that a study be made of the advisability of placing a pedestrian box light at Baird street and Morton street and a flasher at Havelock street and Morton street, I wish to report that I attended a public meeting on Saturday evening, March 31, held in the district for the purpose of discussing the traffic problems in this area.

The location for traffic lights had been previously agreed upon for the corner of Morton and Harvard streets. The feasibility of installing additional lights at Havelock and Baird streets is now under consideration.

As a result of this meeting a suggestion was made that Baird street be made one way in the opposite direction from that now in effect. This will be brought up at the next meeting of this Commission on April 12.

Dear Mr. Shannon:

I return herewith order in City Council that the Public Works Commissioner replace or repair a wire fence at the foot of I and East First streets, Ward 6, and submit a copy of a letter forwarded to the Navy Department, as follows:

"April 4, 1951.

Commander G. C. Emery, Public Works Officer,
Boston Naval Shipyard, Bldg. 200, Charlestown, Mass.

Dear Sir:

The Boston City Council on March 26, 1951, passed the following:

'Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to replace or repair the wire fence at the foot of I and East First streets, Ward 6, adjoining the Stetson Coal Wharf, to protect children from the danger of falling into the channel.'

Investigation shows this fence was located on Navy Department land between the Stetson Fuel Company building and a chain link fence surrounding the K Street Annex, about fifty feet north of East First street. The original pipe fence posts are still in position, and we believe this section of fence was originally erected by the Navy Department.

As this fence is on property that is not a public way, it is not within my jurisdiction, and I am unable to comply with the above order.

I shall appreciate it—and I am sure the apprehensive parents in the neighborhood will be grateful—if you can arrange to have this fence restored, at your earliest convenience. Mr. George Bradley of your office has discussed this matter with my assistant and is, therefore, well acquainted with the subject. However, if additional information is required, please feel free to call upon me.

Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works."

Dear Sir:

Replying to Council order of March 26, 1951, introduced by Councilor Coffey, requesting the Board of Street Commissioners to supply certain information regarding open-air parking licenses in the City of Boston, I am most pleased to submit the following:

1. Three hundred forty-two (342) licenses were granted during 1950 for the conducting of open-air parking spaces in the City of Boston, 38 of which covered seasonal parking only, as follows: baseball, 28; football, 9; horse racing, 1.

2. The total sum received by the city in fees during 1950 for licenses to conduct open-air parking spaces in the City of Boston amounted to \$28,758.95. Of this amount, \$3,124.28 applied to seasonal parking licenses to which reference is made above.

3. Two hundred seventy-two (272) such licenses are now in effect for 1951. (No seasonal open-air parking licenses have been granted or issued up to the present time.)

4. The total amount received in fees during 1951 for such licenses is \$25,566.

City of Boston,
Budget Department, April 3, 1951.
Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

Council order passed March 26, 1951, and reading as follows has been received:

"Ordered, That his Honor the Mayor be requested to place the ambulance drivers in the Public Buildings and Health Departments on the same salary schedule as the ambulance drivers employed at the Boston City Hospital."

The inequalities in the rate of pay of ambulance drivers in the Public Buildings and Health Departments as compared with the ambulance drivers at the Boston City Hospital is another example of many existing inequalities in pay for positions with similar duties and responsibilities in the city service which have developed because of the lack of a comprehensive classification and compensation plan.

A contract has been awarded to J. L. Jacobs and Company, Management Consultants, to make a survey with a view to developing a classification and compensation plan for employees of the city. This survey is now well

under way and without doubt will contain recommendations with a view to correcting inequalities such as cited in the Council order. Under the circumstances, therefore, in my opinion, nothing would be gained by attempting to make individual adjustments at the present time as suggested in the Council order.

Very truly yours,
JOHN A. SULLIVAN,
Budget Commissioner.

PERMIT FOR SUFFOLK COUNTY COUNCIL, V.F.W.

The proceeds of the poppies will be used for the welfare and relief of hospitalized veterans.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Overseers of Public Welfare,
April 5, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Attention of Mr. Shannon, Chief Clerk.
Dear Sir:

The Overseers of the Public Welfare in the City of Boston have received notification of the following order of the City Council, which was passed March 26, 1951:

"Ordered, That the Board of Trustees of the Public Welfare be requested, through his Honor the Mayor, to grant Suffolk County Council, Veterans of Foreign Wars, a permit to sell poppies for Friday, May 25, and Saturday, May 26. The proceeds of the poppies will be used for the welfare and relief of hospitalized veterans."

At its meeting on April 2, 1951, after careful consideration, the Board of Overseers of the Public Welfare reaffirmed its previous decision that no organization be given two days in any calendar year to conduct tag days.

The Board is not opposed to any organization, but because of the multiplicity of demands for tag days, if one organization is given the privilege of soliciting on the streets for two days, every organization, and especially veterans' organizations, would have to be given the same privilege. This would merely mean that in the long run all organizations would have minimum returns, because the public can and will give only certain amounts.

Therefore, the Overseers of the Public Welfare in the City of Boston feel they must adhere to the rule of one day a year for such solicitations.

Sincerely yours,
WILLIAM G. O'HARE, Secretary.

TRANSFER FROM PARKMAN FUND.

The following was received:

City of Boston,
Office of the Mayor, April 9, 1951.
To the City Council.
Gentlemen:

I am in receipt of the attached communication from the Board of Park Commissioners requesting the appropriation of \$49,000 from the income of the George F. Parkman Fund, to be expended under the direction of the Board of Park Commissioners, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887.

The 1951 budget estimates of the personal service requirements of the Park Department included an estimate of the total income of \$180,000 from the Parkman Fund. The budget allowance made provision for the appropriation of this income as it accrued for the purpose of defraying the cost of work actually performed on the Common and Parks in Existence on January 12, 1887.

I submit herewith an order appropriating the sum of \$49,000, the accrued income now available from the Parkman Fund, and respectfully request its immediate passage by your Honorable Body.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Park Department, April 3, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

By vote of the Board of Park Commissioners, you are respectfully asked to request the City Council to transfer from the income of the George F. Parkman Fund the sum of \$49,000, which is now available, to be expended under the direction of the Board of Park Commissioners as follows:

Common and Parks in Existence on
January 12, 1887, Maintenance
and Improvement of..... \$49,000

When making up the budget estimates for the year 1951, a sum equal to the total yearly income of the George F. Parkman Fund was deducted from Item 100, Permanent Employees, with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1951, to be transferred as it accrued from time to time during the year to the regular maintenance appropriation of the Park Department.

Respectfully yours,
FRANK R. KELLEY, Chairman.

Ordered, That the sum of \$49,000 be, and hereby is, appropriated from the income of the George F. Parkman Fund, to be expended under the direction of the Park Commissioners, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887, as follows:

Common and Parks in Existence on
January 12, 1887, Maintenance
and Improvement of..... \$49,000

LOAN FOR CONSTRUCTION OF SEWERS.

The following was received:

City of Boston,
Office of the Mayor, April 9, 1951.
To the City Council.
Gentlemen:

I am in receipt of a communication from the Commissioner of Public Works in which he requests a bond issue to the amount of \$1,000,000 for sewerage works.

At the present time the Sewerage Works Loan issued in 1949 does not contain a sufficient balance to meet the normal sewer construction requirements for the balance of the year. It is, therefore, essential that additional funds be available for this most necessary purpose.

I respectfully recommend passage of the Sewerage Works Loan order of \$1,000,000 by your Honorable Body.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
April 9, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

A Sewerage Works Loan in the amount of \$1,000,000 was issued in June of 1949. At the present time, we have an unencumbered balance of \$345,000 in that account. The loan is used to pay the cost of all new sewer construction and for engineering and inspection service relating to such work.

In order to effect our normal sewer construction program during the current year and to pay the salaries of the engineers and inspectors assigned to this program, it is most essential that we provide for the issuance of a new loan in the amount of \$1,000,000.

I respectfully recommend, therefore, that the attached loan order—which provides for the issuance of a so-called Sewerage Works Loan in the amount of \$1,000,000—be submitted to the City Council for the approval of that Body.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Ordered, That under the provisions of clause 1 of section 7 of chapter 44 of the General Laws, the sum of one million dollars (\$1,000,000) be, and hereby is, appropriated, to be expended under the direction of the Commissioner of Public Works, for the construction of sewers for sanitary and surface drainage purposes, and for sewage disposal, and that, to meet said appropriation, the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

LOAN FOR CONSTRUCTION OF PUBLIC WAYS.

The following was received:

City of Boston,
Office of the Mayor, April 9, 1951.
To the City Council.
Gentlemen:

I am in receipt of a communication from the Commissioner of Public Works in which he requests the issuance of a loan order to the amount of \$2,000,000 for "Public Ways, Construction of."

As stated by the Commissioner of Public Works, it is the intention of the city, this year, to undertake one of the largest Chapter 90 state-aid projects in the history of the city, contemplating the construction of approximately eight miles of main highways in various sections of the city. In addition to this program, it is also the purpose of the city to carry out the normal street construction

and reconstruction program in the city, for which we pay the entire cost.

In view of the fact that the construction and reconstruction of streets in our city is a normal and very necessary operation of the city government, and in view of the fact that there is not sufficient money available to accomplish the current program, I submit herewith for the consideration of your Honorable Body a loan order in the sum of \$2,000,000 for the purposes as outlined above.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
April 9, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

At the present time there is an unencumbered balance of \$344,071.29 in the "Public Ways, Construction of" account for highway construction and reconstruction work during the current year.

It is our intention to undertake one of the largest Chapter 90 state-aid projects in the history of the city. The tentative Chapter 90 program—which includes approximately eight miles of main highways in various sections of this city—is as follows:

Blue Hill avenue, Dorchester, from Morton street to a point approximately 1,100 feet north.

Belgrade avenue, Roslindale, from Robert street to Centre street.

Bennington street, East Boston, from Neptune road to Walley street.

Centre street, West Roxbury, from Weld street to Church street.

Washington street, Brighton, from Cambridge street to Oak square.

Cambridge street, Brighton, from Union square to Washington street.

Spring street, West Roxbury, from Centre street to Veterans of Foreign Wars Parkway.

Alford street, Charlestown, from drawbridge to the Everett line.

Massachusetts avenue, from Edward Everett square to Columbus avenue.

The Bennington Street Project might have to be deferred until 1952, due to the inability of the MTA to eliminate streetcar operation before November or December of this year. However, it is our intention to proceed with all of the other projects listed on the tabulation, and it is estimated that the program for Chapter 90 work alone will approximate \$800,000.

In addition to the Chapter 90 projects, it is most essential that we carry out our normal street construction and reconstruction program. I feel that we shall need at least \$2,000,000 in addition to our present unencumbered balance to provide sufficient funds to effect the Chapter 90 program and our regular street improvement work.

I respectfully recommend, therefore, that the attached loan order—which provides for the issuance of so-called "Public Ways, Construction of" bonds in the amount of \$2,000,000—be submitted to the City Council for the approval of that Body.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Ordered, That under the provisions of clause 5 of section 7 of chapter 44 of the General Laws, the sum of two million dollars (\$2,000,000) be, and hereby is, appropriated, to be expended under the direction of the Commissioner of Public Works, for the construction of public ways or permanent pavement, and that, to meet said appropriation, the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

JAMES E. GILDEA,
Collector of Taxes for the City of Boston.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings, or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings, or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, owners unknown, being the private way known as Keane road, bounded:

Southeasterly by Veterans of Foreign Wars Parkway, forty and 58-100 feet; southwesterly by the southwesterly line of Keane road, three hundred sixty-seven

and 50-100 feet; northwesterly by the northwesterly line of said road, forty and 71-100 feet; and northeasterly by the northeasterly line of said road, three hundred eighty-one and 91-100 feet; containing fourteen thousand nine hundred and eighty-eight square feet, more or less.

The sewerage works to be constructed are as follows: 357 feet (approximately) of 10-inch pipe sanitary sewer and 357 feet (approximately) of 10-inch pipe surface drain, in the above-described land.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land situated on the northwesterly, northeasterly, and southwesterly sides of Keane road will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots in the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on the plan hereinbefore referred to, and on file in the office of said department.

Ordered, That a sanitary sewer of approximately 440 feet of 10-inch pipe and a surface drain of approximately 420 feet of 12-inch pipe be constructed in Veterans of Foreign Wars Parkway, from Corey street to Keane road.

Voted, That this Board determines that no person sustains damages in his estate by the taking of an easement for sewerage purposes in Keane road and the construction of sewerage works in Veterans of Foreign Wars Parkway, West Roxbury district, under the order of the Board of April 10, 1951, and awards no damages therefor.

Owners unknown (Keane road), 14,988 square feet, nothing.

CITIES' RELIEF ROLLS RISE.

General relief case loads showed an increase of 9 per cent from January 1 to March 1 in a representative group of 15 major cities, as compared with an increase of 5.6 per cent during the first two months of 1948 in the same cities, according to a recent survey by the American Public Welfare Association. General relief case loads do not reflect all unemployment because many newly jobless are drawing unemployment compensation and are not on general assistance rolls. Cities where case loads mounted in the first two months of 1949 included Boston, Buffalo, Cincinnati, Milwaukee, Minneapolis, and Philadelphia. General assistance means relief to the indigent, as distinguished from the three major categories of federal aid given under the Social Security program—aid to dependent, to the aged,

POPULATION DISTRIBUTION.

Another important population change has been the geographic redistribution of the American people. According to Census Bureau estimates for July 1, 1948, seven states had lost population since 1940, and 41 states and the District of Columbia had gained population. The most impressive population gains were in the West; the losses were concentrated in a few states in the upper Missouri River Basin.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for bituminous concrete pavement in Carlisle street, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Bituminous Concrete Pavement in Carlisle Street, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, MAY 2, 1951, with a certified check for TWO THOUSAND (2,000) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any and all proposals or to award the contract as he deems best.

INVITATION FOR PROPOSALS FOR MAKING ALTERATIONS IN VARIOUS SCHOOLS, GROUP A-4.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for making alterations in various schools, Group A-4.

Proposals will be received until 12 o'clock noon, Thursday, May 10, 1951, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$3,500, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Plans and specifications may be obtained at the office of the Awarding Authority.

Subbidders bidding on the work of subcontractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All subbidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidder no later than 12 o'clock noon, Monday, May 7, 1951.

A bid deposit in the form of cash or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the amount of his bid, shall be submitted by each subbidder with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A deposit of a certified check in the sum of \$50, payable to the City of Boston, will be required in order to procure a complete set of plans and specifications. This deposit shall be returned, providing that all plans and specifications are returned in satisfactory condition within ten days after opening of bids.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

Information relating to the performance bonds of subcontractors is set forth in the notice to subbidders.

Mr. James H. Mooney, Superintendent of Construction, 26 Norman Street, Boston, Mass.

Dear Mr. Mooney:

At the conference of the School Committee on December 27, 1950, I was directed to request that you include in the contracts for work to be done in various school buildings because of the Public Safety Law a provision that said contracts are subject to cancellation if the School Committee should decide to close any of the schools involved because of consolidation.

Very truly yours,
Agnes E. Reynolds,
Assistant Secretary."

The contract to be awarded on the basis of proposals, herein advertised, shall be subject to cancellation as requested by the School Committee.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids. The Awarding Authority also reserves the right to reject all subbids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

MAYOR MOVES TO SECURE NONCOMMERCIAL EDUCATIONAL TELEVISION CHANNEL FOR LOCAL AREA—ASKS FOR RESERVATION AND ALLOCATION IN NEW ARRANGEMENT OF CHANNELS—ALL EDUCATIONAL INSTITUTIONS INTERESTED.

Upon April 25 Mayor John B. Hynes made public the following communication:

PAUL V. BETTERS, *Executive Director*,
The United States Conference of
Mayors, 730 Jackson Place, N. W.,
Washington 6, D. C.

DEAR SIR:

As requested by Mayor David L. Lawrence of Pittsburgh, I am sending you herewith correspondence denoting a substantial interest on the part of this community in the reservation of a non-commercial educational television channel in this area.

This expression of interest includes the Boston City Council, the Lowell Institute Cooperative Broadcasting Council, all of the universities and colleges in this area, the State Department of Education, the

MAYOR HYNES INVITES GENERAL MacARTHUR TO BE GUEST OF CITY ON VISIT TO MASSACHUSETTS—WANTS HIM TO SPEAK FROM HISTORIC BOSTON COMMON AFTER PARADE.

April 26, 1951.

GEN. DOUGLAS MACARTHUR, Waldorf-Astoria Hotel, New York, New York.

DEAR GENERAL:

It is my understanding that you are likely to come to Boston shortly to receive an honorary degree from Harvard University, and to address a joint session of the Massachusetts Legislature. If this be so, I extend to you a cordial invitation to be the guest of the City of Boston on either occasion or both. We hope it will be possible for your wife and your son to accompany you.

The capital city of New England is most anxious to join in a nationwide tribute to one of the most gallant soldiers and outstanding military leaders of American history.

Many thousands of our young men served under you in World War II during the occupation of Japan and in the subsequent fighting in Korea. It would be fitting, indeed, that they, and all our citizens, be afforded an opportunity

MAYOR JOHN B. HYNES NAMED HONORARY CHAIRMAN OF BOSTON'S 1951 CLEAN-UP, PAINT-UP, FIX-UP CAMPAIGN—PRESIDENT BLAKE OF CHAMBER OF COMMERCE MAKES ANNOUNCEMENT, WITH DATES SET FOR MAY 21 TO 31—ALL RESIDENTS AND BUSINESS ESTABLISHMENTS TO BE ASKED TO TAKE ACTIVE PART—MAYOR AND CITY OFFICIALS ALREADY AT WORK ON PROGRAM INTENDED TO MAKE BOSTON CLEANER AND MORE ATTRACTIVE TO VISITORS.

Mayor John B. Hynes has been named honorary chairman, J. Ralph Stout chairman, and James H. Walsh vice chairman of the second annual Clean-Up, Paint-Up, and Fix-Up Campaign during the period of May 21-31, according to an announcement of President Harry J. Blake. The Boston Chamber of Commerce is sponsoring the campaign.

"I hope the people of Boston will co-operate fully with the Chamber of Commerce in its annual Clean-Up, Paint-Up, and Fix-Up Campaign," said President Harry J. Blake in making the announcement. "Such campaigns not only help to build up the morale of a community, but they create work and wages.

"It is my hope that every resident and businessman in the city during the period of the campaign will clean out all accumulations of trash from attics, lofts, basements, and closets; clean up lawns and yards; paint their houses and buildings, inside and out; fix up and repair their properties and furnishings.

"Last year's Clean-Up, Paint-Up, and Fix-Up Campaign was an example of the good that arises out of such efforts. Not only were hundreds of tons of rubbish cleaned out of homes and buildings and carried away to the municipal dumps, but many thousands of odd jobs at good wages were created for unemployed men and women. Furthermore, the campaign did much to give impetus to the new community spirit that has been steadily developing in Boston during the past year or so."

Work Already Started.

"I wish to compliment the Mayor and other city officials for the spring cleaning that has already been done by the various departments on the playgrounds, public lands, streets, and buildings. Their efforts have set a standard for the entire community to follow.

"Most communities need an annual Clean-Up, Paint-Up, and Fix-Up program. With the passing of time, deterioration sets in, and homes and business structures—sometimes whole neighborhoods—become shabby and unsightly unless precautions to check it are taken. Negligence today may mean slums tomorrow.

"While many people keep their properties in first-class condition, there are, unfortunately, thousands of others who, either because of lack of time or funds, or for other reasons, let things slide. Clean-Up, Paint-Up, and Fix-Up Campaigns do much to stimulate these persons into improving their surroundings.

"A full meeting of the committee that has been named to assist the Chamber in the promotion of the campaign will be held in the immediate future. At that time plans of the Chamber will be published in full."

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

REPORT OF TERESA A. REGAN, HEAD MASTER, BOSTON CLERICAL SCHOOL, ON ATTENDANCE AT CONVENTION OF AMERICAN ASSOCIATION OF SCHOOL ADMINISTRATORS, AT ATLANTIC CITY, FEBRUARY 19 TO 23, 1951.

The following is the report of Teresa A. Regan on attendance at convention of the American Association of School Administrators:

CURRICULUM FUNDAMENTALS OF 1951. Discussion Group, Monday, February 19, 1951.

This meeting was so well attended that Trimble Hall and the lobby were crowded. To me, the outstanding feature was the way in which it was conducted by means of three five-minute speeches, a ten-minute "buzz" conference in six-person groups, six two-minute interrogations, and questions from as many leaders of the "buzz" groups as time permitted. This procedure brought from a very large audience an unusually lively response.

Professor Mackenzie of Teachers College, Columbia University, posed several questions, then answered them thus, as to the modern curriculum:

1. Trust teachers.
2. Increase the voice of students in school affairs.
3. Invite "lay" people to help.
4. Start improvement through the individual school unit, as danger lies in central-office jurisdiction not recognizing differences in schools.
5. Use consultants as helpers; not supervisors as checkers.

Professor Shane of New York University (substituting for Dean McSwain) raised these issues:

1. Shall school teach about religion, in order that children will understand religions other than their own?
2. Shall controversial issues be avoided? Will schools be silent on "free enterprise vs. welfare state"?
3. Shall there be teacher-children programs? Shall basic texts be scrapped—that is, a preplanned curriculum? Shall those who are to use the texts choose them?
4. Shall we teach intercultural education close to home? EXAMPLE: Housing authority near school?
5. Shall sex education be avoided in school? Does it belong at home, or in school discussion with wholesome attitudes?
6. Shall teachers participate in school policy-making? Voice in salary decisions? Board of education? Etc.

Ernest O. Melby, third speaker, said there are no intrinsic ethical values in the "three R's" although many people seek to accentuate their value when criticizing schools. The real problem confronting education is to act in the area of translating a moral and spiritual renaissance into living. He denies two illusions—that knowledge is power and that children can change communities. Instead, the realistic attitude is that the rest of the community must be mobilized to do what the schools cannot do! Western culture must find a way to use educational resources not yet fitted into a program of education for freedom. Public schooling will be a success when its own capacity and instru-

mentalities are used to put moral and spiritual values in central place.

Interrogators.

Superintendent Jansen of New York City noted that central planning must be supplemented in each individual school.

Miss Llewellyn, instructor in education, New York University, warned that "fundamentals" differ from year to year, so one must ask "when" and "for what?"

Superintendent Courter of Cincinnati pointed out that differences of all kinds need understanding before, and as well as, action.

Superintendent Stoddard of Los Angeles said that the curriculum in a community will be that which the community will approve. Communities should recognize (1) the needs of present-day youth and (2) how to serve them.

Miss Barron, principal of a Minneapolis school, warned that we should be sure to know what is our philosophy. To what extent do we know (1) how we stand and (2) how to go on to work for the things we believe in? Is there leadership, as help to individual schools? What evaluations do we set up?

CUTTING DOWN THE LAG BETWEEN EDUCATIONAL INVENTION AND PRACTICE. Discussion Group, Tuesday, February 20, 1951.

At the Tuesday afternoon discussion group, Professor Paul R. Mort said, in addition to his remarks reported in the second issue of *The Gist*: The eighty studies financed by the Metropolitan School Council, at the rate of about \$50,000 a year, show that every school system is on the "growing edge" of something new, although in other aspects it may be fifty years behind; that is, each school system is a pioneer in something, a follower in other things, and a laggard in something else. If people understand this, they will not ask any school system to do the impossible but will let it do what it can do well. The largest single controlling group in a community can influence the school psychologically; a good community group can raise the school by "lay" participation.

Educational progress comes only when we know how to behave differently. We need to "pass around" right ideas. Let the teachers choose from many ideas. They have sense to use what they need. (Teachers get sense from living! The greater the age of the staff, the better the school.)

What has been done to speed up practice of educational-invention ideas so that many can benefit from them? Three magazines now let us know these pooled ideas—the *Metropolitan School Study Council*, with a circulation of 20,000, the *Central School Idea*, with a circulation of 25,000, and the associated *Public Schools*, with a circulation of 70,000. (EXAMPLE: "Let's Face It" sold 15,000 copies in February alone!)

We must speed up communication! Get all this research material out where it will do some good! It isn't immoral to take ideas. A reception committee of "lay" men should read the bulletins of these new ideas instead of having them lie on the desk of the Superintendent of Schools. Then they should recommend them to the Superintendent. This will take the pressure off the Superintendent's shoulders and get the stuff out! Lay participation and political democracy can cut down the lag!

ORGANIZED PROPAGANDA AGAINST PUBLIC SCHOOLS AND WHAT CAN BE DONE TO TURN THE TIDE.

Discussion Group, Thursday, February 22, 1951.

In opening the well-attended meeting on the subject "Organized Propaganda Against Public Schools and What Can Be Done to Turn the Tide," Superintendent Bourgeois of New Orleans schools said in part: There are two factions against public education—the first shows sporadic dissatisfaction even now when we have better prepared teachers and much stress on the individual pupil; the second shows opposition to proper financial support of the schools.

Defense Bulletin No. 58, N.E.A. (February, 1951), titled "Commission for Defense of Democracy through Education," speaks of "destructive censors of public education" through such propaganda opponents and enemies as "Educational Reviewer" and "Friends of the Public School." All should get a copy of this useful bulletin.

President H. H. Hill of George Peabody College said, in addition to the digest printed in the third issue of *The Gist*: Remember that the "National Council on American Education" is not friendly to the public schools; it publicizes half-truths. He is proud that Goslin from California is appointed to Peabody College. He cautions that the next stage will be many stories about "progressive" education, such as its encouragement of "delinquency" and terrible stories about youths. He suggests:

1. Concentrate on good schools. Get a substantial minority working against the economy league. Use "less adrenalin and a little more gray matter" as means to bring good news about the schools before the part of the public that is your friend, to offset enmity.

2. If you are one of the people directly responsible, work to correct, change, or palliate wrong conditions. Order the kind of printed material now available to work against the economy league.

Mr. Tuttle, executive secretary of National School Boards Association, said, in addition to his remarks reported in the third issue of *The Gist*: Well-intentioned but ill-advised people, and ill-intentioned but well-advised people, both work as minority groups to sow distrust and oppose progress. School authorities can retaliate so that attacks (1) will not be made or (2) will not be noticed.

Good public relations is the answer—give all the people all the facts, all the time. See that advisory "lay" groups are those suggested by the school authorities themselves; beware of outside minority groups with high-sounding names. Members of the education profession must sit with representatives of the general public, to improve the school to the end that "all children of all the people understand each other." On the local level, they should ask: What are the schools doing? What should they do? How relate curriculum to pupils' needs? What financial support is needed? This is a vision of citizen participation! An active educational crusade, a sweeping, co-ordinated movement with a united philosophy, should be our vital concern.

Interrogators.

Benjamin Fine, of the New York Times, asked how will we present a united front, when New York City teachers alone have eighty-seven group organizations, against this "frightening coalition of forces"? Tuttle, in answer quoted Stoddard in saying "Expose

them" by process of informing them. Tuttle's idea of a co-ordinating council works well in Illinois' monthly meetings, to the extent that in this "state-level workshop" participants learn to drop individual and organizational biases.

Superintendent Clish of San Francisco schools seemed impatient with policy of reasoned rebuttal. He advocated, "Pin evidence right where it belongs. This procedure has news value."

Henry Toy, director of National Citizens Commission for the Public Schools, said that citizens' meetings should put aside all preconceptions of solutions. They should recognize three basic points — there is misinformation, there is misunderstanding, and these are spread among broad cross-sections of people. He asked help for his organization, and purchase of its publications. Address: 2 West 45th street, New York 19, New York.

Corma Mowrey, president of N. E. A., asked, "Are we losing bond issues now through these enemies? Long-time plans, and short-time plans, also? What techniques must we devise now for legislation in this time of teacher shortage?" General discussion followed.

SPECIAL GROUP MEETINGS.

The Delta Kappa Gamma Society met at dinner on Tuesday evening, February 20. (For description of the organization, please see page 35 of the pamphlet herewith, "Women in Education.") The meeting was attended by over one hundred members from all parts of the country.

Dr. Mary Titus, chairman of the classroom teachers of the N. E. A., was the featured speaker. Her theme seemed to be: The American people must be made to see that they must contribute a greater share of the national income to public education if the schools are to continue as the first line of defense. She cited such statistics as these: Babies born in New York State in 1937 numbered 2½ million; in 1947, 3½ million. The share of the national income being given to education is declining — in 1931, 7 per cent of the national income was given to education; now, with much higher national income, less than 3 per cent is being given. The greatly increased wealth of the country and the decrease in the value of the dollar have not been considered in making up educational budgets since the late 1930's; the results of these shortages are now cumulative in the poor condition of the buildings, insufficient salaries, and lack of modern educational services. On the other hand, there are more pupils in the schools than ever before because of the greater national population and the fact that families, with increased incomes, are keeping their children in school more years than formerly. The primary need of the country is for defense, at present; but, since the war is being fought for preservation of the democratic ideal, the schools which have taught and preserved this ideal in preceding generations should be supported more strongly in their current efforts.

The Harvard University Graduate School of Education dinner meeting was so well attended that an overflow group had to be accommodated in the main dining room of the Traymore. The after-dinner speakers emphasized that millions of dollars of endowment are needed for professorships and scholarships, and that

they wished to correct the mistaken impression that the School does not welcome women who wish to train for positions of influence and responsibility in the public schools, as well as men.

Dean Keppel spoke of his visits throughout the country and his plans to improve the registration and the buildings of the School. Professor Simpson spoke in detail about the grant from the Kellogg Foundation, of which he is chairman, and of his committee's plans for using it to assist the schools of Massachusetts in business administration, plans for new buildings, and educational method. Professor Sargent described specific studies which have been directed by the School personnel in Massachusetts cities and towns, at the request of the school authorities.

The School plans to make a particular appeal to attract scholars in the field of social science, in order to study the social forces which affect the schools of America and the resulting school programs.

THE NATIONAL COUNCIL OF ADMINISTRATIVE WOMEN IN EDUCATION.

As my special duties at the convention were connected with the National Council of Administrative Women in Education, I attended two meetings of the Board of Directors, at breakfasts, an afternoon meeting, and the annual meeting. Matters discussed at the Board meeting concerned the reorganization of the Council and its branches so that it will become a stronger member of the N. E. A., report of the revision of the Constitution of the Council (of which I was chairman), report of the nominating committee, and report of the committee on resolutions. Information of general interest from these meetings included these items:

Dr. Bess Goodykoontz, vice president of the Council, who is Associate Commissioner of Education in the United States Office of Education, spoke of the recent reorganization of the Office of Education. Eight departments there have been consolidated into three new groupings — vocational education, higher education, and state-and-local education, as a result of recommendations of the Chicago survey. There will be four assistant commissioners, none of whom is a specialist in elementary education; nor is Commissioner McGrath a specialist in elementary education. Elementary education is not mentioned as a separate unit; the Survey discouraged specialization between elementary and secondary education. Doctor Goodykoontz now works on combined interests — organization, administration, and instruction — headed by a man whose experience has been in the secondary field. At the business meeting on Wednesday, the members present voted to send telegrams asking for clarification of the status of elementary education, by far the most important division numerically for the pupils and the teachers of the country, to President Truman, Oscar Ewing (Federal Security Administrator), and Commissioner McGrath.

A motion was passed that the new president, Miss Steinmetz (District Superintendent of Chicago Schools), be instructed to send a letter to Mr. McClure, pointing out that practically no women were asked to participate in the A. A. S. A. meetings nor act as chairmen, despite the fact that 7 per cent of administrators are women, and to send a letter to Commissioner McGrath protesting the fact that no woman assistant commissioner was appointed.

The panel discussion was very interesting. The points of view re-enforced the

"encouraging trends" mentioned on pages 36 and 37 of the enclosed booklet, "Women in Education."

The Chicago delegation in attendance included Mrs. Herold Hunt and a woman school-board member. The Denver Branch group included two women school-board members, wives of two members, and Mrs. Nettie Freed, Commissioner of Education for Colorado. Seven were present from California, including a woman school-committee member and a San Francisco delegate who said that she had \$10,000 in her reception fund for those of us who were coming to the July meeting. The meeting ended with tentative plans for the San Francisco meeting.

MAYOR HYNES HOPES TO SECURE NONCOMMERCIAL TELEVISION CHANNEL FOR BOSTON AREA.

(Continued from page 421.)

Boston public schools and parent-teacher groups, newspaper publishers, and radio broadcasting outlets.

In practically every instance the desire for an educational channel in this area is emphasized. There is no doubt whatsoever that the consensus of opinion in this area is strongly in favor of the establishment of an educational television channel.

If there is any further material desired, or any further expression of sentiment desired, I will be very happy to furnish it. I think it can be definitely stated that there will be deep disappointment, to say the least, in this area unless the allocation of new channels includes one devoted to noncommercial educational purposes.

With every best wish, I am

Sincerely,

J. B. HYNES, Mayor of Boston.

MAYOR SENDS BOXES OF USEFUL ARTICLES TO 676 GI'S IN KOREA.

All of the 676 Boston boys in Korea who were sent candy by the Mayor's Easter Candy Committee will be sent boxes of useful articles and sweets to be paid for out of the surplus arising out of the candy fund.

Such was the announcement yesterday of Mayor John B. Hynes after a consultation with representatives of the committee. The surplus, he said, amounted to \$1,545, making it possible for the committee to send boxes costing approximately \$2.22 each.

Each box will contain a safety razor and ten blades in a practical plastic case, a tube of shaving cream, toothbrush, comb, writing pad, envelopes, a Scripto pencil with a cartridge of lead, and several packages of gum and Life Savers. These articles were selected on the recommendation of veterans of the Korean War.

In each box will go a card signed by the Mayor and expressing the greetings of "Your Neighbors and Friends in Boston."

CIVIL DEFENSE DISTRICT MEETINGS.

The first Civil Defense district meetings for many of the districts have been scheduled, starting April 24 as follows:

Districts 1, 2, and 3, Civil Defense Headquarters, 14 Somerset street, at 8 P. M. on May 10. This district includes downtown Boston, the West End, the North End, and the Milk Street section.

District 4, South Boston, will meet at the South End House, 20 Union park, at 7.30 P.M. on April 24.

District 10, Roxbury Crossing, will meet at the Norfolk House in Roxbury at 7.30 P.M. on May 7.

District 16, Back Bay, will meet at the Boston Public Library at 7.30 P.M. on April 26.

District 6, which includes South Boston, will meet at the South Boston High School at 8 P.M. on May 9.

District 9, which is Roxbury-Dudley street, will meet at the Roxbury Memorial High School at 8 P.M. on May 3.

District 13, Jamaica Plain, will meet at the Mary Curley School at 8 P.M. on April 26.

District 14, Brighton, will meet at Police Station No. 14 at 8 P.M. on May 1.

District 18, Hyde Park, will meet at the Hyde Park Municipal Building at 8 P.M. on May 2.

District 19, Mattapan, will meet at the Wolcott School at 8 P.M. on May 9.

MAYOR HYNES INVITES GENERAL MacARTHUR TO BE GUEST OF CITY OF BOSTON.

(Continued from page 421.)

to demonstrate their esteem for you upon the occasion of your visit here.

If your schedule will permit, we invite you to participate in a parade, and to speak to the people of our metropolitan area from historic Boston Common. So that we may perfect the necessary arrangements, I would more than appreciate it if you would inform me of your plans and your wishes as soon as they have crystallized.

Sincerely yours,

JOHN B. HYNES,
Mayor.

FRANKLIN PARK ZOO IN READINESS FOR THROGS OF SUMMER VISITORS DUE TO IMPROVEMENTS INSTITUTED UNDER MAYOR HYNES—\$10,000 TO HELP BUY ANIMALS.

The following communication has been received at this office:

PARK DEPARTMENT,

BOSTON, April 20, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

Since the advent of your administration, this department, under your direction, has made great progress in the rehabilitation of the Franklin Park Zoo. We have made many changes in buildings improving and repairing them and we have added many new exhibits of animals. For the first time in many years we have a splendid monkey exhibit, all housed in glass cages. We have many new types of birds, also a fine exhibit of lion cubs, and we have added other animals that have not been seen at the zoo for many years.

We are now planning to add many additional animals which will have to be obtained from Africa, South America, or from animal dealers in this country. However, in order to get certain species of animals, the purchaser is required to give immediate approval to the dealers for their purchase often well in advance of the delivery date. It is impossible to wait until official orders have been issued through the Supply Department. It is difficult to get bids on an order for zoo animals. They must be obtained when the opportunity presents itself. The animal dealer will sell animals to the first person who makes an offer for them and has ready money with which to make payment.

In this department we have a special appropriation, "Franklin Park Zoo, Rehabilitation of" (1-31-21), in which we have sufficient funds to purchase animals. We, therefore, respectfully request that you allow us to set aside the sum of \$10,000 from this appropriation

to purchase animals wherever and whenever we are able to obtain them, and to pay for them upon delivery through a departmental invoice form.

It we are to obtain larger exhibits of animals for the zoo, it will be necessary for us to have this permission so that we may be able to make purchase without delay when the stock is available.

Respectfully yours,

FRANK R. KELLEY,
Chairman.

CONTRACTS AWARDED.

Permission to award the contracts for work, materials, and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

Remarks.—J. P. O'Connell Company, an extra charge for lampblack will be made if used; Whittemore Company, if lampblack is used in topping, price will be based on quantity used.

* Contract awarded.

Upon April 17 the Mayor approved a contract with Ansonia Electrical Company for furnishing fire alarm cable to the Fire Department. Approximate total amount of contract was \$5,011, less cash discount of 1 per cent for payment within 10 days.

Bids, opened March 22, were as follows:

Item 1. 2,000 Feet Fire Alarm Cable, 61-Conductor, Per Foot.—Ansonia Electrical Company, \$1,248 per M*; Okonite Company, \$1,886 per M (4x60-inch reels at \$41 each); Westinghouse Electric Supply Company, \$1,278.

Item 2. 1,000 Feet Fire Alarm Cable, 37-Conductor, Per Foot.—Ansonia Electrical Company, \$1,015 per M*; Okonite Company, \$1,198 per M (4x60-inch reels at \$41 each); Westinghouse Electric Supply Company, \$3.8 cents.

Item 3. 1,000 Feet Fire Alarm Cable, 19-Conductor, Per Foot.—Ansonia Electrical Company, \$575 per M*; Okonite Company, \$699 per M (1x16-inch reels

at \$41 each); Westinghouse Electric Supply Company, 48 cents.

Item 4. 5,000 Feet Fire Alarm Cable, 4-Conductor, Per Foot.—Ansonia Electrical Company, \$185 per M*; Okonite Company, \$226 per M (4x42-inch reels at \$18 each); Westinghouse Electric Supply Company, 18.6 cents.

Reel Charge.—Ansonia Electrical Company, no charge; Westinghouse Electric Supply Company, \$180 per lot, extra, net.

Cash Discount.—Ansonia Electrical Company, 1 per cent, 10 days, net, 30 days; Okonite Company, one half of 1 per cent, 10 days, net, 30 days; Westinghouse Electric Supply Company, one half of 1 per cent, 10 days, net, 30 days.

Delivery Date.—Ansonia Electrical Company, 240 to 270 days; Okonite Company, 40 to 45 weeks, availability of raw material; Westinghouse Electrical Supply Company, early 1952.

Remarks.

Ansonia Electrical Company.—Delivery specified is an honest estimate of what we expect to be able to do at this date but is subject to delays for government orders or other conditions beyond our control. The merchandise quoted herewith is priced at levels established November 30, 1950, and does not reflect increases in our costs for these products due to changes in material and labor up to January 25, 1951, with a maximum allowable increase of 10 per cent. Formal requests are pending with ESA for relief therefrom and if granted, such increases will be reflected in billings when merchandise is shipped. We are bidding on cable to your specification. Conductors are solid bare soft copper and fillers are used in Item 4 only. This quotation is rendered on the basis that the material required will conform to any existing government regulations in effect or made effective during the contract period.

Okonite Company.—Prices quoted subject to change without notice. Orders are accepted at prices prevailing at time of quotation subject to adjustment covering actual increases or decreases in elements of cost, which will be correspondingly adjusted at time of shipment. (See proposal.)

Westinghouse Electric Supply Company.—This quotation is for acceptance within 30 days. If order is received with cutting lengths for immediate manufacture or shipment within 30 days, it will be accepted on the basis that it will be invoiced at the prices in effect on the date of shipment but at no greater increase than 20 per cent of the original price. (See proposal.)

* Contract awarded.

Upon April 15 the Mayor approved a contract with Portland Stone Ware Company for furnishing Portland cement to the various city departments from June 1, 1951, to December 31, 1951, with the privilege of extending the period of time until May 31, 1952. Approximate total amount of contract was \$13,680, less cash discount of 10 cents per barrel for payment within 10 days.

There was but one bid opened April 11, as follows:

Approximately 3,000 Barrels Portland Cement, as Specified.

Price Over the Published Dealer's Cost Per Barrel Established in the Boston Switching by Portland Cement Manufacturing at Time of Shipment, Per Barrel of 376 Pounds Net Weight.—Portland Stone Ware Company, 60 cents.

Minus Cash Discount Per Barrel for Payment in Ten Days, Per Barrel.—Portland Stone Ware Company, 10 cents.

Published Dealer's Price in Boston Date of Opening of Bids, Per Barrel of 376 Pounds.—Portland Stone Ware Company, \$3.96, based on Hudson River mill shipments.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with contractors, supply houses, and commercial institutions for furnishing supplies, labor, etc. Communications from heads of the departments interested were as follows:

LIBRARY DEPARTMENT.

BOSTON, April 12, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On January 17, 1951, following a public filing of bids, your Honor the Mayor approved the award of a contract to Careful Cleaning Company, 184 Boylston street, Boston, for the cleaning of certain windows in 13 branch libraries for the period commencing January 1, 1951, and ending not later than March 30, 1951, at unit prices as provided, and with agreement contained therein, relative to renewal of said contract upon the same terms and conditions for the period commencing April 1, 1951, and ending December 31, 1951.

The period covered by the existing contract expired on March 30, 1951. Therefore, in order to renew the aforementioned contractual commitments due to the necessity of making provision for the continuance of these services and in order to fully meet the requirements of the Statutes of 1909, chapter 486, section 30, as amended in respect thereto, the Trustees respectfully request your permission to dispense with publicly advertising for proposals and to award a contract, at the same unit prices as originally bid, to Careful Cleaning Company for the window cleaning work, starting with April 1, 1951, and ending December 31, 1951.

As indicated, the rates to be paid for the window cleaning are the same as those being paid under the expired contract. The proposed contract will result in a total expenditure for the remainder of the year of \$1,026. The work will be done under the same terms, conditions, and prices as appear in the present agreement.

In the opinion of the Trustees, nothing would be gained by publicly advertising for bids since the contractor was the low bidder in the first instance and in view of the fact that Careful Cleaning Company has carried on its work in an efficient and satisfactory manner. The Trustees have therefore

"Voted, That there be awarded, without public advertising, to Careful Cleaning Company, 184 Boylston street, Boston, Mass., the contract for the cleaning of certain windows for the period of April 1, 1951, to December 31, 1951, at 13 branch library buildings as specified under Group II in the specifications in the contract in the total amount of \$1,026."

Your permission is respectfully requested to award this contract to the

Careful Cleaning Company, 184 Boylston street, in the amount indicated above.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
by LEE M. FRIEDMAN,
Vice President.

PUBLIC BUILDINGS DEPARTMENT.

BOSTON, April 11, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Under an oral agreement with this department, the Federal National Linen Service Company has been furnishing hand towels to all offices in City Hall Annex and to the Auditor's office, City Hall. The agreement calls for the delivery of approximately 950 towels a week.

The towels service already given by the company has proven satisfactory and in my opinion nothing could be gained by publicly advertising for bids for this type of work.

In view of the above, I respectfully request permission to issue orders to the Federal National Linen Service Company, in an amount not to exceed \$1,820, without the usual form of advertising.

Respectfully yours,

GEORGE P. DONOVAN,
Superintendent of Public Buildings.

BOSTON, April 12, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

From time to time it is necessary for this department to hire a one and one half-ton truck.

We issue service orders in each case for a definite number of hours for certain periods. Under these orders the contractor, Robert D. Ford, furnishes the truck, with chauffeur or operator and all the gasoline and oil at a rental rate of \$2.50 per hour. The aggregate cost of hiring this equipment throughout the year exceeds \$1,000, but I feel that it is to the advantage of the city to hire the equipment in this manner.

I, therefore, respectfully request your permission to hire this equipment, a one and one half-ton truck, upon the issuance of service orders, at the rate of \$2.50 per hour, that is, Robert D. Ford to furnish the operator and the gasoline and oil necessary to operate the vehicle.

Respectfully yours,

GEORGE P. DONOVAN,
Superintendent of Public Buildings.

PUBLIC WORKS DEPARTMENT.

BOSTON, April 10, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

At the present time, the Vulcan Construction Company of 193 Hanover street, Boston, is engaged in the restoration of permanent roadway pavements in the Brighton district, in areas opened by public service corporations where the roadway surface is constructed of sheet asphalt or bituminous concrete. This contractor was designated by me to do this work for these corporations, at established rates.

It would be desirable for this contractor to restore—concurrently with the pavement work being done for the public service corporations—the permanent pavement restoration work in roadway areas where openings have previously been made by the Water Division of this department, in connection with the maintenance and repair of the water system. The contractor has agreed to do the pavement restoration work over openings made by the Water Division at approximately 27 per cent less than the prices established by me for work done by said contractor for the corporations. We are able to obtain this substantial reduction in price because the contractor has his organization and equipment in operation performing the pavement work for the public service corporations, and the additional expense involved in permanently resurfacing so-called "water openings" is far less than it would be if the contractor were engaged in resurfacing the latter-referenced openings only. The above-referenced contractor is well qualified to do this type of work and the agreed price, in my opinion, is fair and reasonable, and no advantage would accrue to the city by publicly advertising for bids.

I respectfully request, therefore, that you authorize the awarding of a contract, without publicly advertising for bids, to the Vulcan Construction Company of 193 Hanover street, Boston, in the amount of \$6,000, for pavement restoration work in roadways where so-called "water openings" have been made and which are surfaced with sheet asphalt or bituminous concrete.

It is understood that the contractor's work will be restricted to the Brighton section.

There is an available appropriation in the budget of the Water Division to pay for the cost of this contract.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, April 18, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

A contract was awarded under date of September 14, 1950, to the Brighton Construction Company, Inc., of 60 Henshaw street, Brighton, for removing brick sidewalks and replacing them with artificial stone in designated streets in South Boston. The contract was awarded as a result of publicly advertising for proposals, and the above-referenced contractor submitted the low bid.

The work provided under the terms of the contract is practically completed, but there is a great deal more of this type of work to be done in the South Boston district. At the present time, it unquestionably would be in the public interest to replace, with artificial stone, the existing brick sidewalks located on that section of H street, South Boston, extending from East Broadway to East Sixth street.

I have discussed this matter with a representative of the above-referenced contractor, and he has agreed to lay new artificial stone sidewalks in the above-referenced section of H street, at the same unit prices included in his

present contract, which, as stated above, were obtained as a result of publicly advertising for proposals. Unquestionably, lower prices could not be obtained at this time, even through public advertisement.

I respectfully request, therefore, that you authorize the awarding of a contract, without publicly advertising for proposals, to the Brighton Construction Company, Inc., of 60 Henshaw street, Brighton, for artificial stone sidewalks in H street, South Boston, from East Broadway to East Sixth street, at the same unit prices that are in effect in the above-referenced contract, with the understanding that the cost of the work will not exceed \$4,500.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, April 17, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Sumner Tunnel of the Public Works Department for two (2) Taller & Cooper treadles, 9 feet long.

Authority is requested to dispense with publicly advertising for bids and award a contract, without public advertisement, to Taller & Cooper Company, 75 Front street, Brooklyn, New York. This company is the manufacturer of the materials requested and is the sole supplier and, therefore, no advantage could be gained by publicly advertising for prices.

Total amount of contract will be \$1,500, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, April 17, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Bids for furnishing uniform caps to the Fire Department were publicly opened and read in this office on March 27, 1951. The bid submitted by Basch Cap Company, the low bidder, was irregular because no prices appeared on the Auditor's copy of their bid.

Inasmuch as this company agrees to keep their prices firm throughout 1951, permission is requested to award a contract, without public advertisement, to Basch Cap Company, 658 Washington street, Boston, on the basis of the prices submitted in their bid of March 27, 1951.

Approximate total amount of contract will be \$2,054.50, less 2 per cent cash discount for payment within 10 days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

CHANGES IN CONTRACTS.

PARK DEPARTMENT.

John F. Shea Company, Inc., has been authorized to make the following changes in the contract for construction of animal sheds at the elk range, Franklin Park Zoo:

A new price of \$222 per shed or a total net price of \$444 for the substitution of

a concrete floor slab in lieu of timber joist and plank as called for in the specifications in the remaining two shelters.

Original amount of contract, \$9,300; addition as per this order, \$444; total contract now standing, \$9,744.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Central Construction Company has been directed to perform the following extra work under the contract for sheet asphalt pavement in Albano street, Bradwood street, Corey street, Haslet street, Rockland street, and Spring street, dated October 31, 1949.

In Corey street, haul 72 linear feet of edgestone from Willow court at \$1 per linear foot; set 56 linear feet of edgestone at 75 cents per linear foot; deliver to city yard 17 linear feet of edgestone at \$1 per linear foot; excavate by hand 10 cubic yards of excavation necessary for the setting of edgestone (furnished by the city) at \$4.50 per cubic yard. Estimated cost of extra work, \$176.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A 10-inch pipe sanitary sewer and a 10-inch pipe surface drain in Appleton court, between Willow street and 193 feet southwesterly, in the West Roxbury district, at an estimated cost of \$2,500.

A 10-inch pipe sanitary sewer and a 10-inch pipe surface drain in Spinney street, between Sparrow street and Cowing street, in the West Roxbury district, at an estimated cost of \$2,800.

An 18-inch and a 15-inch pipe surface drain and a 10-inch pipe sanitary sewer in Sparrow street, between Cottage avenue and Searle road, in the West Roxbury district, at an estimated cost of \$11,800.

A 24-inch pipe surface drain and 10-inch pipe sanitary sewer in Cottage avenue, between Myles Standish road and Sparrow street, in the West Roxbury district, at an estimated cost of \$13,800.

Three catch basins and connections in Pinewood street, from Birchcroft road to Taunton avenue, in the Hyde Park district, at an estimated cost of \$1,200.

Two catch basins and connections in Chapel road, from Tacoma street to Safford street, in the Hyde Park district, at an estimated cost of \$1,000.

A surface drain consisting of 590 linear feet of 12-inch pipe, and 3 catch basins and connections in Summer street, from Parrott street 570 feet northerly, in the Hyde Park district, at an estimated cost of \$5,900 for surface drain; \$1,200 for catch basins and connections, making a total of \$7,100.

A surface drain consisting of 240 linear feet of 15-inch pipe in Parrott street (old easement), between Austin street and Summer street, in the Hyde Park district, at an estimated cost of \$2,400.

A surface drain consisting of 100 linear feet of 15-inch pipe in Austin street, between Chestnut street and Parrott street, in the Hyde Park district, at an estimated cost of \$1,000.

A surface drain consisting of 250 linear feet of pipe in Chestnut street, between Stony Brook and Austin street in the Hyde Park district, at an estimated cost of \$3,000.

One catch basin and connection in Elene street, between Alabama street and Wabash street, in the Dorchester district, at an estimated cost of \$500.

LAND-TAKING IN BOSTON PROPER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the discontinuance of Fruit street, Boston Proper district, as a highway, from Blossom street to North Grove street, bounded and described as follows:

The highway named Fruit street is hereby discontinued from Blossom street to North Grove street.

Said highway as hereby discontinued is bounded:

Easterly by Blossom street, twenty-five and 6-100 feet; southerly by the southerly line of Fruit street as hereby discontinued, by three measurements, two hundred and 79-100 feet, forty and 40-100 feet, and one hundred forty-six and 48-100 feet; westerly by North Grove street, twenty-four and 93-100 feet; and northerly by the northerly line of Fruit street as hereby discontinued, by two measurements, 43-100 feet and three hundred eighty-four and 57-100 feet, containing ninety-six hundred and fifty-five square feet more or less.

Said discontinuance to be subject, however, to all rights of the City of Boston to lay, maintain, operate, repair, and renew sewerage and water works and their adjuncts, and all rights of public utility companies for their structures existing therein at the date of this order.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the discontinuance of Fruit street, Boston Proper district, from Blossom street to North Grove street, as a highway, under the order of the Board of April 16, 1951, and awards no damages therefor.

PROCEEDINGS OF CITY COUNCIL.

Monday, April 16, 1951.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., President HURLEY in the chair. Absent, Councilors Hannon, Kinsella, McCormack, P. A. Tracy, and Yersa.

Rabbi Benjamin Grossman of Congregation Beth Hamidrash Hagadol, Roxbury, was escorted to the rostrum.

INVOCATION BY RABBI BENJAMIN GROSSMAN.

Heavenly Father, in the spirit of Solomon of old, we pray unto Thee, give Thy servants of this City Council an understanding heart to judge Thy people to discern between good and evil. Give them vision and spiritual strength to influence those about them. Above all, give them inspiration to translate and bring into realization the highest ideals of American democracy. Show them the way of unity, harmony, and solidarity so essential and fundamental to our very existence.

In this critical moment, make us realize that we have one country, one Flag, and one Constitution, and that it is our sacred duty to have one people at all times.

Bless our glorious country with its high ideals of liberty, justice, and brotherhood. Bless all who are assembled here who labor for the best interests of our state, of our city, and for humanity. Bless the work of their hands at all times. Amen.

The salute to the Flag was given by the members.

REPAIR OF WASHINGTON STREET, FROM EGGLESTON SQUARE TO FOREST HILLS.

The following was received:

City of Boston,
Office of the Mayor, April 16, 1951.
To the City Council.

Gentlemen:
I transmit herewith communication from the Commissioner of Public Works relative to your order of March 12, 1951, requesting him to repair Washington street, from Eggleston square to Forest Hills.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
April 9, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

This is in reference to the following order that was passed in the City Council under date of March 12:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repair Washington street, from Eggleston square to Forest Hills; and be it further

"Ordered, That the Trustees of the MTA be requested, through his Honor the Mayor, to repair their track area on Washington street, from Eggleston square to Forest Hills, in accordance with the terms of their contract with the City of Boston."

The above-referenced section of Washington street is in a very poor condition and unquestionably should be resurfaced. However, to do this resurfacing work—with the streetcar line in operation—will double the cost. This additional cost was brought very forcibly to my attention in connection with the one-mile section of Washington street that we intended to resurface between Forest Hills and Poplar street, in Roslindale. It was estimated that it would cost \$185,000 to resurface the latter-referenced section of Washington street if the streetcar line was kept in operation; whereas, the cost would have been reduced to \$85,000 if the streetcar line were abandoned, thereby permitting the resurfacing of the street by laying bituminous concrete over the existing roadway and track area. Therefore, I hesitate to completely resurface the section of Washington street, from Eggleston square to Forest Hills, until the present streetcar line is abandoned.

I have discussed this matter with Mr. Dana of the MTA, and he cannot give me any definite date as to when streetcar operation will be discontinued on Washington street. It appears that the streetcars will continue to operate for at least the next two or three years. In the meantime, arrangements will be made to advertise contracts to provide for the relaying of the worst sections of the street, thereby effecting some improvement, but not the improvement that would be brought about if the entire roadway area, from Eggleston square to Forest Hills, were completely resurfaced.

Very truly yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

REMOVAL OF GAS LAMPS ON SILVER STREET.

The following was received:

City of Boston,
Office of the Mayor, April 16, 1951.
To the City Council.

Gentlemen:
I transmit herewith communication from the Commissioner of Public Works relative to your order of March 26, 1951, requesting the removal of all gas lamps on Silver street and G street, Ward 6, and replacing same with modern electric lights.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
April 9, 1951.

Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

This is in reference to the following order that was passed in the City Council on March 26:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to remove all gas lamps on Silver street, between Dorchester street and G street, Ward 6, and to replace same with modern electric lights."

If sufficient funds are available, it is the intention of the department to continue with our street lighting modernization program that was started last year, which provides for the eventual replacement—with electric street lights—of all existing gas lamps. The recent cut by the City Council of \$75,000 in the street lighting budget unquestionably will require the curtailment of such a program.

You may be assured, however, that I shall give every consideration to complying with the provisions of the above-referenced order.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

INSTALLATION OF CEMENT SIDEWALKS ON H STREET.

The following was received:

City of Boston,
Office of the Mayor, April 16, 1951.
To the City Council.

Gentlemen:
I transmit herewith communication from the Commissioner of Public Works relative to your order of April 2, 1951, requesting the installation of cement sidewalks on H street, from East Sixth to East First streets, Ward 6.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
April 10, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I return herewith order in City Council that the Commissioner of Public Works install granolithic sidewalks on both sides of H street, Ward 6, from East Sixth to East First streets, and this will advise you that this work will be placed on the list of sidewalk installations to be given consideration during the current year.

Very truly yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

CLEANING OF STREETS.

The following was received:

City of Boston,
Office of the Mayor, April 16, 1951.
To the City Council.

Gentlemen:
I transmit herewith communication from the Commissioner of Public Works relative to your order of April 2, 1951, requesting that all streets be cleaned in the City of Boston from winter residue of dirt, etc.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
April 9, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

This is in reference to the following order that was passed in the City Council under date of April 2:

"Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to clean all streets in the City of Boston from winter residue of dirt, etc."

We have been engaged in a spring clean-up campaign of the streets of this city since the first week of March, and I am pleased to report that it is proceeding satisfactorily. Every available employee in the Sanitary Division and piece of

equipment suitable for street cleaning is at work in an all-out effort to remove the winter residue of sand and dirt from the public streets of the city.

Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

I transmit herewith communication from the Park Commissioner relative to your order of April 9, 1951, requesting the installation of a backstop on the Aquarium baseball field.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Park Department, April 13, 1951.
Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I am in receipt of a memo from your office, with attached enclosure, City Council order dated April 9, requesting the installation of a backstop on the Aquarium baseball field.

This matter has been referred to the chief engineer, and arrangements will be made to construct the backstop.

Very truly yours,
FRANK R. KELLEY, Chairman.

TELEVISION CHANNEL FOR NONCOM- MERCIAL EDUCATIONAL PURPOSES.

The following was received:

City of Boston,
Office of the Mayor, April 16, 1951.
To the City Council.
Gentlemen:

I have been informed that the Federal Communications Commission in Washington is con-

sidering reservation of a television channel in various large cities for use by schools, educational institutions, and quasi-public civic and community organizations.

This station would, in short, be for noncommercial educational purposes. The Federal Communications Commission is anxious to have an expression of opinion by the communities involved in a possible television channel of this character. In that respect, I have written to presidents of various colleges in this community, to newspaper publishers, to educators, and to parent-teacher groups.

These replies are now coming into my office, and in every case there is extreme interest in the establishment of a noncommercial educational channel in this area.

It will, no doubt, have considerable weight with the Federal Communications Commission if the Boston City Council will also express its judgment in this matter.

I therefore send you herewith a resolution to which I most earnestly ask that your Honorable Body give prompt consideration and passage.

The time for the community expression of opinion in this matter is short, and for that reason I emphasize the desirability of prompt action.

Respectfully,
J. B. HYNES, Mayor.

Resolved, That the Boston City Council, in meeting assembled, favor the proposed reservation in Boston of a television channel to be devoted to noncommercial educational purposes.

Referred to the Executive Committee.

APPROPRIATION FROM CEMETERY FUND INCOME.

The following was received:

City of Boston,
Office of the Mayor, April 9, 1951.
To the City Council.
Gentlemen:

In the preparation of the 1951 budget, provision was made, as in previous years, that \$60,000 of the maintenance expenses of the Cemetery Division of the Park Department should be charged against income of the Cemetery Fund. Before this income can be utilized, it is necessary that an appropriation be made.

I accordingly submit herewith, in accordance with the provisions of chapter 117 of the Acts of 1913, an order providing for the appropriation from the income of the Cemetery Fund in the sum of \$60,000, the same to be utilized in meeting maintenance expenses of the Cemetery Division, and respectfully recommend adoption by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Park Department, April 4, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

By vote of the Board of Park Commissioners, you are respectfully asked to issue an order on the City Council that the sum of \$60,000 be appropriated from the income of the General Cemetery Fund, to be expended under the direction of the Park Commission for Cemetery Division maintenance and improvement.

This sum may be appropriated under the provisions of chapter 117 of the Acts of 1913.

When making up the budget estimates of the Cemetery Division for the year 1951, it was indicated that the amount of \$60,000 could be deducted from the No. 100 Item (Permanent Employees) if permission was given to use \$60,000 for maintenance and improvement of our cemeteries from the income of the General Cemetery Fund.

Respectfully yours,
FRANK R. KELLEY,
Chairman, Board of Park Commissioners.

Ordered, That under the provisions of chapter 117, Acts of 1913, the sum of sixty thousand dollars (\$60,000) be, and hereby is, appropriated from the income of the Cemetery Fund, to be expended under the direction of the Park Commissioner, for Cemetery Division maintenance and improvement.

Referred to the Executive Committee.

APPROPRIATION FOR POLICE DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, April 16, 1951.
To the City Council.
Gentlemen:

I am in receipt of the attached communication from the Police Commissioner in which he requests an appropriation of \$11,903 to permit the purchase of ten (10) motorcycles to be used by the Police Department in connection with the supervision of parking meters. Under the provisions of section 1 of chapter 442 of the Acts of 1947, revenue received from parking meter fees may be used to meet necessary expenses incurred for the regulation of

parking and other traffic incidents thereto. Since proper supervision of the use of parking meters will assure a full return to the city of established parking meter fees, I submit herewith an order providing for the appropriation of the amount requested by the Police Commissioner and respectfully recommend its adoption by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Police Department, April 13, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

When the budget was being considered, the Budget Commissioner eliminated the sum of \$12,000 on the item for ten (10) motorcycles with sidecars attached. This was done on the basis that, as these vehicles were used in checking parking meters, the amount should be appropriated from that source.

Bids were publicly opened this day, and the lowest bid for supplying these motorcycles was \$11,903.

I respectfully request that this amount be made available for their purchase.

Respectfully yours,
T. F. SULLIVAN, Police Commissioner.

Ordered, That the sum of \$11,903 be, and the same hereby is, appropriated from the revenue received from parking meter fees to be expended by the Police Commissioner for the purchase of motorcycles to be used in the supervision of the use of parking meters.

Referred to the Executive Committee.

NAMING OF SQUARE IN HONOR OF PHILIP S. CORBETT.

Coun. BRYAN offered the following:

Ordered, That the Committee to Memorialize Veterans be requested, through his Honor the Mayor, to name the square at the corner of Wren street and Woodard road, West Roxbury, in honor of Lieut. Col. Philip S. Corbett, a veteran of World Wars I and II.

Passed under suspension of the rules.

ACCEPTANCE OF GOULD STREET.

Coun. BRYAN offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor to, accept, lay out, and construct Gould street, Ward 20, as a public highway.

Passed under suspension of the rules.

GASOLINE STATIONS ON VETERANS OF FOREIGN WARS PARKWAY.

Coun. BRYAN offered the following:

Ordered, That the Board of Street Commissioners be instructed by his Honor the Mayor to issue no permits for gasoline stations on the Veterans of Foreign Wars Parkway, between Centre and Spring streets, or within one hundred (100) feet of this roadway in the West Roxbury and Roslindale section of Boston, and be it further

Ordered, That the Board of Street Commissioners be requested to take cognizance of the fact that this parkway was named the Veterans of Foreign Wars Parkway to perpetuate the memory of all veterans, and it is the considered opinion of thousands of residents of this district that to commercialize this roadway would be a desecration of the memory of our deceased veterans and an insult to living veterans.

Passed under suspension of the rules.

DEATH OF HENRY GILLEN.

Coun. HURLEY, BRYAN, and CANTWELL offered the following:

Whereas, The sudden death of Henry Gillen, assistant city editor of the Boston Post, is mourned by all members of the City Council, by his legion of friends, and by the thousands of readers of the Post, who appreciate his long and brilliant career, his editorial writings of truth and fairness, his humble and modest behavior toward all with whom he came in contact, and his ready willingness to aid those in trouble, therefore, be it

Resolved, That the members of the Boston City Council, in meeting assembled, desire to extend to the family of Henry Gillen their profound expression of sympathy and the hope that God will grant them an abundance of His graces to bear their heavy burden of sorrow.

The resolution was adopted by a unanimous rising vote.

TEMPORARY LIBRARY AT 182 NEPONSET AVENUE.

Coun. BEADES offered the following:

Whereas, The Boston City Council is strongly opposed to any consideration being given to the closing of the temporary library now located at 182 Neponset avenue, Dorchester; and

Whereas, This library is a much-needed public facility in this particular section; therefore, be it

Ordered, That his Honor the Mayor be requested to confer with the Public Library Trustees for the purpose of preventing the closing of this branch library.

Passed under suspension of the rules.

JUNK YARD AT 143 TENEAN STREET.

Coun. HURLEY and BEADES offered the following:

Whereas, The application of Michael's Auto, Inc., for a Third-Class Used Car Dealer's license, which is also known as an automobile junk-yard license, is in direct opposition to the wishes of all residents and businessmen in this area, and

Whereas, The location of this contemplated junk yard is located at 143 Tenean street, Dorchester, immediately adjacent to the entrance of Tenean Beach, and

Whereas, The Commonwealth of Massachusetts has recently appropriated a large sum of money for the improvement of this beach, and

Whereas, It is the united opinion of all residents of this locality that this junk yard will greatly deteriorate the district and its property values, therefore, be it

Resolved, That the members of the Boston City Council, in meeting assembled, oppose the granting of this junk-yard license, for the protection of the property values surrounding this location, the safety and health of the community, the preservation of a highly residential district, and the general good of all citizens who patronize the facilities of this splendid bathing beach, and be it further

Ordered, That a copy of this resolution be sent to the Police Commissioner of the City of Boston. The resolution was adopted under suspension of the rules.

NIGHT PARKING IN SUBURBAN DISTRICTS.

Coun. RAMSEY offered the following:

Whereas, Motorists are being continually tagged and are flooding the courts, paying one fine after another, for a misdemeanor consisting of parking their cars in front of their homes, having no garage facilities; and

Whereas, These motorists are carrying a good portion of the tax burden in the city; therefore, be it

Ordered, That his Honor the Mayor be requested to confer with the Traffic Commissioner, with a view to alleviating the restrictions on night street parking in suburban areas, due to the fact that there are no garage facilities for these cars.

Passed under suspension of the rules.

CENSORING OF CERTAIN LITERATURE.

Coun. RAMSEY offered the following:

Ordered, That his Honor the Mayor be requested to confer with the Corporation Counsel for the purpose of drafting whatever ordinances may be necessary for the appointment of an active Board of Censors to prohibit the sale of suggestive comic books and other lewd literature in the City of Boston.

Passed under suspension of the rules.

RESURFACING OF MONPONSET STREET.

Coun. CANTWELL offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to resurface Monponset street, Ward 18.

Passed under suspension of the rules.

LOWER MILLS MEMORIAL POST V. F. W. SQUARE.

Coun. FARIN offered the following:

Ordered, That the Committee to Memorialize Veterans be requested, through his Honor the Mayor, to name the section on Washington street, which borders property owned by Lower Mills Memorial Post No. 8699, Lower Mills Memorial Post V. F. W. Square, in honor of the deceased comrades of this Post.

Passed under suspension of the rules.

SALE OF CERTAIN TYPEWRITERS AND SEWING MACHINES.

Coun. FARIN offered the following:

Ordered, That the Overseers of Public Welfare Department be requested, through his Honor the Mayor, to sell the sewing machines and typewriters, singularly, to the citizens of Boston, rather than large lots to private interests.

Passed under suspension of the rules.

RESURFACING OF ROGERS PARK TENNIS COURTS.

Coun. SHANLEY offered the following:

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to resurface the tennis courts in Rogers Park in Brighton.

Passed under suspension of the rules.

USE OF TOWELS BY BARBERS.

Coun. ANSEL offered the following:

Ordered, That the Board of Registration of Barbers of the Commonwealth of Massachusetts be requested, through his Honor the Mayor, to immediately study the advisability of eliminating the compulsion of the use of towels, instead of neck

brushes, in the operation of barber shops in the City of Boston. The use of towels, in place of brushes, has provided more hardship to the barbers and has brought much criticism from their patrons. Passed under suspension of the rules.

TRAFFIC LIGHTS AT WASHINGTON STREET, GROVE HALL.

Coun. ANSEL offered the following:

Ordered, That his Honor the Mayor request the Traffic Commission to immediately study the advisability of placing traffic lights at Washington street, Grove Hall.

Passed under suspension of the rules.

TRAFFIC LIGHTS AT HUNTINGTON AND LONGWOOD AVENUES.

Coun. F. P. TRACEY offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to erect traffic lights at the intersection of Huntington and Longwood avenues, Ward 10.

Passed under suspension of the rules.

CLOTHES-DRYING FACILITIES AT OLD HARBOR VILLAGE PROJECT.

Coun. McColgan offered the following:

Ordered, That the Boston Housing Authority be requested, through his Honor the Mayor, to install facilities for the drying of clothes outdoors at the Old Harbor Village Project.

Passed under suspension of the rules.

INVITATION TO GENERAL DOUGLAS MACARTHUR.

Coun. WENZLER offered the following:

Ordered, That his Honor the Mayor be requested to extend a cordial invitation to Gen. Douglas MacArthur to be the guest of the City of Boston during his present tour of the country.

Passed under suspension of the rules.

REMOVAL OF GAS LAMP ON SILVER STREET.

Coun. WENZLER offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to move the gas lamp in front of the entrance to a two-car garage on Silver street, between G and Dorchester streets, Ward 6, to a location in the same immediate vicinity, because it now interferes with the use of said garage.

Passed under suspension of the rules.

ARC LIGHTS ON SILVER STREET.

Coun. WENZLER offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install arc lights on Silver street, between F and Dorchester streets, Ward 6.

Passed under suspension of the rules.

STREET LIGHTING ON CONGRESS STREET.

Coun. LANIGAN offered the following:

Ordered, That the Commissioner of Public Works be directed by his Honor the Mayor to promptly arrange for additional street lighting on Congress street, between Purchase street and 201 Congress street, Ward 3.

Passed under suspension of the rules.

NAMING OF SQUARE IN HONOR OF GAETANO CARUSONE.

Coun. HURLEY offered the following:

Ordered, That the Committee on Naming Squares be requested, through his Honor the Mayor, to name the junction of Thorndike street and Harrison avenue in memory of S.C. 3/c Gaetano Carusone, who was lost at sea on March 3, 1944.

Passed under suspension of the rules.

LEGISLATION RE LOAN FOR OFF-STREET PARKING FACILITIES.

On motion of Councilor Ansel the resolution (referred December 11, 1950) favoring legislation for authority to borrow money for off-street park-

ing facilities was recalled from the Executive Committee. On motion of Councilor Shanley the resolution was recommitted to the Executive Committee.

RECESS.

On motion of Councilor F. P. Tracey the Council voted at 3.47 P.M. to take a recess subject to the call of the Chair. The members reassembled and were called to order by President HURLEY at 4.35 P.M.

EXECUTIVE COMMITTEE REPORTS.

Coun. SULLIVAN, for the Executive Committee, submitted the following:

1. Report on petition of Bent E. Benson (referred February 12) to be paid annuity on account of death of his son, William R. Benson, late member of the Fire Department—recommending passage of following order:

Ordered, That under the provisions of section 89A of chapter 32 of the General Laws, an annuity of one thousand dollars be allowed and paid to Bent E. Benson, father of William R. Benson, a member of the Fire Department who died on September 23, 1950, on account of injuries received in the performance of his duty; the annuity to become effective upon the date of the approval of this order by the Mayor, and to be charged to the appropriation for Fire Department, Pensions and Annuities.

The report was accepted, and the order was passed.

2. Report on message of Mayor and resolutions (referred today) favoring establishment of television channel in Boston for noncommercial, educational purposes—that same ought to pass.

The report was accepted, and the resolution was adopted.

On the following messages of the Mayor and orders and resolutions referred today the Executive Committee submitted reports recommending that the orders and resolution ought to pass, viz.:

Resolution favoring legislation to authorize the borrowing of money for off-street parking facilities.

Order appropriating \$11,903 from parking meter fees.

Order appropriating \$60,000 from income of Cemetery Fund.

Before any action was taken on the foregoing reports, Councilor Ramsey doubted the presence of a quorum. The roll was called with the following result:

Present—Councilors Ansel, Cook, Farin, Hurley, Lanigan, McColgan, Ramsey, Sullivan, Wenzler—9.

Less than a quorum being present, the Chair declared the meeting adjourned at 4.40 P.M., to meet on Monday, April 23, 1951, at 2 P.M.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.

(Stenographic copy of such debate on file in office of City Clerk.)

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of

any interest in trees, buildings, or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings, or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Searle road, bounded:

Northeasterly by Sparrow street, forty feet; southeasterly by the southeasterly line of Searle road, two hundred ten feet; southwesterly by another part of Searle road, forty feet; and northwesterly by the northwesterly line of Searle road, two hundred ten feet; containing eighty-four hundred square feet, more or less.

The sewerage works to be constructed are as follows: 210 linear feet of 10-inch sanitary sewer and 215 linear feet of 10-inch pipe surface drain, in the above-described premises, being part of the private way known as Searle road, leading from Sparrow street for a distance of approximately 210 feet southwesterly.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting parcels of land, situated on both sides of Searle road, for a distance of approximately two hundred ten feet southwesterly from Sparrow street, excluding the parcel at the westerly corner of Searle road and Sparrow street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said parcels in the amount hereinafter respectively set against it; said parcels and the supposed owners thereof being shown on the plan hereinbefore referred to, and on file in the office of this department.

Parcel No.	Amount.
2. Perley A. Keach, Mary I. Keach,	\$140 00
3. Joseph F. Colby, Victoria A. Colby	140 00
4. James R. McIntire, Anna M. McIntire	140 00

6. Henry F. Arnold, Jr., Anna V. Arnold	140 00
7. Edith Hewey	140 00
Total	\$840 00

Voted, That this Board determines that no person sustains damages in his estate by the taking of an easement for sewerage purposes and the construction of sewerage works in Searle road, West Roxbury, for a distance of approximately 210 feet southwesterly from Sparrow street, under the order of the Board of April 11, 1951, and awards no damages therefor.

Owners unknown (Searle road), 8,400 square feet, nothing.

LAND-TAKING IN BOSTON PROPER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the discontinuance of North Anderson street, Boston Proper district, as a highway, from Parkman street to Fruit street, bounded and described as follows:

The highway named North Anderson street is hereby discontinued from Parkman street to Fruit street.

Said highway as hereby discontinued is bounded:

Southerly by Parkman street, forty and 69-100 feet; westerly by the westerly line of North Anderson street as hereby discontinued, sixty-five and 72-100 feet; northerly by Fruit street, forty and 40-100 feet; and easterly by the easterly line of North Anderson street as hereby discontinued, sixty-seven and 20-100 feet, containing twenty-six hundred and ninety-four square feet more or less.

Said discontinuance to be subject, however, to all rights of the City of Boston to lay, maintain, operate, repair, and renew sewerage and water works and their adjuncts, and all rights of public utility companies for their structures existing therein at the date of this order.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the discontinuance of North Anderson street, Boston Proper, from Parkman street to Fruit street, as a highway, under the order of the Board of April 16, 1951, and awards no damages therefor.

CITY OF BOSTON.**PUBLIC WORKS DEPARTMENT.**

PROPOSALS FOR RELAYING WATER PIPES IN ARLINGTON STREET, ELM STREET, OAK STREET, PARK STREET, AND WESTMINSTER STREET, HYDE PARK.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for relaying water pipes in Arlington street, Elm street, Oak street, Park street, and Westminster street, Hyde Park. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Relaying Water Pipes in Arlington Street, Elm Street, Oak Street, Park Street, and Westminster Street, Hyde Park," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, MAY 9, 1951, with a certified check for ONE THOUSAND (1,000) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,

(April 28.) Commissioner of Public Works.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR BITUMINOUS CONCRETE PAVEMENT IN AUTUMN STREET, WARD 4, FROM LONGWOOD AVENUE TO DEACONESS ROAD; DEACONESS ROAD, WARD 4, FROM BINNEY STREET TO BROOKLINE AVENUE; DEACONESS ROAD, WARD 4, FROM BROOKLINE AVENUE TO PILGRIM ROAD; PILGRIM ROAD, WARD 4, FROM LONGWOOD AVENUE TO FRANCIS STREET, AND PILGRIM ROAD, WARD 4, FROM BROOKLINE AVENUE ACROSS SHORT STREET.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for bituminous concrete pavement in Autumn street, Ward 4, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Bituminous Concrete Pavement in Autumn Street, Ward 4, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, MAY 9, 1951, with a certified check for TWELVE HUNDRED (1,200) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

PROPOSALS FOR ALTERATIONS, ADDITIONS AND REPAIRS TO ALL WALK-IN REFRIGERATORS IN THE KITCHEN AND STORES BUILDING, BOSTON CITY HOSPITAL.

The Trustees of the Boston City Hospital invite sealed proposals for alterations, additions and repairs to all walk-in refrigerators in the Kitchen and Stores Building, Boston City Hospital, 818 Harrison Avenue, Boston, Mass., giving a bond of a surety company satisfactory to the Board of Trustees therefor in the sum of the full amount of the contract. Only proposals obtained at the office of the Architects and Engineers, James H. Ritchie & Associates, 38 Newbury Street, Boston, Mass., signed by the bidders and left before four (4) P.M., Eastern Daylight Saving Time, Wednesday, May 9, 1951, at the office of the Superintendent of the Boston City Hospital, with a certified check for \$500, payable to the city if the proposal is not carried out, will then and there be publicly opened and read.

The bid must be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, Boston, Mass., before the time of opening the bids. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, laborers, etc., in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is attached in the specification.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The Board of Trustees reserves the right to reject any or all proposals.

Plans and specifications may be obtained at the office of the Architects and Engineers, James H. Ritchie & Associates, 38 Newbury Street, Boston, Mass., after nine (9) o'clock A.M. on Monday, April 30, 1951.

A deposit of \$10 will be required for a complete set of plans and specifications, said sum to be refunded on return of drawings and specifications. Mutilation of the plans or specifications will be deemed sufficient cause for the forfeiture of the said deposit.

NEW PLAN FOR APPOINTMENTS, PROMOTIONS, ETC., ANNOUNCED BY BUDGET COMMISSIONER JOHN A. SULLIVAN—NO DATES TO BE EFFECTIVE FOR SUCH UNTIL AFTER OFFICIAL APPROVAL BY THE MAYOR—MUST FIRST BE SUBMITTED TO BUDGET COMMISSIONER BEFORE SUBMISSION TO MAYOR FOR HIS ACTION.

Budget Commissioner John A. Sullivan has notified all heads of departments that in the future all appointments, promotions, etc., shall not become effective until after approval of the Mayor, and no date is to be set for such to be retroactive pending such approval. This announcement is made in the following communication from the Budget Commissioner:

BUDGET DEPARTMENT.

Boston, April 27, 1951.

To Heads of City Departments.

On Tuesday last, April 17, at the department heads meeting, the Mayor called attention to the fact that appointments, promotions, and other personnel matters requiring his approval were being

MAYOR ANNOUNCES NEW APPOINTMENTS AND RE-APPOINTMENTS TO CITY SERVICE DEPARTMENTS—PATRICK F. McDONALD AS TRUSTEE OF PUBLIC LIBRARY, ATTORNEY JOSEPH F. O'CONNELL TO SINKING FUNDS BOARD, AND SAMUEL G. FISH TO PLANNING BOARD ARE THE NEW CHOICES.

On April 30 Mayor John B. Hynes announced appointments and reappointments to the number of sixteen. Of these sixteen, three were new choices and the remainder were renamed to their present posts.

Newly appointed were:

Patrick F. McDonald, Power House street, South Boston, as a Trustee of the Boston Public Library, for a five-year term. He succeeds Frank Masterson, a former campaign manager for ex-Mayor James M. Curley. McDonald is president of the Macco Steel Company, South Boston, and had been a member of the Boston Sinking Funds Commission.

BOSTON'S NEW HEADQUARTERS FOR FIRE DEPARTMENT EXPECTED TO BE COMPLETED AND OCCUPIED BY JULY—CITY WILL BE ABLE TO BOAST OF MOST MODERN CENTRAL QUARTERS OF ANY CITY IN COUNTRY—COMMISSIONER, ARCHITECTS, AND CONTRACTORS BENDING ALL EFFORTS TO HAVE STRUCTURE LARGELY OCCUPIED BY THEN—INSIDE WORK AND FINISHING NOW BEING DONE—CENTRALIZED HOUSING FOR MANY OPERATIONS NOW PROVIDED FOR ELSEWHERE.

If latest plans work out as determined by the architect, John M. Gray, and Fire Commissioner Michael T. Kelleher, Boston's Fire Department will be ensconced in the new Fire Headquarters by July 1. This was the information from Fire Headquarters this week. Work has been completed with the exception of the inside work, such as painting woodwork and the placing of the machinery, which will make this one of the most modern headquarters in the country.

The building will house administrative repair, construction, and allied divisions all under the same roof, at the junction of Southampton street and Massachusetts avenue in the South End.

Fire Department officials, meanwhile, from Commissioner Michael T. Kelleher down to the clerk in a crowded stock supply cage, are talking in terms of how much more room for each branch to be housed in the structure could be obtained.

Maintenance Garage.

Part of the site of the new Fire Headquarters is a former Public Works Department storage yard. A three-story front, facing on Southampton street, is opposite the Boston Traffic Commission's new quarters.

Behind this, a maintenance garage, including 15,000 square feet for an apparatus repair shop, spreads back to Massachusetts avenue.

Independent of the main building, on the Massachusetts Avenue side, a fire station housing two companies, one of them Engine 23, is being built to service that area.

A lower construction bid than anticipated (\$1,684,000) was submitted by Hub architects, John M. Gray Company, and contract work was begun by M. S. Kelleher Company.

The building is of what is called concrete construction, that eliminates practically all need for using structural steel.

On the ground floor of the new building are quarters for the Fire Alarm Division and the Wire Division. There'll be plenty of square feet to store the alarm boxes, posts, cable boxes, reels of wire, conduits, plus an up-to-date machine shop to work in. The Wire Division will have office space for its twenty-two interior and three exterior inspectors.

Taking a big bite out of the ground floor area will be more than 50,000 square feet set aside for the Fire Department's Maintenance Division—blacksmith shops, apparatus repair shops, a battery room, machine and plumbing shops, ladder and carpenter shops, hose, paint, clothing quarters.

New Quarters for Various Shops.

The new quarters will have an entrance and an exit, an innovation sorely needed, for the Maintenance Division is charged with the chore of keeping in ready-to-run order fourteen district chiefs' cars, three division chiefs' cars, thirty-four ladder-trucks, fifty-five engines, thirty-one small cars, and three fireboats.

In reserve a dozen hose wagons, eight ladder trucks, and a dozen pumpers will be kept.

NEW PLAN FOR APPOINTMENTS AND PROMOTIONS, ETC., ANNOUNCED.

(Continued from page 445.)

received in his office anywhere from two days to two weeks or longer after the effective date of the appointment, promotion, etc. He stated at that time that in the future all personnel matters should not include an effective date but should be subject to the approval of the Mayor.

Because this request has not been complied with, the Mayor has directed me to notify department heads that, beginning immediately, all appointments, promotions, transfers of employees, and other personnel matters shall be made subject to the approval of the Mayor, and that in no instance, with the exception of step-rate increases which have a definite anniversary date and cases of extreme emergency, will an effective date be inserted on any personnel matter. It is absolutely essential that this procedure be strictly adhered to, because under ordinance provision all appointments, promotions, etc., are made subject to the approval of the Mayor.

Under the circumstances, therefore, no one should be employed or a temporary appointment extended until some selected date after approval of the Mayor has been received. This same procedure of selecting a date subsequent to the Mayor's approval applies also to increases in salary, promotions, transfers of employees, and any other personnel matter requiring the Mayor's approval.

Requests for extensions of temporary appointments should be made sufficiently in advance so that processing by the Civil Service Commission and the Budget Department may be completed before the expiration of the present temporary appointment. This arrangement will also permit the Mayor to determine whether or not an extension is desirable.

All personnel matters requiring the Mayor's approval must first be submitted to the Budget Department for processing.

There are some exceptions to the above in the Hospital and Institutions Departments which are not cited here, in order to avoid complications and misunderstandings, but which will be decided independently with these department heads.

Very truly yours,

JOHN A. SULLIVAN,
Budget Commissioner.

BOSTON WINS HONORS AT MUNICIPAL FINANCE OFFICERS CONVENTION IN DALLAS, TEXAS.

Mayor Hynes on April 27 made public the following information:

At the current Municipal Finance Officers Association Convention at Dallas, Texas, the City of Boston captured two signal honors in that our city was selected as the convention city of this most important group for 1952, and Charles J. Fox, City Auditor, was the recipient of the Louisville Medal for one of the two outstanding achievements in the country in the field of municipal finance during 1951. I am particularly happy to know that the Municipal Finance Officers will come to Boston in 1952, for this convention brings to our city public officials and municipal research experts from every section of the United States and Canada.

MAYOR ANNOUNCES NEW APPOINTMENTS AND RE-APPOINTMENTS.

(Continued from page 445.)

Attorney Joseph F. O'Connell, Marlborough street, Back Bay, as a member of the Sinking Funds Commission, replacing McDonald.

Samuel G. Fish, Commonwealth avenue, Back Bay, to the City Planning Board, replacing Daniel Donovan, whose term expired.

Reappointments were:

Attorney Stuart C. Rand, Trustee of the Boston City Hospital.

Daniel Sargent, member of Boston Art Commission.

Daniel G. O'Connell, member, Board of Zoning Adjustment.

John Guarino, Board of Examiners.

Joseph Lee, Park Commissioner.

Theodore C. Haffenreffer, Park Commissioner.

George Hansen, president of Chandler's, Boston Sinking Funds Commission.

Philip E. Bennet, Real Estate Commission.

Harold B. Fleming, Chairman, Statistics Department.

Nicholas Scaramella, Overseer of Public Welfare.

Irving Green, Overseer of Public Welfare.

Spencer B. Montgomery, Overseer of Public Welfare.

Joseph Stefani, Overseer of Public Welfare.

NEW FIRE HEADQUARTERS TO BE COMPLETED SOON.

(Continued from page 445.)

The city will save \$15,000 in annual rental fees paid for quartering equipment in a private garage in Roxbury.

Maintenance Division crews also include upholsterers, carpenters, machinists, hose-testers, painters, tailors, sheet metalists, all of whom will have more space to do their work.

On the second floor of the new building will be offices for the Fire Commissioner, executive secretary, chief of department, his secretary, deputy chiefs, clerks, file rooms, a public lobby and counter, medical examiner's office, and a general consultation room.

The third floor has been assigned to the Fire Prevention Department, with space for the superintendent, his secretary, mailing room, arson squad office and dormitory, office for the chief inspector, photographic studio and laboratory, plus the "office for superintendent of complaints."

In addition to a combination manual-and-automatic sprinkler system, a special device called "vigil-arm" is being installed throughout the new structure.

TULIP SUNDAY AT PUBLIC GARDEN.

Mayor John B. Hynes has announced that Sunday, May 6, will be "Tulip Sunday" at the Public Garden.

The beautiful display of tulips is expected to last for possibly two weeks or more following May 6, according to Park Commissioner Frank R. Kelley.

It is expected that thousands of spectators will view the tulip display during this period.

MAYOR APPEALS TO CITIZENS TO VISIT N. E. EXPOSITION OF PROGRESS AND HOME SHOW.

On April 30 the office of the Mayor issued the following declaration:

Whereas, The Boston Real Estate Board and the Home Builders Association of Greater Boston, in cooperation with the Boston Herald-Traveler, are sponsoring the New England Exposition of Progress and Home Show in our community from May 5 through May 12 at Mechanics Building; and

Whereas, It is the desire and aim of the sponsors to show and acquaint the citizens of this community with modern home building, improvement, and furnishings during the eight days of the exposition; now

Therefore, I, John B. Hynes, Mayor of the City of Boston, do hereby declare the period from May 5 through May 12 to be "New England Exposition of Progress and Home Show Week" in the city, and I hereby urge all citizens to visit this show.

JOHN B. HYNES,
Mayor of Boston.

MAYOR'S DECLARATION FOR CEREBRAL PALSY MONTH.

On April 27 the Mayor issued the following declaration:

Whereas, The wealth of the state, nation, and our city is measured by the health of all our citizens, and disabilities drain our resources and reduce the physical, social, and moral manpower of our people; and

Whereas, In Massachusetts today there are 6,300 children under twenty-one years of age and several thousand more adults afflicted by cerebral palsy; and

Whereas, There are facilities in Massachusetts available to provide adequate care for less than 10 per cent of these handicapped children and adults, although practically all of these unfortunates could be helped with proper diagnosis, treatment, and education; and

Whereas, The United Cerebral Palsy Associations of Massachusetts, Inc., is conducting a state-wide attack on the problem with a fund-raising drive throughout May, and the success of the campaign will be of inestimable benefit in helping to improve the public health and welfare of this community; now

Therefore, I, John B. Hynes, Mayor of the City of Boston, do hereby declare the month of May, 1951, as "Cerebral Palsy Month," and I call upon the citizens of this city to co-operate to the utmost in this great humanitarian appeal.

JOHN B. HYNES,
Mayor of Boston.

CIRCULAR LETTER.

CITY OF BOSTON.

MAYOR'S OFFICE, April 30, 1951.

To All Department Heads.

GENTLEMEN:

You are hereby directed to grant leave of absence, without loss of pay, to all city employees who are approved delegates of the Yankee Division Veterans' Association, so that they may attend their annual convention, to be held in Portsmouth, New Hampshire, June 7, 8, 9, 10.

Respectfully,

J. B. HYNES, Mayor.

GIFTS BY MAYOR HYNES TO MEN AND WOMEN IN ARMED SERVICES IN KOREA ARE WINNING PRAISE AND THANKS ACCORDING TO LETTERS BEING RECEIVED—PROVING MORALE BUILDERS.

The Mayor has received more letters of thanks from men and women in the armed services in the Korean area, all expressing thanks and delight that the Mayor of Boston saw fit to remember them with gifts at Christmas and Easter. Two of the more recent letters of thanks were made public by the office of the Mayor on April 30, as follows:

DEAR MAYOR HYNES:

As a pleasant surprise and quite a morale builder, the box of hard candies arrived Sunday. It happened to be the day that the first group of rotatees were sailing to the states. I announced over the loud speaker that the Mayor of Boston had sent a box of candy to the Massachusetts fellows. It was a riot. The six Bostonians rushed to the stage and shouted, "You see, Mass. is the only place to come from—we do things the right way." I had a hard time convincing the others that the package did come from Boston and from the Mayor. Thanks to the card.

We gave those returning to the states an impressive send off. Accounts of it will reach you before this letter. I know you and Mrs. Hynes are busy, however, if you have any children have one of them send sizes and I will send a presento (Japanese for present). Maybe Mrs. Hynes has a choice.

If all goes well I will return in 1952. I was born in Charlestown, and spent my off time at the Y. W. C. A. in Cambridge. I live on Hollander street, in Roxbury, now. I have been working with Army Special Services since 1942. Stationed at Fort Devens, Dix, Myles Standish, and Camp Kilmer. We are trying to do a good job over here. Thanks to gestures like yours to keep our morale at a high peak.

Sincerely yours,

SARA CONYERS, *Program Director*,

Yokosuka, Japan,
Saturday, April 21, 1951.

DEAR MAYOR HYNES:

The Borie and, therefore, myself have just come into this port after operating in Korean waters and the mail was just brought aboard and sorted. I was very much surprised and, needless to say, gratified to find in my mail a package from you, acting for the people of Boston. Of course it is a little after Easter, but the fault was not yours and the candy was appreciated by all hands in the Fire Control gang.

Perhaps even more gratifying than the candy itself is the realization that we out here are not quite as forgotten as we sometimes imagine ourselves to be. We've been out here operating in Korean waters almost constantly for a period of eight months and we are quite a bit prone to think that you folks may have forgotten us, or if not forgotten us, at least put us somewhere in the backs of your minds. It's with this in mind that I say that it is a very wonderful feeling to realize that we are not as alone as we thought we were.

I also received a package from you folks back home for Christmas, but due

to one thing or the other arising, I didn't have the opportunity to express my thanks for it. So I'll just combine my thanks and send them all in this one letter. I've always been pretty proud of being a Bostonian, but never more than I am now. I know of no other city or town which has been thoughtful enough to remember its citizens who have had to leave home for a while. So thanks a million for the packages, and double the number of thanks for the thought behind them. We out here will never forget you.

Sincerely,

JOSEPH V. ZARKAESSKA.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with contractors, supply houses, and commercial institutions for furnishing labor, supplies, etc. Communications from the heads of the departments interested were as follows:

BOSTON TRAFFIC COMMISSION.

BOSTON, April 23, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

Your permission is respectfully requested to enter into an agreement with the Boston Edison Company to do the following work at a cost not to exceed \$37,635:

Furnish and install conduit and install cable to proposed traffic signal installations.

Inasmuch as the Boston Edison Company is the only authorized company capable of doing this work and because no benefit would be derived by public advertising, your permission to dispense with public advertising is requested.

Respectfully submitted,

WM. ARTHUR REILLY,
Commissioner.

HEALTH DEPARTMENT.

BOSTON, April 23, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

On December 28, 1950, at my request, your Honor approved the award of a contract for furnishing laundry and service to the Boston Health Department to Federal National Linen Service Company in the approximate amount of \$5,595. This company was the lowest bidder following the public advertising therefor for the period from January 1, 1951, to December 31, 1951.

For your information, that proposed contract was not executed in view of the limitations imposed upon municipal officers by the Acts of 1909, chapter 486, section 3A, relating to the incurring of liabilities, in the absence of appropriations, prior to the effective date of the municipal budget.

However, under the authority of the statute cited above and conformably also with the Acts of 1890, chapter 418, section 6, as amended, the proposed contractor has been furnishing laundry and service to this department up to March 31, 1951, in a most satisfactory manner, and at the unit prices set forth in its original proposal.

In view of the foregoing and since this firm will furnish the laundry and service at the same low unit prices as heretofore, I am of the opinion that nothing is to be gained by additional public advertising, and, therefore, respectfully request your permission to dispense with public advertising and to award a contract to Federal National Linen Service Company for furnishing laundry and service to the Health Department for the period commencing April 1, 1951, to December 31, 1951, inclusive, at the aforesaid unit prices and at a total cost not to exceed the sum of \$4,200.

Respectfully yours,

JOHN H. CAULEY, M.D.,
Health Commissioner.

LIBRARY DEPARTMENT.

BOSTON, April 11, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On January 17, 1951, following a public filing of bids, your Honor the Mayor approved the award of a contract to Bay State Cleaning Company, 16 Harrison avenue, Boston, for the cleaning of certain windows at the Central Library Building and seventeen branch libraries for the period commencing January 1, 1951, and ending not later than March 30, 1951, at unit prices as provided, and with agreement contained therein, relative to renewal of said contract upon the same terms and conditions for the period commencing April 1, 1951, and ending December 31, 1951.

The period covered by the existing contract expired on March 30, 1951.

Therefore, in order to renew the aforementioned contractual commitments due to the necessity of making provision for the continuance of these services and in order to fully meet the requirements of the Statutes of 1909, chapter 486, section 30, as amended, in respect thereto, the Trustees respectfully request your permission to dispense with publicly advertising for proposals and to award a contract, at the same unit prices as originally bid, to Bay State Cleaning Company for the window cleaning work, starting with April 1, 1951, and ending December 31, 1951.

As indicated, the rates to be paid for the window cleaning are the same as those being paid under the expired contract. The proposed contract will result in a total expenditure for the remainder of the year of \$3,243.75. The work will be done under the same terms, conditions and prices as appear in the present agreement.

In the opinion of the Trustees, nothing would be gained by publicly advertising for bids since the contractor was the low bidder in the first instance and in view of the fact that Bay State Cleaning Company has carried on its work in an efficient and satisfactory manner. The Trustees have therefore

"Voted, That there be awarded, without public advertising, to the Bay State Cleaning Company, 16 Harrison avenue, Boston, Mass., the contract for the cleaning of certain windows for the period of April 1, 1951, to December 31, 1951, at the Central Library building and seventeen branch library buildings as specified under Group I in the specifications in the contract in the total amount of three thousand two hundred forty-three dollars and seventy-five cents (\$3,243.75)."

Your permission is respectfully requested to award this contract to the Bay State Cleaning Company, 16 Harrison avenue.

Respectfully,

THE TRUSTEES OF THE PUBLIC
LIBRARY OF THE CITY OF BOSTON.
by LEE M. FRIEDMAN,
Vice President.

BOSTON, April 20, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your approval is respectfully requested for an addition to the contract entered into on February 1, 1951, with the New England Deposit Library for the rental in 1951 of storage space therein for books and other library materials belonging to the Boston Public Library in the amount of \$7,798. The addition to the existing contract will be in the amount of \$891.

As originally written for 1951 the contract did not cover enough space to meet the existing needs of the Boston Public Library for such storage space, but there was unfortunately no further space left at the New England Deposit Library. Since the contract was written in February a small amount of space has been relinquished by two other "Participating Institutions." This is the last space which will become available at the Deposit Library, inasmuch as all space on all floors will now be rented and used for book storage. To protect the interests of the Boston Public Library in its need for additional storage space we have made arrangements to have this small space held for us pending your approval.

The additional amount of space being contracted for is in connection with the

necessity of moving additional items into storage space in the New England Deposit Library from the Central Library for the period beginning May 1, 1951. The items to be temporarily stored at the New England Deposit Library represent an additional number of books and other library materials which are infrequently consulted at the Central Library and which are therefore being moved to the New England Deposit Library in order that certain reallocations of departmental space may be accomplished in the Central Library building for the purpose of improving library service to the public.

The New England Deposit Library was created by action of the General Court of the Commonwealth of Massachusetts under the terms of chapter 240 of the Statutes of 1941. In this legislation the Boston Public Library is named as a "Participating Institution" in company with the Massachusetts State Library, the Boston Athenaeum, Boston College, Boston University, Simmons College, the Massachusetts Historical Society and other libraries, for the purpose of providing storage space for books and other library materials that are less used than other, and for which difficulties exist in finding storage space in existing crowded buildings. The "Participating Institutions" share cooperatively in the low-cost housing arrangements provided by the New England Deposit Library in accordance with a schedule of rates standard for all "Participating Institutions."

Your approval is therefore respectfully requested for making an addition in the amount of \$891 to the contract covering the Library's rental of space with the New England Deposit Library during the current fiscal year.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
by LEE M. FRIEDMAN,
Vice President.

PUBLIC WORKS DEPARTMENT.

BOSTON, April 10, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

At the present time, the Vulcan Construction Company of 193 Hanover street, Boston, is engaged in the restoration of permanent roadway pavements in the Brighton district, in areas opened by public service corporations where the roadway surface is constructed of sheet asphalt or bituminous concrete. This Contractor was designated by me to do this work for these corporations at established rates.

It would be desirable for this contractor to restore concurrently with the pavement work being done for the public service corporations, the permanent pavement restoration work in roadway areas where openings have previously been made by the Water Division of this department, in connection with the maintenance and repair of the water system. The contractor has agreed to do the pavement restoration work over openings made by the Water Division at approximately 27 per cent less than the prices established by me for work done by said contractor for the corporations. We are able to obtain this substantial reduction in price because the contractor has his organization and equipment in operation performing the pavement work for the public service corporations and the additional expense involved in permanently

resurfacing so-called "water openings" is far less than it would be if the contractor were engaged in resurfacing the latter-referenced openings only. The above-referenced contractor is well qualified to do this type of work and the agreed price, in my opinion, is fair and reasonable, and no advantage would accrue to the city by publicly advertising for bids.

I respectfully request, therefore, that you authorize the awarding of a contract, without publicly advertising for bids, to the Vulcan Construction Company of 193 Hanover street, Boston, in the amount of \$6,000, for pavement restoration work in roadways where so-called "water openings" have been made and which are surfaced with sheet asphalt or bituminous concrete.

It is understood that the contractor's work will be restricted to the Brighton section.

There is an available appropriation in the budget of the Water Division to pay for the cost of this contract.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, April 23, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

I have designated the contracting firms of Martin J. Kelly Company, Inc., and Ward General Contracting Company to effect repairs to bituminous macadam areas in locations where openings had been made by public service corporations.

These contractors are engaged in this so-called "patch paving" work at the present time and, in many locations, the macadam roadway areas opened by the Water Division of this department should also be repaired by the above-referenced contractors concurrently with the patching work being done for public service corporations. Generally speaking, it would not be good policy or in the best interests of the motoring public to designate one contractor to patch roadway areas for public service corporations and another contractor to patch areas opened by the Water Division of this department. While it is not my intention to resurface all areas on macadam streets opened by the Water Division, I feel that we should make arrangements to effect permanent surface repairs to openings made by the Water Division on heavily-traveled highways or in locations where the present trench area has settled or is in an unsightly or generally poor condition.

The schedule of prices for which the above-referenced contractors are doing this work for the public service corporations is fair and reasonable, and I do not believe that it would be practical or feasible for the city to publicly advertise for proposals to do this work.

I, therefore, respectfully request that you approve the awarding of contracts, without publicly advertising for proposals, to the contracting firms of Martin J. Kelly Company, Inc., 75 Stedman street, Jamaica Plain, and to the Ward General Contracting Company, 157 Hampden street, Roxbury, for effecting repairs to bituminous macadam pavement areas in locations where openings have been made by the Water Division of this department, in connection with the maintenance and repair of the water system.

It is understood that the work done by either of the above-referenced contractors will not exceed \$6,000, and it is further understood that the total

sum of \$12,000 for both contracts will be charged to the budget of the Water Division of this department.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

REAL ESTATE COMMISSION.

BOSTON, April 23, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

The Board of Real Estate Commissioners proposes to engage the services of Thomas Worcester, Inc., 84 State street, Boston, Mass., as architect-engineer, in connection with the proposed construction of an off-street parking facility at Copley square, Unit No. 9, said location bounded by St. James avenue, Providence street, and Berkeley street, Boston.

The estimated cost of the proposed structure is approximately \$1,250,000, and the architect-engineer shall be paid a standard fee equal to the sum of 6 per cent of the full amount of the cost of said construction.

In view of the nature of the professional services involved, no benefit, would be gained by advertising for bids, and it is respectfully requested that permission be given to award the contract to Thomas Worcester, Inc., without public advertising.

Respectfully yours,

HERMAN CARP,
Chairman.

SUPPLY DEPARTMENT.

BOSTON, April 20, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Weights and Measures Department for one new 1951 Ford De Luxe Tudor sedan, 8-cylinder, to be delivered immediately.

Bowers Motor Sales, Inc., 415 Hyde Park avenue, Roslindale, has submitted an informal quotation on this automobile and has assured delivery of the vehicle within ten days. Because of this fact, it is requested that authority be granted me to dispense with publicly advertising for bids at this time and award a contract, without public advertisement, to Bowers Motor Sales, Inc. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be as follows:

One new 1951 Ford De Luxe Tudor sedan, \$1,730.92; less taxes, \$70.92; less trade-in allowance on 1940 Ford, \$100; net total, \$1,560.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, April 23, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

The Paving Division of the Public Works Department has submitted a requisition to this office for a quantity of straight edgestone to be delivered immediately for construction work being performed at Lasell and Lyall streets, West Roxbury.

Because there is insufficient time to publicly advertise for bids, informal quotations were requested from the two

previous suppliers of edgestone. The bids received were as follows:

T. H. McVey, \$2,264. net.

H. E. Fletcher Company \$2,181.22. net.

Authority is therefore requested to award a contract, without public advertisement, to H. E. Fletcher Company, the lower bidder, at a total amount of \$2,181.22. net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

OMIT AND SUBSTITUTE WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

John F. Shea Company, Inc., has been directed to omit and substitute the following work under the contract for redecking the Boylston Street Bridge, over the Boston & Albany Railroad, dated September 6, 1950.

Under Item 4 substitute "Dense No. 1 Structural" grade yellow pine instead of "Prime Structural" grade, as called for under contract on page 3 of the specifications, at a decrease in price of \$8 per M feet, board measure, measured in place. Estimated decreased cost of extra work, 13 M feet at \$8, \$104, in order to expedite the work since the grade of sidewalk lumber called for in the contract is not available.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Atlantic Roads Company, Inc., has been directed to perform the following extra work under the contract for bituminous concrete pavement in Carver street, Centola street, and Lyall street, dated November 9, 1950.

In Lyall Street: Set, complete in place, excluding cost of trench excavation and crushed stone foundation, approximately 1,040 linear feet of 5-inch edgestone (furnished by the city) at \$1 per linear foot; furnish and lay approximately 50 tons of crushed stone for edgestone foundation at \$3 per ton. Estimated cost of extra work, \$1,190.

Dooley Brothers, Inc., have been directed to perform the following extra work under the contract for sheet asphalt pavement in Arlington street, Duncklee street, Etna street, Faneuil street, Harriet street, Lane park, Langley road, and Tip Top street, dated November 18, 1949.

Remove approximately 68 linear feet of unused new circular edgestone and 13 linear feet of new straight edgestone from Faneuil street and deliver to the Brighton Paving Yard. Prices to be paid, for each linear foot of circular edgestone, \$2.61; for each linear foot of straight edgestone, \$1.89. Estimated cost of extra work, \$202.05.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

Two catch basins and connections in Joyce road, from Wood avenue, at end, in the Hyde Park district, at an estimated cost of \$800.

A catch basin, 1 drop inlet and connections in Galty avenue, at end, in the Dorchester district, at an estimated cost of \$600.

A catch basin and connections in Mercier avenue, at Galty avenue, in the Dorchester district, at an estimated cost of \$400.

PROCEEDINGS OF CITY COUNCIL.

Monday, April 23, 1951.

Regular meeting of the City Council held in the Council Chamber at 2 P.M., President HURLEY in the chair. Absent, Councilor Hannon.

Monsignor Charles N. Cunningham, Pastor of St. Paul's Catholic Church, Dorchester, was escorted to the rostrum.

INVOCATION BY MONSIGNOR CHARLES N. CUNNINGHAM.

Monsignor CUNNINGHAM. My dear honorable councilors, it is a great honor to address you this afternoon and to give the invocation to your meeting. As I observe very intently the need of help for all legislative bodies at this present time in a world filled with chaos, I can't help but have recourse to that prayer so well known to us all, a prayer that came from Almighty God Himself, given to us by His divine son, Our Lord Jesus Christ.

Therefore, with preliminary thoughts as these, we make the following expression of imploration:

O, Almighty God, Heavenly Father, Creator of the universe, infinite power, infinite wisdom, infinite light, infinite protector and guide, look down, we humbly beseech Thee, upon Thy children throughout the world, at the present time grievously burdened and truly distressed with the impending dangers of world war. Thy divine guidance and protection is sorely needed by almost all nations of the world. Deign to bless them with Thy divine comforting strength and fortitude. Bestow generously, we humbly implore Thee, upon their rulers and governing bodies an august ray of Thy infinite light to enable them to legislate with justice, honor, and mercy towards all men. Also, give to our honorable councilors assembled here to legislate for our good city salutary authority and that same light to enable them now, and at all times, to guide, guard, and protect the interests of almost a million constituents of our good city according to Thy divine will and providence, through Christ our Lord.

Our Father, Who art in heaven, hallowed be Thy name, Thy kingdom come, Thy will be done on earth as it is in heaven. Give us this day our daily bread, and forgive us our trespasses as we forgive those who trespass against us. Lead us not into temptation, but deliver us from evil. Amen.

The salute to the Flag was given by the members.

RESOLUTION RE OFF-STREET PARKING FACILITIES.

The following was received:

City of Boston,
Office of the Mayor, April 23, 1951.
To the City Council.
Gentlemen:

On December 11, 1950, I submitted to your Honorable Body a resolution favoring authorization by the Legislature of a second \$5,000,000 bond issue for off-street parking facilities. Under the rules of the Legislature, the authorization requested will not be considered until, and unless, the resolution is given approval by your Honorable Body.

On January 22, 1951, I directed a communication to your Honorable Body requesting affirmative action on the pending resolution.

I again request, most respectfully, that such action be taken. The legislative year is running out, and that Body is fast reaching the stage where only matters of state-wide importance remain for its consideration. It is, therefore, imperative that this matter of grave local concern be placed before the Legislature as quickly as possible.

I need not labor the argument for further off-street parking facilities. The necessity is apparent. The construction of such facilities at Winthrop square, at Post Office square, and in the vicinity of Park square, will exhaust the present authority of the city to construct parking facilities.

It is, in my opinion, a responsibility of the city government to provide such facilities. I, therefore, earnestly request that immediate action be taken on the resolution now pending before your Body. Further opportunity will be afforded your Body to consider this matter when acceptance of the Act is before you and when approval of the loan order is presented to you.

Respectfully,
J. B. HYNES, Mayor.

USE OF TOWELS BY BARBERS.

The following was received:

City of Boston,
Office of the Mayor, April 23, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Chairman of the Board of Registration of Barbers relative to your order of April 16, 1951, requesting the immediate study of the advisability of eliminating the compulsion of the use of towels instead of neck brushes in the operation of barber shops in the City of Boston.

Respectfully,
J. B. HYNES, Mayor.

Board of Registration of Barbers,
April 20, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

The Board is in receipt of the interesting order recently passed by the City Council in which his Honor the Mayor is requested to ask this department to study the advisability of eliminating the compulsion of the use of towels instead of neck brushes.

The Board gave this matter serious consideration before it was inserted in the Rules and Regulations which have been approved by the Department of Public Health of the Commonwealth of Massachusetts. The evidence in favor of the use of towels instead of neck brushes is so very apparent that the Board fails to see how any man patronizing a barber shop would prefer to have the surplus hair brushed from his neck by the use of those very unsanitary soft brushes with which barbers used to do this. Certainly any man should prefer the use of a freshly laundered towel for this purpose. Should a barber while using a brush fail to note a case of barber's itch—he could spread it like wildfire among all later customers. The use of the brush is especially obnoxious in hot weather, and there should be no question in anyone's mind about which is the most sanitary method of dealing with such a situation.

The only argument which has been presented to this Board in favor of the use of the brush is the expense of the clean towels and when one considers that the laundry services furnish clean towels at the rate of about one cent each, the expense certainly should not outweigh the sanitary conditions. The Board presents its arguments from the health standpoint because that was the primary consideration for which this rule was enacted. In support of the Board's standard, it will be found that these brushes are outlawed in about 35 of the 48 states including all the states bordering on Massachusetts.

The Board feels that it would be violating its duty to the men who expect the best service under the most sanitary conditions in the barber shops of Massachusetts if it were to recommend to the Department of Public Health that it withdraw this regulation.

Yours truly,

LOUIS J. DEMPSEY, Chairman.

OLD AGE ASSISTANCE MEDICAL PAYMENTS.

The following was received:

City of Boston,
Office of the Mayor, April 23, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Secretary to the Overseers of Public Welfare relative to your order of February 12, 1951, requesting that something be done to alleviate the congestion of non-payment of Old Age Assistance medical checks where some people have not received a check for medicine and medical care for as far back as six months and where this integration was supposed to alleviate this condition, it is now a very serious situation.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Overseers of Public Welfare,
April 20, 1951.

Hon. John B. Hynes,
Mayor of Boston.
Attention of Mr. Thomas G. J. Shannon.

Dear Sir:

The Overseers of the Public Welfare have received notification of the following order of the City Council, which was passed February 12, 1951:

"Ordered, That the Welfare Department and Old Age Assistance Department be requested, through his Honor the Mayor, to do some-

thing to alleviate the congestion of non-payment of Old Age Assistance medical checks where some people have not received a check for medicine and medical care for as far back as six months and where this integration was supposed to alleviate this condition, it is now a very serious situation."

May I state that due to integration and the change-over of offices, and also due to the fact that we feel we need more clerical and social work help to properly conduct the department, there have been delays in payment of medical bills.

We are trying our utmost to solve this problem by increased endeavor on the part of all.

Sincerely yours,
WILLIAM G. O'HARE, Secretary.

ANONYMOUS LETTERS RECEIVED BY SOCIAL WELFARE VISITORS.

The following was received:

City of Boston,
Office of the Mayor, April 23, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Secretary to the Overseers of the Public Welfare relative to your order of March 12, 1951, requesting a conference for the purpose of instructing social welfare visitors that they are henceforth to disregard all anonymous communications of any type that reflect upon the morale, or the integrity, of recipients of public welfare.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Overseers of Public Welfare,
April 21, 1951.

Hon. John B. Hynes,
Mayor of Boston.
Attention of Mr. Thomas G. J. Shannon.
Dear Sir:

The Overseers of the Public Welfare have received notification of the following order of the City Council, which was passed March 12, 1951:

"Ordered, That his Honor the Mayor be requested to confer with the Overseers of Public Welfare for the purpose of instructing social welfare visitors that they are henceforth to disregard all anonymous communications of any type that reflect upon the morale, or the integrity, of recipients of public welfare."

May I state that the Board of Overseers of the Public Welfare has instructed all workers to be most careful not to use any material that is to the detriment of a client, without careful factual consideration.

However, it is very important that we do clear all material concerning clients that we obtain for the proper conduct of the Welfare Department.

Sincerely yours,
WILLIAM G. O'HARE, Secretary.

SAYWARD STREET AS ONE-WAY STREET.

The following was received:

City of Boston,
Office of the Mayor, April 23, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of April 2, 1951, requesting that Sayward street, Ward 15, be made one way, from Columbia road to Bird street.

Hon. John B. Hynes,
Mayor of Boston.
Re: Council Order Dated April 2, 1951, Requesting Sayward Street, Ward 15, Be Made One Way, from Columbia Road to Bird Street.

Dear Sir:

In reply to above Council order please be advised that at a meeting of this commission held on Thursday, April 12, 1951, it was voted to make Sayward street, Dorchester, one way, from Columbia road to Bird street.

This regulation will become effective on May 7, 1951, at which time the necessary signs will be erected.

"STOP" SIGNS ON EAST SECOND STREET.

The following was received:

City of Boston,
Office of the Mayor, April 23, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of April 9, 1951, requesting the placement of "Stop" signs on East Second street, at the intersection of I street, Ward 6.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
April 16, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

With reference to the order of the Boston City Council on April 9, 1951, requesting that a "Stop" sign be placed on East Second street, at the intersection of I street, Ward 6, I wish to report that in the opinion of our engineers the traffic volume and the accident frequency does not warrant making I street a "Stop" street at this time.

The State Department of Public Works' approval, which is required in the establishment of "Stop" streets, outlines certain requirements for an intersection to qualify.

Generally, "Stop" signs are placed at streets approaching a through way and the use of "Stop" signs in locations which are used by purely local traffic is not encouraged by safety authorities. For that reason this commission is endeavoring to cooperate with the State plan and safety officials in discouraging the location of "Stop" signs at miscellaneous intersections which are not connected with any general traffic plan of through streets or "Stop" streets.

Respectfully yours,
WM. ARTHUR REILLY, Commissioner.

Gentlemen:

I transmit herewith communication from the Commissioner of Public Works relative to your order of April 9, 1951, requesting the replacement of the sidewalk on Morton street, at the corner of Pleasant Hill avenue, going towards Washington street, Ward 17.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
April 17, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I return herewith order in City Council that the Commissioner of Public Works replace the sidewalk on Morton street, at the corner of Pleasant Hill avenue, going towards Washington street, Ward 17, and this will advise you that this work will be placed on the list of streets for the installation of granolithic sidewalks to be given consideration during the current year.

REPLACEMENT OF GAS LAMPS, WARD 7.

The following was received:

City of Boston,
Office of the Mayor, April 23, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Commissioner of Public Works relative to your order of April 9, 1951, requesting the replacement of all gas lamps in Ward 7 with modern electric lights.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
April 17, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

I am returning order that was passed in the City Council under date of April 9:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to replace all gas lamps in Ward 7 with modern electric lights."

At the present time, we are in the midst of a program which provides for the eventual elimination of all gas lamps from the streets of this city. However, for the present, the removal is being restricted to gas lamps on those streets where the Boston Edison Company has overhead facilities to provide for street illumination by means of electric lights. Before the end of the current year, we plan to have all gas lamps removed in all streets where the Edison overhead facilities are available. In connection with the carrying out of this program, we will give just as much consideration to Ward 7 as to the other 21 wards in the city.

Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

APPROPRIATION FOR SCHOOL PURPOSES.

The following was received:

City of Boston,
Office of the Mayor, April 23, 1951.
To the City Council.
Gentlemen:

Under date of April 2, 1951, I received two recommendations from the School Committee setting forth that the budget of \$22,770,053.37 which had been adopted by the committee under even date for the maintenance of the Boston public schools for the fiscal year 1951 was short by \$1,293,925.42 of the amount considered necessary by the committee to carry out the needs of the School Department for the current year. In accordance with the provisions of law governing school appropriations, the committee requested that I recommend to your Honorable Body the additional appropriations deemed necessary for general school purposes.

Following a survey of the School Committee requests, I have decided to limit my recommendations for additional appropriations for school purposes to the amount set forth in my message to the Council on February 5, namely, \$1,000,000, which amount was subsequently approved by your Honorable Body. This amount has been broken down in the attached appropriation order to the several divisions under which appropriations in the school budget are made. It is estimated, however, that the actual use of the additional appropriations will be as follows:

General increase for teachers and members of the supervising staff from September 1, 1951, and for all other permanent employees from June 1 if paid on a monthly basis; from June 6 if paid on a weekly basis, \$475,000.
1951 cost of \$204 increase granted teachers as of September 1, 1950, \$400,000.

Cost of additional custodians required under statutory 40-hour-work week, \$125,000.

I feel that the amounts set forth are required to permit proper operation of the school system during 1951. I, therefore, respectfully recommend adoption of the accompanying appropriation order.

Respectfully,
J. B. HYNES, Mayor.

Ordered, That the respective sums of money specified in the schedules hereinafter set out be, and hereby are, appropriated for school purposes in addition to appropriations previously voted by the School Committee; said sums to be raised by taxation on the polls and estates in the City of Boston, and that all orders heretofore or hereafter passed by the City Council relating to appropriations, taxes and the interest thereon, apply to the appropriations and taxes herein provided for.
